NOT ONE CENT FOR REPAIRS

An experienced engineer has written us as follows :

"After eighteen months of hard service, the "Robb" engines are in excellent shape, running very smooth and without a bit of vibration. Up to this time they have not cost one cent for repairs, the only expense being steam, oil and packing, and this below the average. Perfect alignment, parts well machined and good design make the "Robb" the most economical and labor saving engine that has ever come to my notice."

NOT A THOROUGHFARE HEATER

The Webster Feed Water Heater and Purifier

Is not a thoroughfare heater. It uses only just enough steam to heat the feed water to the boiling point, without any back pressure on the engines.

If you contemplate installing a feed water heater it will pay you to have a copy of our latest catalogue. Ask for Heater Catalogue 2-B.
