

# A Very Serious Matter

It is the only reliable  
method of  
prevention of  
the most serious  
disease

"The employment of this most reliable remedy is recommended by its frequent lack of power—a fault which is largely remedied after its preparation. The drug is prepared by Parke, Davis & Co. has proved efficacious in the author's hands for a number of years. The physician should always require their preparation known by him to be made by personal visit before recommending the drug in a given case."

Every parcel of our Fluid Extract Ginseng Indian is subjected to scientific physiological test and is adjusted to our established standard of quality.
