EDITOR HOMOËPATHIC MESSENGER,
Mail Building,
Toronto.

The object of the MESSENGER is to make more generally known the advantages of Grace Hospital, to give from time to time some account of the work of that Institution, together with other items of information of use and interest to every household, and to encourage a wider interest in the Science of Homœopathy.

During the brief lifetime of the HOMOËPATHIC MESSENGER, it has been the desire to forward the advantages of Homœopathy, and to still further that object the Editor would invite any friends who may feel so disposed to contribute from time to time such articles as may be conducive to the welfare of Grace Hospital and Homœopathy.

Everything in nature indulges in amusement. The lightning plays, the wind whistles, the thunder rolls, the snow flies, the waves leap, and the fields smile. Even the birds shoot and the rivers run.
