BIVALVULAR.

TT was a maxim of Euripides either to keep silence or to speak something better than silence. Whether this maxim is worthy of imitation or not must be decided by a discriminating public. There is, however, one important truth which demands a word, and that is, there is no one article of food more universally palatable than the opater, and yet, even in the present day, very few really know what a good syster is, or where the best can be obtained. The best judges aftirm that in no other place in the city can as good an article be found, as at

THE AMERICAN OYSTER COMPANT'S DEPOT,

No. 17, PLACE D'ARMES.

In view of this indisputable fact J. B. BUSS. (who has been connected with the business for the last 15 years) is determined that everybody shall understand where the luxury may be found. To every lover of the BIVALVE he would say

BUY NONE BUT

J. B. BUSS' OYSTERS.

They are put up in the neatest possible manner, and delivered to any part of the city, and furnished either in cans, kees, bulk, or in the shell.

By leaving your orders at 17. Place p'Armes you will be sure to get the best Oysters in the city.
