Churning Done in One Minute.

I have tried the Lightning Churn, you recently described in your paper, and it is certainly a wonder. I can churn in less than one minute, and the butter is elegant, and you get considerably more butter than when you use a common churn. I took the agency for the churn here, and every butter maker that sees it buys one. I have sold three dozen, and they give the best of satisfaction. I know I can sell 100 in this township, as they churn so quickly, make so much more butter than common churns, and are so cheap. Some one in every township can make two or three hundred dollars selling these churns. By addressing J. F. Casey & Co., St. Louis, you can get circulars and full information so you can make big money right at home. I have made \$80 in the past two weeks, and I have never sold anything in my life before.
