Court-of-queen's bench:

(Continued from first page.) 17, 11, 15, FRIDAY, October 18. The Court opened at 10a m., His Hone Justice RAMSAY presiding. .QUASHED.

In the case of Henry MoVittie, in .. which application had been made to quash an indict-ment for perjury, the learned judge agreed to the request.

THE ORANGE LEADERS.

The same counsel as before were present. Mr. CARTES—I am requested by my clients to say to the Court that their object has been attained, namely, to get an annun-ciation of the case from the bench. My clients have not desired, in any way,

TO PERSECUTE THE DEFENDANTS, but simply to obtain, as I have said, a de-

cision in a court of law. Justice RAMBAY-I may remark that the decision of the Court in this question is the only one possible under the circumstances. It is perfectly impossible to arrive at any other conclusion, for the reason that no evidence could be brought against the defendants, the witnesses summoned refusing to answer any questions that might have been

conclusive, for fear of criminating themselves. The persons belonging to this society will

now know, however, that if they repeat the offence with which they are now charged they must take the consequences in the Courts of Lay. Mr. Carra stated that he had observed in the Herald of this morning a leading article referring to the Orangemen, in which it was

stated that the Orangemen had been

VINDICATED. It was only right to say that such was not the case. His Honor had expounded the law in such a manner as to leave no doubt upon the

subject. The Orange body was an illegal Society, and as such had rendered themselves AMENABLE TO THE LAW.

He was perfectly satisfied, and his clients were perfectly satisfied with the result of the trial, and he was ready to apply for a nolle prosequi, and not press the charges against the other defendants.

Mr. DOUTRE-Your Honor, if the prosecution are satisfied, so are the others. (A laugh.)

His Hoxor said a jury ought to be empanelled for the purpose of finally acquitting the defendants.

The previous jury was accordingly empanelled. A Juror-Your Honor, I hope it is in order for me to say a few words at the present mo-

His Honor assented. The Juror-My attention has been drawn

to an article in the Evening Post, in which it is asserted that the JURY ROSE "EXCITEDLY."

There was also another article to the effect

THE JUROES WERE GRANGEMEN. and had resigned their position in the Order the day before in order that they might serve in the jury. Now, in justice to himself, he was compelled to allude to the subject. He, for his part, was not an Orangeman; had

never been initiated at all. The remark, therefore, could not apply to him.

His Hoxon-Well, is the paper here? A copy of the Post was here handed up to His Honor, and the paragraphs referred to marked out and read by him.

The Juryman-I want to clear myself before the public. His Hoxon said that, for his part, he had not read the articles referred to before. If he were to advise the jury, he would tell them to take no notice of such garbage. The

case had been tried before AN INTELLIGENT JURY,

and the defendants had been found not guilty. They had performed their duty in the face of day, and before a large audience, and such things were not worth noticing. He would, however, hand the paper to Mr. Carter

The copy of the Post produced was accord-

ingly handed to the learned counsel. Mr. CARTER-I have not seen this paper previously, your Honor, and I am not prepared to take any action in the matter. The case has been decided by your Honor, in company with your learned colleagues, and we are perfeetly satisfied with the result.

His Hoxon-We should simply laugh at it. The jury then formally acquitted the defendants, one by one, no further evidence being taken.

Mothers, during your child's second summer, you will find MRS. WINSLOW'S SOOTH-ING SYRUP an invaluable friend. It cures

dysentery and diarrhea, regulates the sto-mach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. In almost every instance, where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the Soothing Syrup has been administered. Do not fail to procure it.

Brown's Household Panacea and Family Liniment, which has wrought such wonders is a purely vegetable preparation. It cures Cramp in the limbs and stomach, Rheumatism, Dysentery, Toothache, Sore Throat, Bilious Colic, Cholera, Colds, Burns, Chapped Hands, and all kindred maladies.

For Liver complaint use Dr. Harvey's grades; raw nominal.

City Retail Markets.

City Retail Markets.

A large attendance of market gardeners and farmers were present at our city retail markets to-day. The farmers living any distance from the city were unable to bring very heavy loads with them owing to the condition of the roads from the late rain.

POULTRY—The demand in this line was small, and prices are somewhat increased. Young geese, 80c to Sl.15 per pair; small turkeys, \$1 to \$1.25 do; fat do, 80c to \$1 each; spring chickens, 35c to 60c do; wild pigeons, \$1 to 1.35 per dozen; black duck, 35c to 50c per pair; live chickens, 40c to 50c do.

GRAIN.—Prices remain firm and business inactive. Flour, \$2.55 to 2.50 per bag; oats, 75c to 80c do; peas, 80c do; Indian meal, \$1.20 do; bran, 80c do; corn, 50c to 52c do; buckwheat, 50c do; moulie, \$1.20 do; grue, 80c to 90c do.

FRUIT.—The market is completely gutted here, as well as the British markets, with apples, and prices are very low. Fall apples sell from \$1.50 to \$2 per barrel; winter do, at \$2 to \$2.50 per barrel; Montreal fameuse, \$3.50 per barrel. Grapes are very abundant at 7c per pound; Malaga do, at \$7 per keg. Pears are out of season for the present. Leinons are becoming a little more plentiful, and sell for \$7 a box or \$12 per case.

VECETABLES.—The polatoes offered at the

son for the free first and sell for \$7 a box or \$12 per case.

VECETABLES.—The pointoes offered at the markets to-day were of a very inferior quality, and sold at from 75c to 80c per bag. Onions were very abundant, and brought 30 cents per bushel. Tomatoes were rather scarce to-day, and sold at 40 cents per bushel. Cauliflowers, 80c to \$1 per dozen. Carrots, 40 cents per bushel. Celery brought from 35 to 40 cents per dozen bunches. Turnips, \$1 per barrel. Beets, 25c to 30c per dozen.

Butter was very plentiful, and the quality was not as good as might have been for this season of the year. Common butter, in tubs, sold at from 10 jc to 15c per pound. Choice fresh prints, 17c to 25c per pound.

TRADE REVIEW.

The wholesale business has been quite satisfactory this last week, there being an increased movement in leather, groceries, hardware and liquors, and a general better feeling prevailing. The dry goods and boot and shoe trades are quiet at present, the bulk of the fall business having been completed.

On the Corn Exchange, business continues slow, and prices all around are inclined to weakness.

The dry goods trade is very quiet at present, and the fall trade is drawing to a close; very few buyers have visited the city this week, and owing to the continued mild weather, the city trade is slow. Travellers are now out on the sorting trip, but have not been very successful as yet, the first purchases by retailers being still on the shelves. When colder wenther sets in, it is expected that more activity will be infused into business. Hat and cap houses are still filling and shipping orders, and will send travellers to the Lower

Provinces next week. In the leather market business is fair for all staple goods, the city trade is steady though inactive, purchases being confined to small lots for immediate wants. The demand from the country is active as is usual at this

season; prices remain firm and unchanged. The boot and shoe trade is somewhat quiet, the bulk of fall trade having been completed. A number of sorting orders are, however, coming in, and manufacturers are still fairly well

employed. In general, hardware business is quiet, but mirly good for the season and prices about steady, although in some lines a good buyer is favored. The past few days have developed more activity in the pig iron market than for some time back. There is a feeling now among consumers that there is no time to lose, and enquiries for prices, at last, are numerous. It may be that there are more enquiries than orders, but we cannot think this is the case to any great extent. We do not alter the prices, meantime, although the

tendency seems upwards. In the liquor market trade has been brisker. The "Artemis," with a cargo of De Kuyper gin, has arrived this week, but as the supply is much smaller than usual, prices have advanced, and even at the advance no parcels of any size are obtainable. Brandies, more particularly in wood, are scarce, and as the quantity to arrive per "Lake Simcoe," now due, is small, prices for well-known brands are fully maintained. Transactions have been numerous, but in the face of a firm market for all classes of goods, sales have been confined to

small lots. The movement in the grocery market has been more active this week, a larger number of orders being received from the country. The city jobbing trade is still quiet, and does not promise any early improvements.

TEA.—We hear of no sales of importance in the city, but from the country a fair number of orders are being received. Prices continue about the same, although good medium Japan about 28c to 35c is held more firmly. Common Young Hyson is selling fairly well at 24c to 28c, and good medium Hyson at 36c to 40c. The better grades of black ranging from 55c to 70c, are also selling well in a retail way. Medium and low grade blacks are

neglected. Coffee.-Prices unchanged. Java is meeting with a moderately steady enquiry, and several sales have been made at 271c to 28c. Mocha has sold at 29c to 30c; some very superior Mocha is now offering at 26c. Common grades of coffee are almost unsaleable.

Scgan-Was firm during the early part of the week, but during the past two days the advance has been lost. Extra "C" would be shadel to 81c for a round lot. The demand for American refined is fair, but Scotch is dull. The stock here is moderate, and holders not pressing business. The Glasgow market has dropped about 3d per cwt. on the better

FBUIT.—The stock of new Muscatel is light,

which are offered now, at \$1.60, to \$1.65. Muscatel and London Layers quiet. Valenciasi
of which there is a large stock here, are selling places: ing freely at the present low prices. New Sultanas are selling at 8c, and old at 41c to Arpin E. 51c. The stock of old fruit, except old Sul-Burnben tanas, is small, and difficult to move. New soft shelled Almonds and Filberts have advanced in the pilmary markets on account of a short crop. Old Currants dull at 3c to 4c; new Currents are offered at 41c to 51c. No new Figs or Prunes yet here.

Spices.—In this line of business there is no material change; pepper, cloves and cassia, have a firmer tone, although prices have not been advanced.

SALT.—Trade is vory dull, but firmly held. MOLASSES AND SYRUP .- Are meeting with a much better demand from the country at unchanged prices.

Fish.—A good demand prevails for Labrador herrings for the Western States, at \$5 to \$5.25; other fish dull.

Provisions—Butter—Receipts, 41,733 pkgs; shipments, 8,623 pkgs. Market showes little or no change; fair demand continues for good to fine qualities at 14c to 16c, with 1 to 1c more for selections; lower grades dull. Cheese—Receipts, 13,443 boxes; shipments, 14,426 boxes. Cheese market is somewhat slower; quotations for August 8c to 81c, and for September 9c to 9lc. Country markets reported dull. At ingersoll on Tuesday some 2,500 boxes were represented. Small sales, August, at 82c, and some factories sold, August and balance of the season at 10c. Pork, receipts, 150 barrels; shipments, 472 barrels; quiet and lower. New Mess Pork in round lots at \$12 to \$12.25. Lard, pails, selling at 9c to 9]c.

FREIGHTS .-- Ocean tonnage has been in fair demand during the week, with engagements by steamers for Liverpool at from 5s to 5s 3d; and for Glasgow at 4s to 4s 6d per 480 lbs for grain, the market closing quiet. For orders to U. K., rates are about 6s to 6s 6d for grain, 6d off for direct ports. Steamer rates to Liverpool and Glasgow for butter and cheese at 37s 6d. Ashes 25s.

London Markets.

LONDON, Oct. 22.—Floating cargoes—Wheat turn dearer; the demand for the continent, continues. Corn turn dearer. Cargoes on pass-age—Wheat and corn slightly better Arrivals off coast small. Liverpool spot wheat firm; corn

THE CELEBRATED CHAMPION"

THRASHING MACHINE. Improved for 1878.

DRIVEN BY HORSE OR STEAM POWER

OVER 3000 IN USE IN CANADA WE ARE NOW PREPARED TO DELIVER, ON RECEIPT OF SATISFACTORY orders, our Celebrated Mail Champion Through the Property of Satisfactory

orders, our Celebrated Hall Champion Thrashing Machine, to be driven by Horse or Steam Power. These machines have been without a rival for the past FIFTY YEARS. Nearly all the other Thrashing Machines are imitations of the Hall Machines, and have failed to give entire satisfaction. The Hall Machine has been THE STANDARD THRASHING MACHINE!

In the United States and Canada ever since introduced by the late JOSEPH HALL in 1828. The Hall Champion Thrashing Machine has been gradually and carefully improved each year as experience proved wise and desirable. No changes have been hastily made and called improvements. The greatest possible care has been exercised in the construction of all the working parts of the machine so as to save the necessity of repair and prevent annoying delays which are caused by breakages. Nothing but the very best of material has been used throughout the machine, and the workmanship is unsurpassed. Our machines are supplied with our

Worth three times as much as the ordinary teeth. WE CAN SUPPLY PITTS, PLANET, OR HALL HORSE POWERS!

-Eight or ten horse-either DOWN OR MOUNTED ON TRUCKS, as Customers may desire. Also, Trucks built specially for Separators, with broad tires. We are building a special machine for STEAM THRESHING—with 38-inch cylinder and 42-inch grain belt, and we also supply a Steam Engine which we guarantee to drive our Thresher in a first-class manner as rapidly as it can possibly be fed. Our Engine is made from the most improved model used throughout the United States, and gives universal satisfaction. It is simple in construction, easily and perfectly governed, and not liable to accidents or to get out of order, and all danger from sparks entirely removed.
