## Mercantile Summary.

A SALE of American robes took place the day previous, which also turned out unsatisfactory. At THE HUDSON BAY Company sales in Montreal on Wednesday last, the finest qualities sold as high as \$19, but many of the skins of inferior quality were withdrawn because the prices were not satisfactory.

The closing of a number of the Cape Breton collieries threatens many of the miners with destitution and as work will not probably be resumed until Spring there will undoubtedly be a great deal of suffering during the winter. Appeals in all probability will be made to the Government for aid. The failure of the fisheries in many parts will also add to the general want.

The reserves of the marine insurance companies of Halifax have been called upon pretty heavily of late. Halifax has five solvent marine underwriting associations, and all the shipowning ports of Nova Scotia have their one or more companies. Many of these companies pay high dividends, others barely hold their own, but as the proprietary are either shipowners or shippers, it is out of one pocket into the other all the time.

At an adjourned meeting of the creditors of Messrs. Moffat Bros. & Co. held on Wednesday an offer of twenty-five cents cash in the dollar was made in the interest of the insolvents by Mr. John Bacon of this city. The offer was made in a very non-committal manner and was, in substance, little more than a request that the creditors should wait the conclusion of his arrangements for raising the amount. The Inspectors, considering that the offer was altogether unsatisfactory, have advertised for tenders for the stock.
