JOHN PARK begs to call the attention of the trade to the Whiskies manufactured at the above establishment, which for strength, parity, and dayor are unequalled by anything made in this country. They are well known and in great demand throughout the whole of Canuda, being shipped in large quantites to Liverpool, and Lon-don, England, where they are much approved.

Grocers, Wine Merchants and Dealers generally, should lose no time in giving them a trial. There are many instances of storekeepers doubling their sale in a very short time by introducing these celebrated whiskles.
