The absence of one of the hands in the press room caused some confusion in the printing office, which may account for two absurd blunders which appeared in our ner of the Cross, and the extract was to have followed our first editorial, but it got misplaced; and in order to make sense of the last sentence, the word it was inserted ofter commending. And an extract from the London Guardian referred to under the heading Convocation, got into the next page under the heading European News.

We have received from Mr. McClear a book entitled "Off-hand Takings and Crayon Sketches of the Noticeable Men of our Age:" De Witt and Davenport, publishers, New York. It is embellished with twenty steel engravings, is well got up, and we can fancy that the likenesses are truthful.

THE ALLEGED SLAVE PIRACY. . The telegraphic despatches from Philadelphia

Published in the Commercial yesterday, reported the committal of Captain Donald, of the brig Grey Eagle, for trial at the next term of the United States Circuit Court, on the charge of slave piracy. The Philadelphia Bulletin of last evening of the examination :-U. S. COMMISSIONERS' OFFICE.-Before Com-

missioner C. F. Heazlitt .- This morning, at 8 o'clock, Captain Donald, of the brig Grey Eagle, who is charged with landing six hundred negroes upon the Island of Cuba recently, had a further hearing before the Commissioner. Three of the crew of the brig, two l'ortuguese and one Freuchman, were examined. These witnesses were ob tained in New York under the following circumstances: -U. S. Marshal Wynkoop heard that a part of the crew were in New York. He despatched U. S. deputy Jenkins to that city to snot the various sailor boarding houses. Jenkins, as-sisted by a New York United States officer named De Angelis, soon discovered the three men above mentioned. Jenkins telegraphed this fact to Marshal Wynkoop, who sent on Deputy Marshal Crossin, with directions to arrest all three, and bring them on to Philadelphia. They were arrested and brought to Philadelphia last night. Their testimony was heard this morning.

The names of the witnesses are Joseph Town,

the boy, whose testimony has already been given to the public: Thomas Lynch, a Frenchman, and Charles Brown, a Portuguese. There was a second Portuguese whose testimony was not thought requisite to be taken. They had all adopted American names. Their testimony in every particular corroborated that given by the were shipped in New York in March last, to go t St. Thomas and other ports. The shipping arti-cles were produced, which contained the names of the sailors and the destination of the vessel After they had been out about 25 days, the crew were informed by the defendant that they were going to the coast of Africa for a load of negroes. The crew, up to that time, were not aware of the destination of the vessel and did not then object,

They landed first at Cape Palmas, and proceed el thence to Cajuda, about four days' sail, and there took in the load of slaves—600 and odd in number; there was about 250 women, and 50 children : the Spanish captain seemed to have the Irineiral command after the slaves were taken on ard, but the vessel was jointly navigated by leth captains. There has been some talk of offering the crown of Spain to the young King of Portugal, and the project is likely to be very popular, from the long-cherished desire to see the two countries united under one Monarchy. As to a republic, such a thing is impossible. It is observed that in the later proclamation there has been no men-tion of the Queen, and were she out of Madrid there can be little doubt that the scheme for uniting Spain and Portugal would be more proinently brought forward.

To Panorason Holloway.—Sir.—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Unitment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical curn of my leg and restored me to the enjoyment of health. I shall as a speak with the utmost conductor of your melinines, and have recommended them to others in this neighbourhood similarly affected, who derived equal benefit.

I am, Sir, your obliged and faithful servant.

The second year of this Institution having closed with the annual examinations and distribu tion of prizes in a most intisfactory manner, Mus. Pourran, in order to increase the advanages offered in her school, has sent to England for teachers in several departments of education. She has succeeded in proving that a sound English classical education (which is of the highest importance), combined with accomplishments of every kind, can be obtained at a very moderate rate, and she is determined to employ only teachers of acknowledged ability. The FINISHING CLASS IS under MRS. POLT-

The studies for this class combine a knowledge of our standard works in Poetry and Prose, with Essays on given subjects, and Extracts from different sutbors, to improve the style in writing. More time is also devoted to complete the education in foreign languages. Mag. PORTTER feels grateful to the parents of her pupils for their kind expressions of satis-taction at the progress of their children, and bega-

to more them that to effort shall be wanting or her part to maure their improvement.

The School will 1s open on Monday, the 4th of September next.
Persons wishing for further information are requested to apply (it by letter post-paid) to MRS. POETTER.
