WYKEHAM INSTITUTE! FOR GIRLS.

A well known New York correspondent writes:—Bergen Point N. Y., eight miles from this city, is a particularly happy location for a girl's school. It is a modern built suburb of nice, modest houses and families, without social extremes; graded, drained, flagged and gas-lighted; and while the best masters and other advantages of the American metropolis are available, there are no attractions for dust or rowdy visitors from the city, and no institutions for boys or young men.

Peninsular, begirt with the beautiful waters of New York and Newark Bays, and with the Killvon Kull and the woody heights of Staten Island in front, it proves to be absolutely protected from malarious influence, while its exposure to the South Sea breeze decidedly softens its climate.

Wykeham Institute is worthy of this favored spot, and deserves a wider reputation. Its lady founder and principal, Mrs. W. Townsend Ford, being by position free from the motive of necessity, still pursues her profession of 27 years past, as a Christian woman's mission. The best possible testimonials are the attachment of her pupils and the long term of years they remain under her watchful care. Her vernacular is French, the Germain is equally familiar, and the English could not be more natural to a native of this country; so that all three languages are acquired and spoken in equal perfection in her family. At the same time, solidity in the foundations of education is the specialty, extending even down to the "hard pan" of cooking, housewifery and sewing. The space given to study and recitation rooms, is unusually liberal and well appointed, and the recreation, in doors and out, is well provided for.
