

- (iii) all subsequent generations of material and nuclear material used, produced, processed, reprocessed, enriched, fabricated or converted from, by, in or with the use of any of the above-mentioned material or nuclear material
which are under the control or within the jurisdiction of the other Party.
- (c) to notify the International Atomic Energy Agency of the action it has taken, and
- (d) to disclose publicly its action under (a), (b) and (c).

ARTICLE VI

Notwithstanding Article V, if both Parties agree, safeguards may be terminated with respect to material or nuclear material which is to be used in non-nuclear activities.

ARTICLE VII

For the purpose of this Agreement,

- (a) "Equipment" means any item referred to in paragraph (A) of Annexe A to this Agreement. Annex A may be amended from time to time with the agreement of both Parties;
- (b) "Facility" means any plant, building, or structure containing or incorporating equipment, material or nuclear material, or otherwise particularly suited or used for atomic energy activities, or for the application of atomic energy;
- (c) "Material" means any item referred to in paragraph (B) of Annex A to this Agreement. Annex A may be amended from time to time with the agreement of both Parties;
- (d) "Nuclear material" means any source material or any special fissionable material as these terms are defined in Article XX of the Statute of the International Atomic Energy Agency which is attached as Annex B. Any determination by the Board of Governors of the International Atomic Energy Agency under Article XX of the Agency's Statute which amends the list of materials considered to be "source material" or "special fissionable material" shall only have effect under this Agreement when both Parties to this Agreement have informed each other in writing that they accept that amendment;
- (e) "Governmental enterprises" means such enterprises under the jurisdiction of either Party as either Party designates in writing;
- (f) "Persons" means individuals, firms, corporations, companies, partnerships, associations and other entities private or governmental and their respective agents and local representatives; but the term "persons" shall not include "governmental enterprises" as defined in paragraph (e) of this Article; and
- (g) "Information" means technical data in material form including but not limited to: technical drawings, photographic negatives and prints, recordings, design data, and technical and operating manuals that can be used in the design, production, operation or testing of equipment, facilities, nuclear material or material except data available to the public, i.e., in published books and periodicals.
