MANPOWER

USE OF INFORMATION CANADA TO ADVISE ON EMPLOYMENT OPPORTUNITIES—MOTION UNDER S.O. 43

Mr. Léonel Beaudoin (Richmond): Mr. Speaker, pursuant to the terms of Standing Order 43, I request unanimous consent of the House to discuss immediately a matter of great importance and urgency.

As the federal government has just announced additional expenditures of several million dollars to ensure greater mobility to the Canadian labour force because of the present imbalance between the number of workers looking for work in some parts of the country and the number of jobs available in others and as the present situation helps maintain a high level of unemployment, while slowing down the economy because of the lack of a shortage of manpower in certain industries, I move, seconded by the hon. member for Rimouski (Mr. Allard):

Members' Dress

That the House of Commons be allowed to discuss immediately the urgent need for a greater use of the staff already working for Information Canada with a view to better informing Canadians in search of work about the various job opportunities across the country, by giving them all the information pertaining to such things as job conditions, geographic and social data, moving facilities, etc., in order to achieve better balance between demand and offer in that sector.

Mr. Speaker: Under Standing Order 43, that motion requires unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Yes.

Some hon. Members: No.
