My dear President,

I was indeed sorry to miss you on the occasion of the McGill-Western games. My son has been very ill in Hospital for many weeks and I usually tried to slip away so as to spend the weekends with him.

On all sides I hear good words for the Western team, and that the last game here was particularly good sport. I am so sorry that I missed it.

With kindest regards, and hoping that our paths may soon meet so that I may have the pleasure of getting to know you personally,

Very sincerely yours,

Dr. W. Sherwood Fox, President
