

TO THE ELECTORS OF
YORK AND SIMCOE.

GENTLEMEN,

YOU have most of you no doubt heard the scandalous and false report raised by one Timothy Millard of Newmarket, and Uncle Joe Shepard as we call him in our neighbourhood; to injure Mr. Playter's interest among his friends, to contradict from undoubted authority that report is my intention, and to do so effectually, will briefly state that some of Mr. Thompson's friends have since acknowledged it was all an *electioneering* trick to forward their views. What better could you expect from such men as Millard and Shepard—men notorious for their hypocrisy—but they have missed their aim. Thompson's friends are indignant at hearing he promised *their* votes to ROE, whom they know to be one of the most insignificant and dishonest men in the Province—did he not, Gentlemen, pay his Montreal creditors 6s. 8d. in the pound declaring solemnly it was every farthing he possessed—and afterwards boast of having played them a Yankee trick, for that he had at the time \$ 2000 in his pocket—he did all this gentlemen and it is known to be only *one*, of many Acts equally dishonorable.

Baldwin and Boulton have or will probably withdraw to-day, but you have yet two honest and upright men, Thompson and Playter—send them, and you may yet do well.
