EXTENSIVE STOCK OF SUPERIOR LEATHERS,

**ALL OF CANADIAN MANUFACTURE,
YET BETTER AND CHEAPER THAN IMPORTED.**

SPANISH AND SLAUGHTER SOLE LEATHER,

CITY SLAUGHTER "KIPS,"

CITY SLAUGHTER "VEALS."

Having devoted particular attention to the Manufacture of FINE KIPS, they are now the most extensive makers of that important article in Canada, and are enabled to offer a quality that has no superior; which, while it is cheaper and as mellow, gives better wear, and is more impervious to water than Calfskin or any other description of Uppers; and which is already attested by—that best of all criterions—the large and increasing demands from all parts of Eastern and Western Canada.

The following classification, by which orders can be as correctly and promptly executed by letter as personally:—

City Slaughter London Veal, selected, whole skins, say 3 lb. to 6 lb.

City Slaughter Kips, No. 1, selected, Whole Skins, say 5 to 8 lb.

City Slaughter Kips, Heavy, No. 1, selected, whole skins, say 7 to 12 lb.

City Slaughter Kips, No. 2, assorted weights.

N. B.—J. & J. M. are prepared to make arrangements to buy HIDES.
