DEPUTY ATTORNEY- GENERAL DEAD

J. R. Cartwright Rendered
Long and Faithful Service
to Province.

John Robinson Cartwright, K.C.,
deputy attorney-general for Ontario,
died at his residence, 32 Prince Ar-
thur avenue, yesterday morning. He
had been in failing health for some
time, but up to early in August was
able to attend to his duties. He then
went for his summer holiday at
Brimleyville, where his condition be-
came more serious and he has not
since been to his office at the par-
liament buildings.

Besides his widow, three children
survive, one son, E. A. Cartwright,
high river, Alberta, and two daugh-
ters, Miss Mabel of St. Hilda's Col-
lege, and Miss Winnifred, at home.
Another son, Rev. Stephen Cartwright,
spent ten years as a mission priest
in Japan and Korea, where he died
a few years ago.

Mr. Cartwright was born at King-
ston on February 28, 1842, and was
the third son of the late John S. Cart-
wright, Q.C., M.L.A. He was educated
at at Rugby and Oxford Universities,
obtaining his degree of Bachelor of
Arts at the latter institution in 1866.
He married Miss Emily Boulton,
daughter of the late Lieut.-Col. D'Arcy
Boulton, of Cobourg, in June, 1868,
and was called to the bar of Ontario
in 1871. He became a King's Coun-
sellor in 1890.

Mr. Cartwright was in the public
service for over forty years, having
been a clerk of the process at Os-
borne Hall from 1878, and deputy at-
torney-general of the province since
1890. He also served as one of the
secretaries on the revision of the pro-
vincial statutes in 1885. He was an
Anglican in religion, and a delegate
to the synod.

Attorney-General's Tribute.
Hon. I. B. Lucas, attorney-general,
paid the following tribute to his late
deputy: "I and the whole staff of
this department experience a keen
sense of personal loss in the death of
Mr. Cartwright, and I am sure the
same is shared by my colleagues of
the government. His life and char-
acter cannot have failed to prove an
inspiration and example to those
about him. For soundness of judg-
ment, grasp of legal principles and
general scholarship he had few
equals. The province of Ontario has
lost a most valued public servant and
the government a most conscientious
and single-minded counsellor. A
Christian gentleman of high charac-
ter has passed away."

WOUNDED IN HOSPITAL

IN NEED OF COMFORTS

With 2,619 men in the military hos-
pitals of Toronto it is easy to imagine
that there are many wants to be filled
which only the women of Toronto can
properly serve. The number quoted
is that given by Mr. Moneybags
when he addressed the members of the
Military Service Committee at their
recent reorganization meeting. Yes-
terday a call at the department of
soldiers' comforts, 71 West King
street, emphasized the fact that there
are many hospitals in the district at-
tended from this centre in addition to
those in Toronto and that there are
many articles which are an ever-
pressing necessity besides emergency
calls innumerable.

Among the things mentioned were
personal property bags, wash cloths,
shaving soap and brushes, hot water
bottle covers, gauze handkerchiefs,
playing cards, needles. With the long
winter evenings in view the following
needs seem very appealing: gram-
phones and records, magazines, bound
books containing interesting stories
and other good reading matter. Dur-
ing the war Toronto women spared
neither themselves nor their means to
send comforts overseas. The war is
over but its dire results are with us
still, the men in the hospitals being
those who bore the brunt overseas
and continue to bear them at home.
Women coming back from vacation
in many cases need only a reminder to
get to work anew to help the soldiers.
Societies, too, get a suggestion in a
statement from Mrs. Van Koughnet,
the tireless superintendent of soldiers'
comforts that nothing is more
appreciated than a tricycle chair.
These are given to the men who
will never walk again. The cost is
\$100 but a little effort will secure that
amount and the comfort to the wound-
ed hero will more than repay the ef-
fort.

FIREMEN TRANSFERRED.

Capt. R. Scholes has been trans-
ferred from lower Ossington avenue
station to Ford street hose station.
Capt. J. A. McQueen, over ten years
service at Ford street, has been
changed to Ossington avenue station.

CUT THIS OUT.

OLD ENGLISH RECIPE FOR CAT-
TARRH, CATARRH, CATARRH,
AND HEAD NOISES.

If you know of some one who is
troubled with Catarrh of the Head,
nose or ordinary catarrh out of this
formula and hand it to them and you
may have been the means of saving some
poor sufferer perhaps from total deaf-
ness. In England scientific for a long
time past have recognized that catarrh is
a constitutional disease, and necessarily
requires constitutional treatment. It is
sprayed, inhaled and nose douches are
able to relieve the delicate air passages
and force the disease into the lungs,
where it frequently means total deaf-
ness or else the disease may be driven
down the air passages through the lungs,
which is equally as dangerous. The follow-
ing damp English climate is a constitu-
tional treatment and should prove espe-
cially efficacious to sufferers where
live under more favorable climate con-
ditions.

Secure from your druggist 1 ounce of
Parment (Double strength). Take this
home and add to it a pint of hot water
and a little gristle and mix the sum of 150
which they are giving to the Home
for Incurable Children. The little
workers were Margaret Roper, Helen
O'Hara, Lottie Fielding, Helen Ferguson,
on, and Margaret Burton.

MOUNT PLEASANT PLANS.

The engineer of the railway and mun-
icipalities has been asked to submit a
plan for the proposed Mount Pleasant car line,
and he is likely to report on them be-
fore the end of the week.

COUNCIL TO DECIDE CIVIC SALARIES

Special Meeting Today—Also
to Consider Issue of Loan
Debentures.

The main subject that will come up
at today's special council meeting are
civic employes' salaries and the Ros-
edale athletic stadium. The board of
control favored the adoption of the
report of the finance commissioner,
which recommends that a special al-
lowance at the rate of \$130 per an-
num, solely in recognition of the high
cost of living, and so to be designated
in the pay sheets, be made to all civic
employees receiving an annual wage of
less than \$3,500 (such annual wage,
with the additional allowance, not to
exceed in any case the amount of
\$3,500), to be payable weekly or fort-
nightly, as present wages are paid,
and to commence from September 1,
1919, and continue until August 31,
1920. In the case of juniors, however,
it is suggested that they should re-
ceive one-half of the allowance pro-
posed.

Inasmuch as those constituting the
police force, and those engaged at the
civic street railway, have already
been specially remunerated, the sug-
gested allowance would not, of course,
apply to them.

It is estimated that there are 8,571
employees who would, under the fore-
going conditions, participate in the
allowance recommended, and the
amount therefore involved in the
payment of the same, for the balance
of this year, would be \$154,743, or
\$464,230 for the whole year.

Rosedale Stadium.
The board recommended that the prop-
erty in Rosedale purchased by the
city from the trustees of the Toronto
Lacrosse and Athletic Association in
1917 be fitted up and equipped as an
athletic stadium, the estimate of cost
as furnished by the city architect be-
ing as follows: Grand stand, \$36,000;
fence, \$12,000; grading, \$5,000; total,
\$53,000.

In order that the memory of the
recent historic visit of His Royal
Highness the Prince of Wales may be
preserved, it is recommended that the
Bloor street viaduct be called the
Prince Edward viaduct, in honor of
the Prince of Wales.

It may be stated, says the report,
that when the suggestion was made to
his royal highness by his worship the
mayor that the viaduct be named
the prince graciously consented, inti-
mating at the same time that he
would consider himself highly honor-
ed thereby.

Authority is asked to introduce a
bylaw to authorize the issue of city
of Toronto general consolidated loan
debentures to the amount of \$500,000
to provide the sum of \$500,000 for the
purpose of enlarging certain public
schools and purchasing and enlarging
school sites.

BOARD OF CONTROL FAVOR MEETING

Allow Gratuity League to
Use Arena on Formal
Application.

At a board of control meeting yester-
day, at which the mayor and Controllers
Maguire and Cameron were present, it
was decided that if the mayor received
a proper petition, under the statute,
be authorized to call the meeting in the
arena which the soldiers propose to hold
on the gratuity question.

"I am in sympathy," said the mayor,
"with the movement to request the gov-
ernment to do something for the sol-
diers by way of gratuities, and feel that
the people of Canada would bear will-
ingly their share of a fair additional
grant."

"Parliament should have proper time
to consider the whole question at the
present session, as it is a big question,
and I am in sympathy with the soldiers.
I know that they are anxious to get a
decision, and are a little impatient, and
have held several meetings already. I
believe myself from what I have
been informed from Ottawa that the
House of Commons almost a unit for
taking some action in this important
matter."

I hope that the soldiers of Toronto
will obey the law and keep order, and
be united in their petitioning. While I
do not feel that any additional
meetings are necessary to impress
the gratuity question on the govern-
ment, I am bound to call the meeting on
receipt of a petition, under the act.

Several persons who came down
from Owen Sound on the Grand Trunk
on Saturday night were unable to get
their baggage on their arrival owing
to the fact that the car in which it
had been placed was shunted into the
yard without unloading. These pas-
sengers had checked all their baggage,
which included articles needed on ar-
rival.

ST. ANDREW'S HOSPITAL ORGANIZE CIRCUS

A wonderful treat is in preparation
at St. Andrew's Hospital for the pa-
tients of the institutions and other
military hospitals of the district. It
will be launched on Friday afternoon
and will continue through the even-
ing. It will take the shape of a cir-
cus—about twenty tents to be re-
quisitioned into the service—and there
will be side shows, ring acts, a band,
a concert by professionals and a
dance in the evening. The event is
for the men of the hospitals and
their friends, for whom they will
receive tickets of invitation which will
be issued by the management of the
hospital who have the affair in hand.
About 150 women, members of the
Military Service Committee of which
Mrs. Albert Brown is president, will
assist in the various booths.

Five Little Girls Collect Big Sum for Incurable Children

Thru a bazaar held at the home of
Mrs. Alfred Roper, Centre Island, five
little girls made a nice sum of \$150
which they are giving to the Home
for Incurable Children. The little
workers were Margaret Roper, Helen
O'Hara, Lottie Fielding, Helen Ferguson,
on, and Margaret Burton.

MOUNT PLEASANT PLANS.

The engineer of the railway and mun-
icipalities has been asked to submit a
plan for the proposed Mount Pleasant car line,
and he is likely to report on them be-
fore the end of the week.

Home to the City

BACK from holidays,
your first act should
be to get in touch with
The Farmers' Dairy.
—and to double your
regular milk order.

For this milk is the rich,
nourishing food that helped
your children so much in the
country to win that glowing
look of health.

It sustained them when they
were too hot and tired to eat
a proper meal. It served as a
cooling, between-meals drink.
It was a nourishing, sleep in-
ducing, bedtime beverage. At
meals it was satisfying, easily
digested.

Now is the time to protect
and maintain the good health
they have gained.

Every time The Farmers'
Dairy bottle is opened let it re-
mind you of holidays and health.

G.T.R. PASSENGERS REFUSED BAGGAGE

Car Containing Necessaries
for Night Shunted Locked
Into Yards.

Several persons who came down
from Owen Sound on the Grand Trunk
on Saturday night were unable to get
their baggage on their arrival owing
to the fact that the car in which it
had been placed was shunted into the
yard without unloading. These pas-
sengers had checked all their baggage,
which included articles needed on ar-
rival.

GAS IN THE STOMACH IS DANGEROUS

Recommend Daily Use of Magnesia
To Overcome Trouble, Caused by
Fermenting Food and Acid
Indigestion.

Gas and wind in the stomach accom-
panied by that full, bloated feel-
ing after eating, are almost certain evi-
dence of the presence of excessive hydro-
chloric acid in the stomach, creating so-
called "acid indigestion."
Acid stomachs are dangerous because
too much acid irritates the delicate lin-
ings of the stomach, creating so-
called "acid ulcers." Food ferments and sours,
creating the distressing gas which dis-
tends the stomach and hampers the
normal functions of the vital internal
organs, often affecting the heart.
It is the worst of folly to neglect such a
serious condition or to treat with ordi-
nary digestive aids, which have no
neutralizing effect on the stomach acids.
Instead get from any druggist a few
ounces of Eucated Magnesia and take
a teaspoonful in a quarter glass of water
right after eating. This will drive the
gas, wind and bloated right out of the
body, sweeten the stomach, neutralize
the excess acid and prevent its forma-
tion, and there is no sourness or pain.
Eucated Magnesia (in powder or tab-
let form—never liquid or milk) is harm-
less to the stomach, inexpensive to take
and the best form of magnesia for stom-
ach purposes. It is used by thousands
of people who enjoy their meals with-
out any fear of indigestion.

FIRE IN MACHINE SHOP.

Spontaneous combustion started a
fire yesterday morning in the six-
storey brick factory building at 578-
585 West Richmond street. The fac-
tory is occupied by the Holden-Mor-
gan Company, machinists' supplies.
The damage by fire was \$400, but no
estimate of the loss caused by water
when the sprinkler system gave way
was made.

FORMING FARMERS' CLUB IN TORONTO

Central Meeting Places Both
for Business and Social
Purposes.

Farmers, livestock men and others
have for some time felt the need of
a central meeting place in Toronto
both for business and social pur-
poses, and have finally decided upon
the organization of what will be
known as the Yeomen's Club.

This club, it was learned at parlia-
ment buildings yesterday, will be
located in a central part of the city.
It is planned to have as a notable
feature a lounge-room equipped as an
agricultural library containing all the
stud, herd and crop books obtainable,
and also a committee room to be used
for executive and other meetings.

Plans are already under way to form
a company capitalized at \$50,000 con-
sisting of 10,000 paid-up \$5 shares.
No member will be permitted to pur-
chase more than five shares. Up to
the present upwards of \$4,000 of stock
has been taken, and \$4,000 will be
taken at a very early date to locate
suitable quarters and appoint the
necessary staff.

Membership will be made up of
farmers and men with allied farming
and breeding interests, together with
officials of the departments of agri-
culture, the farming press and veter-
inary surgeons.

It is hoped that thru the club the
various interests will be brought to-
and a mutual benefit established.
The Yeomen's Club will be some-
what on the lines of the well-known
Farmers' Club in London, England.
At the latter may often be seen men
interested in stock and agriculture
from all parts of the world. They
come from the continent, from Argen-
tina, and all over the empire, and
purchasers of breeding and other stock.

WRIT FOR ALIENATION.
Geo. W. Clarendon has issued a writ
against Alfred Butcher, claiming
\$10,000 damages for alleged aliena-
tion of the whole situation.

Use it liberally—don't try to
make a pint do the duty of a
quart.

Use it in soups, sauces, pud-
dings, in creaming vegetables,
on cereals, with fresh fruit, as a
beverage—at every opportunity
use Farmers' Dairy Milk.

Because—
—it is the best balanced, most
economical, most nourishing food in
the world.

It comes from the finest farms in
Ontario. From fine cows—well-tended
and well-fed to produce the richest
milk.

And it is made safe by scientific
pasteurization in the most up-to-date
dairy in Canada.

Y. M. C. A. APPOINTS MAJOR J. W. BEATON

Major J. W. Beaton of this city has
been appointed general secretary of the
Central branch of the Y.M.C.A. at
Montreal. Major Jack Beaton is well
known in business, athletic and Y.M.
C.A. circles locally, and for a number
of years was prominently connected
with physical and boys' work at the
Broadview Y.M.C.A.

During the greater part of the war
Major Beaton was overseas in the Red
Triangle service. For a short period
only he was in England, and then went
to France, where for more than three
years he was head of the business de-
partment. He supervised in 1918 sales
amounting to over \$6,000,000. When
Major Beaton returned to Canada after
the armistice was signed, Major Bea-
ton carried on the association's work
in Germany, Belgium and France. He
recently returned to Canada, and be-
fore doing so closed out the work in
France and also in England, where he
relieved Colonel Birks.

METHODISTS SEEK MONEY AND HELP

Rev. Dr. Chown Launches
Campaign for Four Million
Dollars and Volunteers.

Rev. Dr. S. D. Chown, general su-
perintendent of the Methodist Church,
issued a call to the membership yester-
day for a great double campaign
throughout the Dominion of Canada and
Newfoundland. An enormous increase
of church workers is first to be re-
cruited and formally enrolled in the
first campaign and four million dol-
lars is to be raised for the various
Methodist church funds.

In his call to the membership Rev.
Dr. Chown said that the special ob-
jective as regards recruits is 100,000
new Sunday School scholars, 100,000
new members, 50,000 new members of
the young people's societies, 200,000
pledged intercessors, 200,000 pledged
workers, 100,000 Christian stewards,
5,000 volunteers for life service.

Rev. Dr. Chown says in relation to
the campaign to raise the efforts
put forth in this intensive campaign,
and upon the well known and increas-
ing liberality of our people.

UNIVERSITY MEMORIAL

The university war memorial com-
mittee which is raising a fund to pro-
vide a memorial and scholarship for
retired university men, has recom-
mended operations. R. A. Cassidy
has been appointed campaign director
with his offices in the west wing of
the main building.

WESTERN ASSURANCE COMPANY.

The board of directors of the West-
ern Assurance Company have ap-
pointed A. R. Pringle Canadian fire
manager in addition to his present
position as an assistant secretary, and
have appointed Major C. C. Waples
branch assistant secretary.

That the dandruff germ is responsible
for nearly all the diseases to which the
scalp is heir, as well as for baldness and
premature gray hair, is a well-known
fact. We appreciate, therefore, the im-
portance of any agent that will destroy
its power. For this reason it is a plea-
sure to give herewith the prescription
which a famous scalp specialist states
he has found, after repeated tests, will
completely destroy the dandruff germ
in from one to three applications. It
will also almost immediately stop fall-
ing hair, and it has in numerous cases
produced a new hair-growth after years
of partial baldness. This prescription
can be made up at home, or any drug-
gist will put it up for you—50c a bottle.
Bay Rum, 2 ounces; Lavender de Compose,
one-half drachm; Menthol Crystals, Mix
thoroughly, and after standing an hour
it is ready for use. Apply night and
morning, rubbing into the scalp with
the finger tips. If you wish it perfumed,
add 1 drachm of your favorite perfume.
While this preparation is a doer to
be unequalled for restoring gray hair to
its original color.

How To Kill Dandruff
So It Won't Return
By a Specialist
