

S. A. IMMIGRATION TO BE RESUMED

Laborers and Domestics to
Be Brought in
Spring.

That the Salvation Army will resume its pre-war practice of bringing personally conducted parties of immigrants from the old country to Canada in the early part of 1920, was the statement made by Col. Chas. A. Taylor to a reporter for The World yesterday. Col. Taylor is a veteran Salvation Army officer, having been in the service for 22 years, eleven of which were spent in Toronto, as chief of the officers' training college, while lately he has been in charge of a S. A. unit division in France.

Col. Taylor is at present in Toronto for the purpose of making a survey of conditions here and throughout Canada. He has already visited the eastern part of the Dominion and left last night for the west before returning to England. "We feel that Canada's first duty is to her returned men," said the colonel, "and these should be first looked after before immigration of any kind is encouraged."

Conditions have substantially changed as a result of the war, said Col. Taylor, and it will be the purpose of the army to bring out first those who have agricultural experience and those who are willing to work on the farm. "Our supply, of course, he said, will be governed solely by the absorbing power of the country. Another class of workers who would be encouraged to emigrate were the domestic

for whom he had found a great opening in Ontario at least.

Untried Experience. The army entered this work with untried experience, said Col. Taylor, who they were glad to see that the government had taken hold of the problem. He spoke of the appointment of the Council of Women, which had been formed, and said that the S. A. had felt a bit left out in the cold when the appointments were made. He was willing to co-operate with the council to the very best of his ability, however, said the colonel, and the co-operation of the two bodies was but a matter of arrangement.

Approximately 100,000 immigrants had been brought to Canada by the Salvation Army and there were thousands yet in the old country who had the utmost faith in the system used by the army, and who were quite willing to place themselves under their care. In his survey so far the colonel said he found that all the hostels and other parts of the pre-war system had been kept up and they were now only awaiting the arrival of the immigrants.

Of conditions the colonel had but little to say except that in Nova Scotia he had found that the requirements for immigrants with some capital. There were no openings of any sort in Quebec for immigrants, while the Toronto need for domestic servants was very great.

PAINTER'S SUDDEN DEATH.

Alex. Andrews, painter and decorator, 146 Emerson avenue, expired suddenly at noon yesterday while working on Lauder avenue. He was doing some contract work for Reeve Miller of York township when he was seized with a pain about the heart. He was assisted to a couch where he died in a few minutes. Mr. Andrews was married and was about 60 years of age.

HALTING ONTARIO HOUSING SCHEME

Progress Awaits Decision of
Government on Financial Problem.

The provincial housing scheme has received some little consideration by the cabinet, Premier Drury said to The World yesterday, "but it requires a good deal of attention yet." The ministers have had before them a statement prepared by A. J. Ellis, who is responsible for the administration in connection with housing, and it is understood that the document has given them much food for thought, especially as far as the financial aspect is concerned. The federal government allotted the sum of \$5,000,000 as Ontario's share of the money to be expended throughout Canada, and of this \$5,000,000 has been utilized.

It is conceded that Ontario has made better use of the opportunities offered under the scheme than any other province. Western provinces, such as Alberta and Saskatchewan, have, as a matter of fact, done nothing but set demand, and have even written to the Ontario department seeking particulars as to what has been accomplished here.

For Further Expansion. Ontario was looking for further expansion of the housing project when something happened to the Hearst government last month. It is learned, however, that the whole matter is now in abeyance, pending the decision of the Drury cabinet. It is considered unlikely that the federal authorities

will make any further advance. Something like another \$5,000,000 or \$10,000,000 will be required to keep the scheme alive. Will the Drury administration borrow the necessary money or let the project lapse?

Several Ontario towns are already clamoring to go ahead with more building, but, of course, nothing can be done in the present unsettled state of affairs.

WOMEN WANTED

Labor Department Shows Decreased Demand for Employment—Factory Girls in Demand.

The labor department of the Ontario government reports for the week ending November 15 a distinct decrease in activity in its employment bureau. With the approach of winter the labor situation is evidently becoming more settled as fewer men are looking for work and fewer employers are calling for workers. Throughout the province the number of soldiers applying during the week numbered 1,115, the number of civilians 1,868. Employers called for 8,112 men and 1,798 were placed, including 829 soldiers and 1,018 civilians.

In the women's departments the demand for women is on the increase, 542 being called for during the week with 1,710 vacancies unfilled. Houseworkers and factory workers are in great demand, including experienced girls and women in the manufacture of food, metals, paper and textiles. Because of the shortage of women, the bureau was able to place only 144 in regular employment, and 337 day workers.

A new vulcanizing outfit for automobile tires operates either with an ordinary lighting circuit or the batteries of a car, and is automatically cut off when its work is done.

NO NEED FOR TORONTO TEST

Liquor Case in Ottawa Sufficient to Prove Strength of Law.

Regarding the proposed test liquor shipment case by the Citizens' Liberty League, T. L. Carruthers, general secretary, is in receipt of a communication from E. Saunders, solicitor to the license board, as follows: "Your letter of the 18th inst., addressed to the chairman of the license board, has been handed to me. A recent occurrence at Ottawa will render unnecessary any test case here with regard to the right to import liquor into Ontario. Thirty-five cases sent from Montreal, shipped as liquor by express, were seized by the police at Ottawa a day or two ago, and an information laid against the express company under the order-in-council of Feb. 24 last for bringing liquor into Ontario. The case will come up at the Ottawa police court in a day or two, and this will constitute a test. If the express company is convicted, it will, I take it, dispose of the question you are anxious to have decided, and you can of course, if you see fit, have some other case tried at the same time. I take it, the police court at Ottawa will watch the case with interest. I understand, was shipped by Bolvin, Wilson & Co. of Montreal to a company in Ontario, near Hull, via Ontario. Under these circumstances, I am unable to advise the board to give the consent asked for, as the question will be disposed of by the proceedings above referred to. The defendant in this case is the Canadian Express Company."

CITIZENS DEPRIVED OF CIVIC RIGHTS

Hundreds of Children Vaccinated Without Parents' Consent, Says Controller.

Before the council started to the business yesterday Controller Cameron objected to a question of privilege. He objected to an article attacking himself and Controller McBride in The Telegram of Wednesday last. The controller proceeded to make a violent attack on the offending paper, much on the same lines as Controller McBride proceeded last week at Massey Hall on the same subject. Coming to the subject of vaccination he claimed hundreds of hundreds of children were being vaccinated without their parents' consent. He appealed to the mayor to see that a stop was put to the practice at once. In the old days people had to fight for religious liberty and today people would be compelled to fight and die for vaccination opinions. "It is a holy war we are waging," shouted the controller. "It is as false as hell to say the children are not vaccinated without permission being given." He wished to tell Toronto parents, said the controller, that their British citizenship was being violated, as there were hundreds of children being operated on every day without permission and a notice was being sent out to expel the children from the schools if they were not vaccinated. That was compulsion in its worst form. Thousands of children today were ill in the city from vaccination.

Children Slaughtered. Controller McBride declared the children of the city were being slaughtered by vaccination and he recited the story of some sad deaths of which he personally knew. He asked the board of health to reconsider their attitude in the matter. In referring to The Telegram's attack on himself, the controller said he had fought that paper's influence at the city hall for 15 years and he would fight it for another 15 before they should put one over on him.

The mayor said if the vaccination act was bad the proper way to remedy matters would be to get the act repealed. The matter then dropped.

WINTER VACATIONS.

The Grand Trunk Railway has decided to give to those who love the great out-of-doors an opportunity to spend their winter vacations in Algonquin Park. The "Highland Inn," the largest of the Park hotels, is to be kept open throughout the year and there will be found all the comforts associated with first-class hotel service, including warm, cheery public and private rooms and excellent cuisine. Two thousand feet above the level of the sea, Algonquin Park has ideal climatic conditions and is easily accessible, being about 200 miles north of Toronto and 168 miles west of Ottawa. Every facility has been provided for winter sports, including skating, tobogganing, skiing and snowshoeing. Copy of new publication, "Enjoy Winter in Ontario Highlands," may be obtained on request from Grand Trunk agents or from C. E. Horning, D.P.A., Toronto, Ont.

DANFORTH LOTS SOLD.

Danforth avenue frontage, between Greenwood and Woodbine avenues, continues in good demand. A recent sale was 40 feet on the northeast corner of Danforth and Bathgate avenues, for \$150 a foot. The purchaser was S. Mullett of Orillia and the vendor C. Meyers.

Sixty feet on the south side of Danforth avenue, between Bathgate and Ashdale, have been sold to H. Burnside, who will erect a \$150,000 garage on the property. The permit has already been issued. There will be an entrance to the garage off Bathgate at the rear.

FORTY DRUNKS IN COURT.

Seven persons charged with contravening the O.T.A. appeared in the police court yesterday and all contributed to the coffers of the city by paying \$200 and costs or having the pleasant alternative of three months in jail. Forty drunks also lined up before the magistrate.

COMMITTED FOR TRIAL.

Joseph Fredo, an Italian, charged with firing two shots at Policeman O'Driscoll, appeared in the police court yesterday to answer a charge of shooting with intent. According to O'Driscoll, the man pulled the trigger a third time, but the gun jammed. Prisoner was committed for trial.

Columbia Records

"Oh! What a Pal Was Mary"

Here's a good, old-fashioned ballad song that's making one of the biggest sentimental hits on record. Henry Burr sings the appealing words and beautiful melody with sincere and tender feeling. Coupled with "Waiting" (from "Listen, Lester") by Charles Harrison.

A2786-90c

Other Good Records

BREEZE (BLOW MY BABY BACK TO ME), tenor and baritone duet. TAKE ME BACK TO THE LAND OF JAZZ, tenor solo. THE ALCOHOLIC BLUES (fox trot), KANSAS CITY BLUES (fox trot). A2768 90c

Play Them on a Grafonola

Remember you can bring out the beauties of Columbia Records only by playing them on a Columbia Grafonola. Talking machines that claim to play all makes of records will be found to play most of them poorly.

MINISTERS REFUTE MUSKOKA REPORT

Only By-Election Opposition
Thus Far Mooted in
North Brant.

Premier Drury and Hon. Manning Doherty yesterday both denied any knowledge of the statement made in a country newspaper and reproduced in a Toronto daily to the effect that Mr. Eockstone, member for Muskoka, "had been waited upon with a certain proposition, whereby the seat would be open to enable Manning Doherty, minister of agriculture, to be a candidate. Mr. Eockstone gave an emphatic refusal, but upon being pressed to do so, submitted the matter to the district Conservative executive, who upheld him in his decision."

The premier and the minister of agriculture were emphatic in repudiating that any such proposition had been made so far as they knew. In any case, Mr. Doherty has a seat in view elsewhere.

Look for Acclamations. The cabinet ministers who are to seek re-election next month were not worrying much yesterday regarding any opposition, and certainly the large majority of them are looking for acclamations.

The only riding in which anything approaching opposition has been mooted is North Brant, where Hon. H. C. Nixon, provincial secretary, has to face his constituents again. His opponent, if the scheme develops, will not be a straight Farmer, Liberal or Conservative, but a kind of independent mixture, seeking to embrace the three elements.

At the election last month Mr. Nixon had a plurality of 1,024 over the second candidate. His vote was 3,597 and that of his two opponents aggregated 4,539, or 942 more than was polled for the winner. North Brant was previously Liberal by 49.

MAY NOT CUT TRAIN SERVICE.

Critical condition of coal supply makes it probable material reduction in passenger train service will be made effective Sunday, November 30. Reduction will be unnecessary if early improvement in coal condition. Definite announcement will be made Thursday, November 27.

J. MUNRO PRESIDED.

John Munro, president Toronto District Trades and Labor Council, occupied the chair at the Political Defence League meeting at Massey Hall Saturday, and not Jas. M. Connor as previously reported.

FELL WHILE BOARDING CAR.

Walter Johnson, aged 58, of 469 East Dundas street, was cut about the back of the head last night when he fell trying to board a west-bound Kins car in motion at the corner of Queen street and Kingston road. Johnson was rendered unconscious and was removed to St. Michael's Hospital. After having his injuries attended he was allowed to go to his home.

MANY "NAMED" AS T. & N. O. CHAIRMAN

Premier Drury Going to North
Ontario to Consider General Situation.

Premier Drury, with Hon. Beniah Bowman, minister of lands and forests, and Hon. H. Milia, minister of mines, will leave for northern Ontario on December 8 and make a general tour of the district.

Mr. Drury informed The World yesterday that the mission had no direct reference to the alleged secession movement. He further stated that the latter agitation had not assumed anything of a very wide nature. In fact, according to letters received from prominent people in the district, there was little in it.

One of the objects of the trip of the premier and his two ministers is to consider matters connected with the extension of the T. & N. O. line and the general railway policy.

A deputation from North Bay waited upon Premier Drury to name a successor to Mr. Englehart as chairman of the T. & N. O. Commission. The premier said he had received numerous other suggestions in this respect, but that nothing would be done for some time yet. In the meantime Mr. Englehart is carrying on.

Inquest Adjourned in Suspect Vaccination Case

Coroner Dr. Geo. W. Graham opened an inquest at the morgue yesterday on six-year-old Alfred George, the Assiniboian lad who died in St. Michael's Hospital recently from complications alleged to have been induced by vaccination for smallpox. After swearing in a jury and taking identification evidence the coroner postponed the hearing till Dec. 1.

FOUND DEAD IN BED.

Gerald Jaroschko, aged 39, a Russian, was found dead in bed at 2 Foster place at 8 o'clock yesterday morning. Death is believed to have been due to natural causes. The body was removed to the morgue, and it has not been decided as to whether an inquest is necessary.

BRANCH BANK OPENED.

A branch of the Canadian Bank of Commerce has been opened at Marpole, E.C., temporarily in charge of P. G. Eshaw.

EYESIGHT DIM?

If your eyesight is dim, your vision blurred, if your eyes ache, itch, burn or feel dry, get a bottle of Bon-Opto. Dissolve one in a fourth of a glass of water and use to bathe the eyes from two to four times a day. Bon-Opto has given stronger eyes, clearer, sharper vision, and relief to thousands.

Who Votes for Adams Black Jack?

We never met a real boy yet who didn't vote for Adams Black Jack.

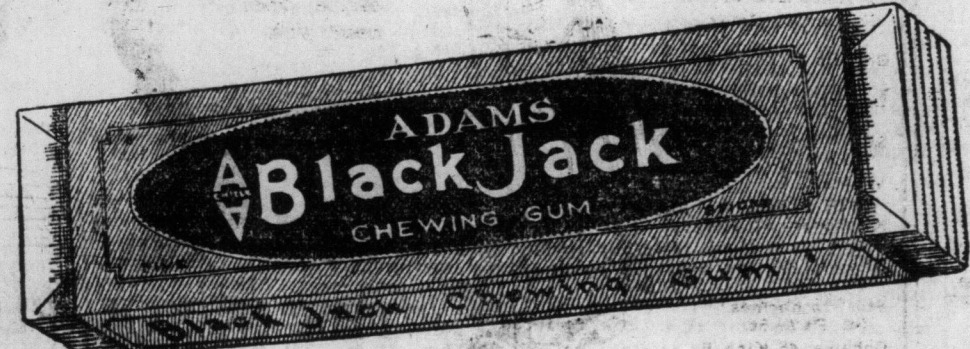

You kids certainly know the good old licorice flavor, don't you?

Well, that's Adams Black Jack Gum.

And it's good for you, too. It eases up your throat when you're hoarse. It helps keep your teeth sound. It's good for your digestion.

Just go into the store and say Adams "Black Jack." You'll get the blue package for 5c.
