

BUDGET SPEECH TO-DAY ESTIMATES BROUGHT DOWN

Details of Amounts Required Under the Various Headings of Government.

The legislature took a day off yesterday. To-day Hon. Col. Mackenzie delivered his budget speech, and from now on, on government days, Tuesdays, Wednesdays and Thursdays, there will be night sessions of the house.

The detailed estimates for the year were handed out by the provincial treasurer yesterday. As shown by the extract of expenditures which was laid on the table Friday, the total amount required is \$10,780,782.32, of which \$4,544,642.32 is for current expenditures, \$3,800,000 for capital account, and \$2,436,140 for other purposes. The expenditures for the year amounted to \$5,267,453. All the departments show an increase for salaries except the education department, which shows a decrease of \$250,000, and the department of agriculture, which shows a decrease of \$400. The amount required for legislation is \$157,400, as compared with \$100,000 a year ago, there being a decrease of \$57,400 in the indemnity and mileage paid to members. The assistant clerk receives an increase of \$100, and the seasonal writers and messengers call for an increase of \$1000. The expenses of the select committee on assessment and public utilities last year amounted to \$700, and this will not be required this year. There is an increase of about \$500 in the cost of administering justice in the province. Allowances to judges of the supreme court require \$17,000, as compared with \$15,000 a year ago.

Increase for Education.
For education there is asked \$1,195,240.51, an increase of \$10,815.24. Some of this increase is due to the transferring of the institutes for the deaf, dumb and blind from the public institutions and maintenance account. The Belleville Institute requires \$50,580, and the Brantford Institute \$34,829. For public and separate schools, the amount required is \$551,500, as compared with \$537,444 last year, there being an increase of \$14,056 for high schools and collegiate institutes; an increase of \$2,832 for the departmental library and museum; an increase of \$20,550 for the School of Practical Science; a decrease of \$800 for public libraries, art schools, etc.; an increase of \$61,751.14 for the provincial university and mining schools. There is a vote of \$10,000 towards rebuilding the Ottawa University. This vote was promised by the late government.

The sum of \$12,500 is included for the purchase of sub-machine guns for the cadet corps under contract of 1904.

New Expenditures.
Salaries and maintenance of the new Macdonald Institute at Guelph call for an expenditure of \$23,000. This is a new vote, and under the head of agriculture there is a new item of \$25,000 for erecting and equipping a building for farm mechanics and implement demonstrations.

Under public institutions maintenance there are several increases. For the Woodstock Asylum there is a new vote of \$15,000. For hospitals and charities there are several new votes: \$15,000 for the National Sanatorium for Consumption, and \$4000 each for county houses of refuge for Halton, Hamilton and Victoria. The widow of the late James Martin, baker at Hamilton Asylum, killed by a patient, is granted \$500. Gratuities total \$20,000, as compared with \$19,500 last year, for the enforcement of the Game Protection Act \$10,000 is provided, an increase of \$4000, for the statue of the 1st lieutenant-governor, Sir Oliver Mowat, \$4000; memorial to North American veterans, \$2500; reprinting statutes on account of Toronto fire, \$2000; honorarium to assistant king's printer, on account of extra work he did, \$100. The cost of elections is \$50,000, an increase of \$50,000.

Notice to Quit.
There will be very little comfort for the magistrate at Saul's Bay. He has been cut from \$1000 to \$800. The magistrate at W. A. Quibell and the cut is tantamount to a notice to quit.

Notice to Quit.
Col. Mackenzie will give a detailed statement of estimated receipts ready for the house to-day.

Major Hendrie Chairman.
Hon. Col. J. S. Hendrie, M.L.A. for West Hamilton, will be the chairman of the railway committee which organizes today. With his own experience as a civil engineer and familiarity with railway affairs, he is well fitted for the position. He took an active part in the inquiry into the Tenikamingan railway last session, and his committee's report was of great importance in the private bill committee, especially in view of the many new electric railways being promoted. Hon. John Dryden held the post under the Ross government. This is the second important chairmanship secured by Hamilton members, Mr. Carleton (East Hamilton) being at the head of the private bill committee for construction of the Hamilton and Hamilton Bay railway. The printing committee will meet for organization purposes to-day. It is expected that Major Hugh Clark of Kincardine will be chairman of the committee.

No Word of Conference.
Premier Roblin has received no word from Premier Robinson of Manitoba suggesting a conference on the boundary question. He said also that he had heard nothing of the kind from London, that a new department of labor is being organized.

Appetite Was Poor.

Dizzy Most of the Time.

Could Not Sleep at Night.

Many people are unaware of having anything wrong with their heart or nerves till some little excitement or overwork makes them feel faint and dizzy, or perhaps simply going up or down stairs causes dizziness and specks to float before the eyes. People troubled in this way should heed the warning, and not fail to take treatment before something more serious occurs.

For all heart and nerve troubles there is nothing so equal.

Milburn's Heart and Nerve Pills.

We do not claim that they will cure chronic heart disease, but we do claim that they will strengthen the weak heart, and build up the shaky nerve system.

Here is what Mrs. Sidney Hoffman, Hillsdale, Ont., says:—

"I was troubled greatly with my heart, and was so very nervous that the least little thing started me."

"My appetite was very poor; I could not sleep at night, and was dizzy most of the time. I took three boxes of Milburn's Heart and Nerve Pills, and I am very pleased to say that they did me a wonderful lot of good."

Milburn's Heart and Nerve Pills are 10 cents per box, or 3 for \$1.25. All druggists, or mailed direct.

THE T. MILBURN CO., LIMITED, TORONTO, ONT.

and health is to be created, with Hon. Adam Beck as its head.

Speaking of the university conference on Saturday, Mr. Whitney said nothing had been decided upon. A suggestion had been made that one of the sources of income of the province be set aside for the upkeep of the university, and this will likely be adopted.

Roadside Amusement.
Roadside amusement question will be settled by special legislation in the Ontario house. On several occasions in 1902, by Senator, geographer to the French king. The map is 24 by 37 inches, and throws interesting light upon the early nomenclature of Ontario.

An Old Map.
Allen France, of the provincial archives has just discovered an interesting map of North America, published in Paris in 1692, by Samuel, geographer to the French king. The map is 24 by 37 inches, and throws interesting light upon the early nomenclature of Ontario.

Waste Discretionary Powers.
The board of control of the Toronto City Council recommends that the following additional legislation be applied for: That application be made at the present session of the Ontario Legislature to empower the city council to exercise a discretionary power in the enforcement of the provisions of the building bylaws, and that the city solicitor be authorized to support the application being made on behalf of the Dominion Trade Commission for legislation to compel street railway companies to place signs in the centre of open cars.

Applications for Legislation.
A number of additional applications for legislation have been filed in the office of the clerk of the provincial legislature. The expenses of the select committee on assessment and public utilities last year amounted to \$700, and this will not be required this year. There is an increase of about \$500 in the cost of administering justice in the province. Allowances to judges of the supreme court require \$17,000, as compared with \$15,000 a year ago.

Increase for Education.
For education there is asked \$1,195,240.51, an increase of \$10,815.24. Some of this increase is due to the transferring of the institutes for the deaf, dumb and blind from the public institutions and maintenance account. Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death under the names of 'Drops,' 'Cordials,' 'Soothing Syrups,' etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

900 DROPS
CASTORIA
Vegetable Preparation for Assuaging the Food and Regulating the Stomach and Bowels of INFANTS & CHILDREN.
Promotes Digestion, Cheerfulness and Rest. Contains neither Opium, Morphine nor Mineral. NOT NARCOTIC.
Beware of cheap imitations.
The Kind You Have Always Bought
In Use For Over 30 Years.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. J. W. Dinsdale, of Chicago, Ill., says: "I use your Castoria and advise its use in all families where there are children."
Dr. A. M. Dinsdale, of Cleveland, Ohio, says: "I have frequently prescribed your Castoria and have found it a reliable and pleasant remedy for children."
Dr. J. A. Alexander, of Omaha, Neb., says: "A medicine so valuable and beneficial for children as your Castoria is, deserves the highest praise. I find it an excellent remedy for the young."
Dr. J. A. McCallan, of Buffalo, N. Y., says: "I have frequently prescribed your Castoria for children and always got good results. In fact I use Castoria for my own children."
Dr. J. W. Allen, of St. Louis, Mo., says: "I heartily endorse your Castoria. I have frequently prescribed it in my medical practice, and have always found it to be a good remedy for all disturbances of the digestive organs."
Dr. H. H. Glidden, of St. Paul, Minn., says: "My experience as a practitioner with your Castoria has been highly satisfactory, and I consider it an excellent remedy for the young."
Dr. H. D. Benner, of Philadelphia, Pa., says: "I have used your Castoria in the cases of children for years past with the most happy effect, and fully endorse it as a safe remedy."
Dr. J. A. Boorman, of Kansas City, Mo., says: "Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitation in recommending it for the complaints of infants and children."
Dr. J. J. Mackey, of Brooklyn, N. Y., says: "I consider your Castoria an excellent preparation for children, being composed of reliable medicines and is so easy to take. A good remedy for all disturbances of the digestive organs."
Dr. Howard James, of New York City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own children, and have obtained excellent results from its administration to other children in my practice."

RALPH CANNON ON CANADA'S FUTURE

Western Author Speaks to Canadian Club of Ontario Development.
The Canadian Club had its guest at luncheon yesterday Rev. C. W. Gordon, better known as Ralph Cannon. He spoke on some aspects of the future of Canada, but also that with such unlimited opportunities and resources, what Canada would be twenty years hence was difficult to surmise. Comparing Canada with the United States, he said that in 1800 the population of the United States was about the same as that of Canada to-day. In population Canada was just 100 years behind. The trade of the United States then was \$200,000,000, while Canada's to-day was \$750,000,000, so that Canada was fifty years behind in the matter of trade. The same text books, the same examinations, the same trade per capita in the United States was \$65. With her means of transportation, waterways and wealth of resources, Canada had the materials for development, and possessed those conditions which tended to promote intellectual, educational and progress. He then spoke of the autonomy bill, and said the federal authorities must respect the rights of the provinces. He said the provinces were to have a system of separate schools; it should be the best possible type in Canada. Properly speaking, it was a public school system. He said that the provinces should be the same as the same inspectors would enter into the system; but it had the great objection that it segregated the people. He objected, however, to any particular system being forced upon the provinces. However, efficient might be to-day, the genius and atmosphere of western life would adapt to a better system in years to come.

MANITOWANING'S BAD BLAZE.
Manitowaning, April 10.—About 7 o'clock this morning, the broke out in the basement of A. Neilson's general store. In two hours' time six buildings were laid in ashes. A Neilson's store and dwellings. W. Craig's furniture store and dwellings. W. F. B. Bantley's blacksmith shop and near town hall. A north-west wind was blowing the flames toward A. J. McLean's block, on the other side of the street, and the block was saved with difficulty. A Neilson saved his household furniture, but nothing from the store. Most of the goods were saved from the other buildings. The loss is estimated at \$25,000; insurance \$10,000.

Prof. Kirkpatrick of Cambridge.
Rev. Prof. Kirkpatrick, master of Selwyn College, Cambridge, is expected to arrive in Toronto to-day. He will be the guest of his cousin, G. B. Kirkpatrick of Colborne, Ont. On Wednesday, and the following days, he will lecture in the convocation hall of Wycliff College at 4:30 p.m. on "The Theology of the Gospels." On Sunday Dr. Kirkpatrick is to preach the university sermon in the morning, and at St. James' Cathedral in the evening. He may be regarded as a moderate exponent of the world school of criticism, handling biblical problems fearlessly but in a most reverent, devout and helpful manner.

Shot Him.
Findlay, Ohio, April 10.—Delphos, a prominent local leader and delegate for mayor of Delphos, was shot and seriously wounded by Patrick Finnegan, whom he found in his house here.

Up-to-Date Now.
Manila, April 10.—The electric street railway was formally opened here to-day for traffic.

Fell 75 Feet Inside Chimney.
Meriden, Conn., April 10.—John Moran, a steep climber of Springfield, Mass., was overcome by gas while cleaning the inside of a 75 foot chimney at the Meriden Woolen Mills yesterday, and fell the whole length of the chimney. Two ribs were broken and a leg was badly wrenched, but he will recover.

Whalebone in Good Finding.
London, April 10.—(C.A.P.)—A parcel of whalebone which arrived at Dundee from Hudson Strait, sold for \$2500 per ton.

Now is the Time
To enjoy the full beauty and grandeur of the southern climate and scenery. From April 10th to 15th, inclusive, the Canadian Pacific will issue tickets to San Francisco and Los Angeles and return, going and returning via Detroit, Chicago and direct American lines, for \$23.50, and going via Detroit, Chicago and direct routes, returning via Portland, Victoria, Vancouver, Winnipeg, or vice versa, for \$38.50. Time limit on these tickets is ninety days.

Change of Bill on the Musical Program and May Fair Below.

The Pure Food Show at Massey Hall is daily gaining in popularity, and this week will see a crush every afternoon and evening. The musical program has been improved by the engagement of the Cleveland Ladies' Orchestra, conducted by Alfred Metzger, and comes new soloists. Yesterday Alex. McNeill, chief fruit inspector of the department of agriculture, Ottawa, lectured on his favorite subject. He advocated the labeling of all fruit preserves and pelles, as while many adulterations were not harmful, the consumer was entitled to get what he bought. He advised the grocers to become informed of the various quantities of foodstuffs, many of which were valuable only in their proper season.

R. C. Y. C. Ball.
The certainty that the vice-regal party will attend the Royal Canadian Yacht Club ball on Tuesday, April 25, and the fact that so many of the distinguished persons of the Empire will be present, have been accepted, makes it evident that this year's ball will be marked by a success which will transcend even that of its predecessors.

2000 Logs Went Over the Falls.
Ottawa, April 10.—A boom broke above Hull, on the Ottawa River, last night and 2000 spruce logs belonging to the Eddy company went over the falls.

Home Again.
Kiel, Germany, April 10.—Prince Henry of Prussia returned here to-day from his visit to St. Petersburg.

Local Accidents.
A recent accident at about 10 o'clock on the Ottawa River, was, perhaps, the most serious of the season. A C. P. R. boat, which was carrying a load of lumber, was struck by a log, and the boat was overturned. The log was a large one, and the boat was carrying a load of lumber. The boat was overturned, and the log was a large one.

Fair Demand.
Harrison, U. P. Currency notes.

Atchison's Sons and Daughters.
Hearing of the death of the late Mr. C. L. Atchison, a prominent citizen of this city, was held at the residence of the late Mr. Atchison, a prominent citizen of this city.

Boatload of Lumber.
A recent accident at about 10 o'clock on the Ottawa River, was, perhaps, the most serious of the season. A C. P. The Pure Food Show at Massey Hall is daily gaining in popularity, and this week will see a crush every afternoon and evening. The musical program has been improved by the engagement of the Cleveland Ladies' Orchestra, conducted by Alfred Metzger, and comes new soloists. Yesterday Alex. McNeill, chief fruit inspector of the department of agriculture, Ottawa, lectured on his favorite subject. He advocated the labeling of all fruit preserves and pelles, as while many adulterations were not harmful, the consumer was entitled to get what he bought. He advised the grocers to become informed of the various quantities of foodstuffs, many of which were valuable only in their proper season.

EPIDEMIC AT HULL.

Ottawa, April 10.—The City of Hull is afflicted by an epidemic of intestinal grippe, which is producing really appalling results. Last week there were 46 deaths in the city, due to this disease; the week before there were 24 deaths; and the week before that there were 10 deaths due to this one cause.

Killed With Baseball Bat.

Newark, N.J., April 10.—The charge of having beaten Patrick Corrigan to death with a baseball bat, was preferred against five attendants of the New Jersey State Insane Asylum, who were put on trial for alleged
