are for the man who has special ideas or tastes in clothing which ready-to-wear suits sold by retail stores do not supply, and also for the man who is built a little out of the ordinary, so that none of our type forms fit him.

By buying a made-to-measure suit from us you secure at least three advantages:

First-You have your choice of hundreds of samples of different fabrics, the finest products of the best mills in England, Scotland, Ireland, and

Second—You are sure of the very latest, most up-to-date styles, for our designer is constantly in touch with the great American style centres, and we are constantly receiving plates illustrating new styles. Besides this, we guarantee fit.

Third-You pay us very little more for a made-to-measure suit than you would pay the ordinary retailer for a ready-to-wear, and much less than a custom tailor would charge you for the same suit. This is possible, because we buy direct from the mills in large quantities, and because of the splendid organization of "Plastic Form."

If you are hard to suit, you are the man we are looking for. Come in and see our samples.
