Big Organization.

Companies Supplying This District Have Heaviest Calls in History.

Owing to the shortage of coal all through this district the natural gas companies have had the greatest demands made upon their supplies in their history. Manager F. B. Tombstated to The Advertiser today that Hamilton manufacturers are at present receiving 7,000,000 feet a day from the Tilbury fields, and in addition all the other points along the line are being supplied. He stated that at ill-sonburg where there has been a shortage, the supply is not from Tilbury but from Vienna. The demand, owing to the severe cold and the shortage of coal, has been very great, and there was not enough gas. New wells are being drilled, and every effort made to get more gas for Tillsonburg.
