JIMMY COON STORIES

By Dr. Warren G. Partridge.

JIMMY COON THINKS HE SEES A GHOST. One awful dark night Jimmy Coon was out hunting alone. The night was so dark that all you could see was pitch blackness. Jimmy was hunting around on the ground, sniffing with his little nose, after a most of eggs that belonged to Mrs. Bob White.

At a sudden Jimmy Coon gave an awful jump, and he jumped so quickly in his fright that he landed in the middle of a big pool in the brook. And, as Jimmy Coon sat there in the brook, shivering with a great fear in his little heart, he saw a strange creature coming towards him. This wonderful creature was as white as snow. The creature was bigger than Jimmy Coon, and came right towards him, with mouth wide open, and lots of big white, and very sharp teeth.

Jimmy had never seen such a sight in all his life. Jimmy shivered all over and trembled like a leaf. He said to himself, "What can this be? It looks a little like big Mr. Porcupine! But Mr. Porcupine is dark brown in color, or almost black. And this enemy is as white as milk. But it has sharp teeth all over its body, and each spear is as sharp as a needle! And it sees me and is coming after me sure!"

And Jimmy tried to run. But a terrible fear filled Jimmy's little heart so that he couldn't move. He seemed frozen to the ground with an awful panic of terror. And the big white visitor kept moving slowly but surely closer to Jimmy, and Jimmy saw that it was not very near Jimmy saw its eyes were as red as burning coals of fire. And Jimmy just lay there, trembling.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair, and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and weary, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

To roll them she may write Miss Grey for my address, and I shall be pleased to help her.

I am very sorry for the friend who people advise me to give my three boys "what Paddy gave the drum," but I do not take their advice. I find we must keep children happy if we want them to be good, and children seldom mean to be really bad. It is all misdirected energy, and I find a kiss and a ginger cookie go a long way to settling disputes and making little boys obedient little angels. Then find work for them to do.

No bribes! Ah, are not the majority of Christians bribed to go to church and be good by the promise of present help and a Heaven to come?

MOTHER OF FOUR. Ans.—Surely at last here is something new under the sun! To utilize old newspapers for something really of use and comfort to Tommy Atkins in his dugout, and to the women in practical economy. And how pleased the children are at employment of this nature.

Now if we offer you a nice welcome will that be "brisk" enough for a return visit?

Will readers to whom the name of "Lonely No. 772327" was given please note the sad announcement in the "Lonely No. 772327" section. A reader, "L. B." draws my attention to it by inclosing a clipping of the casualty list containing his name. This is one of the heart-breaking sides of cheer-sending to "lonely" but we can only work on and hope for the best. Shall we not all pay a silent tribute of respect to "Lonely No. 772327"? He has laid down his life in our behalf.

Had You Heard It? Dear Miss Grey—This is the first time I have written to your Mail-Box, but I am anxious to know whether the rumor regarding Marguerite Clark's death is true.

2. If true, when did she die? 3. What is the meaning of these names: Pearl, Albert, Edward, Clarence, Sydney, Rosalia and Viola? D. N. Tours truly.

Ans.—I had not read of her death nor heard the rumor, so cannot say. The name Pearl signifies valuable as a pearl; Albert means "all bright"; Edward, guardian of happiness; Clarence, clear or illustrious; Rosalia, a combination of rose and Ella; Viola, a violet.

Meaning of Ira. Dear Miss Grey—Is the boy's name? If so, is it the full name and what is the meaning?

Ans.—Ira is a boy's name derived from the Hebrew tongue, and meaning "watchful."

2. Something new in name! I hope you are not contemplating harnessing some poor innocent child with so fancy a name he will blush for it when he grows up! However, since you ask, I will publish a list of boys' names; something new.

Thanking you very much, P. E. BEAUTY.

How Much Yarn? Dear Miss Grey—I saw in your paper how to knit a sweater. I thought I would try one, but I didn't know how much yarn to get. How much yarn would it take to knit a sweater?

2. What are nice games to play inside for the winter for about six grown-ups?

Ans.—Where can I send for a Christmas dialogue book; one that the dialogue classes where the Bible is studied, as to attend the regular church service?

11. Is our present method of oratorical and textual preaching a success as a teaching agency? Give your reasons.

12. Verse 8—What agency, other than the Bible school, is there in the Christian Church of which it can be said, "So they read the book" and caused them to understand the readings?

Polks' tastes differ greatly in regard to amusements as well as in other ways. Many who object to playing cards find interest in games such as Lost Heir, flash, chess, checkers, car-petball and other parlor games which may be found in the shops in especial abundance just now.

4. Cannot give addresses here. Any book publishing firm can give you a catalog, or if you send me address and stamp I can tell you of some firms to whom you might write.

Print It Again. Dear Miss Grey—In The London Advertiser would keep copies from running, but I lost it. Would you please send it again in the women's pages? I have taken The Advertiser for about a month, and like it real well, especially the women's pages. I received from a letter written by "Three Babes' Mother" is what you refer to. It is a pleasure to reprint.

The Gift Supreme

Let Your Christmas Gift Spread Joy All The Year Round

SURELY that is ideal Christmas gift—one that not only gives supreme pleasure at Christmas time, but stands to radiate the joy and cheerfulness of the Christmas spirit at your bidding each day of the whole year and for many years to come.

Such a gift is the Pathephone. It is like the purse of Fortunatus, that no matter how much drawn upon was inexhaustible in its wealth. The Pathephone is inexhaustible in its wealth of music and good cheer.

Moreover, as the Pathephone is the supreme gift as a maker of music, so is it the supreme achievement of all musical instruments.

The Pathephone is the result of over twenty years' study and the culmination of the inventive genius of the famous Pathe Freres. It possesses all the best features of all other phonographs, but it has

also additional advantages exclusive to the Pathephone. For instance, the Pathephone plays with a Sapphire Ball instead of digging, tearing needles. This smooth, highly-polished Sapphire Ball, gliding over the larger surface of the Pathe discs not only enhances the beautiful tonal effects of the Pathephone, but it also eliminates the nuisance of ever-changing needles. Moreover, it and the records are permanent. The Pathe Record will play over 1000 times.

Another outstanding feature of the Pathephone is its wonderful tone; the fullness, the mellowness, the depth of the music as it pours forth is rich, natural and indescribably sweet. It is due to a combination of scientific principles in its construction.

Consider these big Pathe advantages:— 1st. The Permanent Sapphire Ball—no digging, tearing needles to change. 2nd. Records that will wear thousands of times. 3rd. An all-wood tone chamber (on the principle of a violin).

4th. Pathe's tone control—regulates the volume of sound. 5th. Plays perfectly all makes of records, as well as the Pathe. 6th. The exclusive period design cabinets. Exquisite furniture for every home. 7th. A complete line of instruments to meet every purse. 8th. A repertoire of double disc records, unique, comprehensive and artistically perfect.

The Pathe Period Design Cabinets will appeal to those who take pleasure in good furniture for their homes. They are designed after the most famous periods of furniture history. These new creations demonstrate that the Pathephone is not only a perfect musical instrument, but also a beautiful and artistic piece of furniture which will harmonize perfectly with the most exclusively furnished homes.

In conclusion, let us suggest that as Christmas time is drawing near, you see your Pathe dealer NOW. He will gladly demonstrate the Pathephone and, if desired, he will tell you about a plan of easy payments, most convenient to yourself.

Be sure and get the Pathe Art Catalogue, with full description of the Pathephone, and interesting chats on period furniture.

An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill-health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of phosphate of soda. This simple process of cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleans and freshens the skin, so hot water and phosphate of soda on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, yellow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of phosphate of soda from the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

Sloan's Liniment

Removes Hairy Growths Without Pain or Bothers

(Modes of Today) It is not necessary to use a painful process to remove hairy growths, for with a little delatone handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about two minutes pull off, wash the skin, and the hairs are gone. To guard against re-appointment be careful to get real delatone—Advt.
