

STOMACH TROUBLES ARE DUE TO ACIDITY

Tails Safe, Certain, Speedy Relief for Acid Indigestion.

No-called stomach troubles, such as indigestion, sourness, stomach-ache and inability to retain food, are in reality due to acidity. It is simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development of secretion of acid and acid indigestion.

To stop or prevent this souring of the food contents of the stomach, and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisulphated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating, or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments, and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisulphated magnesia, which can be obtained from any druggist, either in powder or tablet form, enables the stomach to do its work properly without the aid of artificial stimulants. Magnesia comes in several forms, so be certain to ask for and take only Bisulphated Magnesia, which is especially prepared for the above purpose.—Adv.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop at once, and your hair will be shiny, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

CATARHAL DEAFNESS AND HEAD NOISES

TELLS SAFE AND SIMPLE WAY TO
TREAT CATARRH OF THE EAR.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parmitin (Double Strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should be easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of voice, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is a simple, nearly ninety per cent of all ear troubles are caused by catarrh and there must, therefore, be made the distressing hearing may be restored by this simple, harmless, home treatment.—Adv.

WHAT TO DO WHEN NERVES GO WRONG

A SPECIALIST'S ADVICE.

Men and women who suffer from weak nerves, who tire easily, can't sleep, have brain fog, low vitality, general weakness, loss of strength, lack of ambition, lack of will power, or any of those symptoms that so surely arise from poor, unsteady, unstrung nerves or nerve force run low, should try taking a little Ferro-Pepitone with their meals for a few days and note results. This preparation is the greatest tonic ever known for putting the good old nerves into a tired, run-down and shattered nervous system.

Here is a test worth trying. The next time you feel tired, blue, or when your nerves are fairly crying out, take a Ferro-Pepitone nerve tablet. Then wait for just ten minutes, and note results. Ferro-Pepitone seems to go straight to the nerve cells and starts work the minute it reaches them. It brings a ten-minute change from that awful dull, weak, lazy, don't-give-a-hang feeling, to brightness, strength, clear-headedness, and courage. It calms and strengthens the nerves of people who get the "jumps" and flidgets, and gives them poise, power and tremendous reserve energy. Ferro-Pepitone Tablets are absolutely harmless, contain no dope or habit-forming drugs, and are always safe, easy, pleasant and efficient. Standard Drug Co. and many other leading druggists in London and vicinity sell it in large boxes—42 tablets to a package, on an absolute guarantee of satisfaction, or money back.—Adv.

CUT NUMBER OF LEGISLATORS IN TWO, SAYS HAY

North Perth Member, Re-nominated, Favors Reduction at Toronto and Ottawa.

MILVERTON, Sept. 24.—F. Wellington Hay, M.P.P., was unanimously nominated by North Perth Liberals at Milverton in a large convention today. It was quite noticeable that the majority of those present were farmers. Eight others were nominated, but all withdrew in favor of Mr. Hay, who was returned in a by-election in 1915. The other nominees were Ald. Tom Brown, Stratford; James Davidson, Elma; Mrs. R. J. Eason, Stratford; Robert Armstrong, Ellice; J. McCullum, North Easthope; Mayor J. Stevenson, Stratford; Dr. J. Prinkins, Stratford; Mrs. (Dr.) Foster, Listowel. Mr. Davidson in withdrawing said he was a member of the U.F.O., but criticized the farmers for entering the field.

Cut Legislature Down.
Mr. Hay, in accepting the nomination, said he hoped the day would soon come when some party would be big enough to come out and cut the membership of the Legislature in half. The business, he believed, could be handled by a few members. Mr. Hay paid tribute to Mr. Dewar, and said the people owed him more than they knew about. He had spent nearly his entire life since his election in the interests of Liberalism.

Mr. Hay said he stood for a clean government, one which would apply business principles to its administration. If elected, one of the first moves would be for a survey of all branches of the Government, many of which needed cleaning up.

H. H. Dewar declared that nickel and prohibition were the two main issues at the present time. He criticized the Government for failing to announce earlier the date of the election, and also for confusing the temperance issue.

Not On Promises.
Hearst should be judged, not on his promises, but on his failure to properly administer the country's business while in power.

Mr. Dewar reiterated the statement that he stood wholeheartedly on the platform of the Liberal convention, and would, if elected, faithfully and fully carry out the will of the people. He said he never had or has any connection with the liquor business.

The Government was criticized for failure to meet the cost of living and for failure to deal efficiently with the agricultural problems.

Doctors Go On Strike In Dundalk, Ireland, Demanding More Pay

LONDON, Sept. 24.—The doctors of Dundalk, Ireland, went on strike today to enforce demands for a minimum salary of seven guineas (about \$30) weekly for all public services. Their present salaries average about \$15 a week. A number of patients applying for treatment at dispensaries have been refused.

THIN, NERVOUS FOLKS SHOULD TAKE BITRO- PHOSPHATE

Women Need It To Bring Pink Glow of Health To Pale Cheeks and Flow Still Tattling Lines of Age.
Men Need It To Make Strong, Vigorous Bodies and Steady Nerves.

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION.—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks. Therefore, do not desire to put on flesh, should use extra care in avoiding fat-producing foods.

TO HEAR EVIDENCE AS TO GRATUITIES EARLY NEXT WEEK

Many Men Asking Land Grants in Eastern Canada.

BUT MORE IN WEST

Secretary of Settlement Board Testifies Before the Special Committee.

OTTAWA, Sept. 23.—The special committee of the House of Commons on soldiers' civil re-establishment this morning decided to hear the evidence next Tuesday and Wednesday of President Flynn of the United Veterans' League, formerly the Gratuity League. The Imperial veterans of Vancouver and Winnipeg will also be represented before the committee.

S. Maher, secretary of the soldiers' settlement board, was recalled and questioned regarding costs of administration and the advances made to soldiers. By the end of this year it was expected the total outlay for the department would be \$48,000,000 for loans and administration.

The estimate of \$150,000,000 required for 50,000 soldiers who were expected to take loans did not take into account loans to British ex-service men. Many inquiries from this class of men were being received.

About two-thirds of the 4,218 soldiers taking up grants had also exercised their right of taking up homesteads.

Payment Waived.
There was no record of the number of men disqualified for inability to make the necessary ten per cent cash payment. In the cases of married men with farming experience the payment had sometimes been waived.

He did not expect any flooding of Canada by British veterans. He told Dr. Beland the returned soldiers were treated more generously by the board in the matter of loans than he would be by any loan company.

Many men are applying for land in eastern Canada, though the major portion wished to farm in the West. Many of the purchases in the east have been from old people, who wished to retire, so there had been no unusual influx of people to the cities, though the war of the colonization aspect of the work.

Duncan Ross (West Middlesex) had a telegram from the G. W. V. A. unit of Middlesex County, asking that they be allowed to send delegates to give evidence. The matter was referred to the central executive, and Mr. MacNeil explained that the units in question already had the right of making representation through the central executive of the G. W. V. A. here.

DRIVEN BY EXCITED BOY, MOTOR KILLED TWO, IS EVIDENCE

Brantford Inquest Reveals Driver, 15, Lost His Head in Crash.

BRANTFORD, Sept. 24.—Evidence given at the inquest held here tonight into the death of Dr. Charles Duncombe, St. Thomas, and Mrs. O. H. Duncombe, Waterloo, revealed that a 15-year-old boy, named Brown, a 15-year-old driver, took the Cadillac car of Charles Duncombe on a joyride on the Sunday of the accident.

Brown, who had but little experience in driving, admitted that he lost his head at the time of the accident, but claimed that the brakes would not work. Dr. O. H. Duncombe, Waterloo, stated that when hit, he was traveling less than 20 miles an hour, while Brown claimed a speed of 15 miles.

There were no eyewitnesses to the accident. Coroner Hicks presided, and St. Alfred Jones, K. C., acted for the crown. The jury returned a verdict, recommending strict enforcement of the motor vehicles act, stating that the deaths were caused by a collision driven by Brown, who was under age and incompetent.

TRANS-PACIFIC AIR CONTEST OPEN ONLY TO CANADIAN FLYERS

And "Boat" Must Be Canadian-Made—Time Limit December 31, 1921.

VICTORIA, B. C., Sept. 24.—Norman A. Yarow, head of Yarow, Limited, Esquimalt, who, with the assistance of friends, has offered a prize of \$50,000 for the first non-stop flight across the Pacific, from Vancouver to Japan, attaches the following conditions to the prize: The ship, lighter-than-air, shall be manufactured in Canada, including all parts and materials. Australian and material that are not being made in Canada at the time the airship is constructed may be imported; the airship shall be manned and be navigated by Canadians only during the trans-Pacific flight, and the flight shall be non-stop from Vancouver Island, British Columbia, to Japan, and to be performed prior to December 31, 1921.

Mr. Yarow's object in offering the prize is to commemorate the visit of the Prince of Wales.

Last night, following the official dinner at the Government House, the Prince of Wales was informed of Mr. Yarow's offer. His royal highness immediately signified his desire to be associated with the proposal and the offer of Mr. Yarow and his friends will now be known as "The Prince of Wales Prize."

SECOND BOY MAY DIE FROM BURNS IN PT. EDWARD FIRE

Willie Kentish, Rescued From Burning House, May Have Fatal Injuries.

POINT EDWARD, Sept. 24.—Four-year-old Willie Kentish, rescued from a burning home here Monday afternoon, after his playmate, May McPee, had been burned to death, may die. He is in the hospital here suffering from burns which may prove fatal.

Mrs. Herbert Jenkins, a next-door neighbor, pounded open the door of the burning house in which the two little boys were caught, and dragged the Kentish lad outside.

A coroner's jury under Coroner Dr. T. F. Bradley here tonight brought in a verdict of accidental death in the inquest held into the death of Willie McPee. It was definitely established that the two youngsters, playing with matches, caused the fire. The McPee

	YES	NO
1. Are you in favor of the repeal of The Ontario Temperance Act?	X	
2. Are you in favor of the sale of light beer containing not more than 2.51/100% alcohol weight measure through Government agencies, and amendments to The Ontario Temperance Act to permit such sale?	X	
3. Are you in favor of the sale of light beer containing not more than 2.51/100% alcohol weight measure in standard hotels in local municipalities that by majority vote favor such sale, and amendments to The Ontario Temperance Act to permit such sale?	X	
4. Are you in favor of the sale of spirituous and malt liquors through Government agencies and amendments to The Ontario Temperance Act to permit such sale?	X	

THE REFERENDUM BALLOT

What Each Question Means—and Why You Should Vote

Vote "YES" on All Four Questions

1. Are you in favor of the repeal of The Ontario Temperance Act?

The repeal of The Ontario Temperance Act does not mean a return to the general sale of spirituous liquors, as the Premier, in his speech of April 7th, said: "Now, practically no one suggests a return to old conditions. The distillers in a recent manifesto say that they themselves are opposed to it. Many hotel-keepers say they are opposed to it. The brewers say they are opposed to it. Honourable gentlemen in the House and people out of the House, who are opposed to the present Act, say they are equally opposed to the old order. The labor men who ask for stronger beer, say they don't want the sale of hard liquor."

The Premier and the Government, realizing this, would not be parties to a continuance of the general sale of spirits as under the old license system, but would amend the License Act in accord with public sentiment. This would be in keeping with the policy of the Provincial Governments of the past fourteen years, which have from time to time amended the License Act to conform to the wishes of the people. To vote "Yes" to question number one would enable the Government to provide for the sale of beer and light wine in the hotels, and beer and spirits in Government stores for home consumption.

The Citizens' Liberty League does not want a return to the conditions under the old License Act and the sale of liquor over the bar. It does ask, however, for the general sale of beer 2.51% alcohol by weight (non-intoxicating) and light wines, and that the Government should only

allow the sale of heavier beers and liquors through agencies established and maintained under Government supervision and control. It is therefore necessary that question one should be answered "Yes," repealing The Ontario Temperance Act and making it possible for the Government to enact a new temperance measure in accord with the expressed will of the people.

By voting "Yes" on question number one you will be in agreement with Premier Hearst when he said: "Many good and conscientious citizens, as good and conscientious as there are in the Province, do not approve of the Act as it stands today." Vote "Yes" on question number one and repeal the unsatisfactory Ontario Temperance Act.

2. Are you in favor of the sale of light beer containing not more than 2.51/100% alcohol weight measure through Government agencies, and amendments to The Ontario Temperance Act to permit such sale?

Vote "Yes" on question number two. This provides for the sale of light beer in Government stores for home consumption and removes the necessity of procuring a doctor's certificate.

Remember—Every voter must vote on every question, or his ballot will be spoiled.

3. Are you in favor of the sale of light beer containing not more than 2.51/100% alcohol weight measure in standard hotels in local municipalities that by majority vote favor such sale, and amendments to The Ontario Temperance Act to permit such sale?

Vote "Yes" on question number three. There can be little doubt that the majority of people will vote "Yes" on this question. There is a demand for a beer of good flavor and body that is non-intoxicating, and the public want to obtain it by the glass as well as by the bottle.

A beer of 2.51% alcohol by weight, no matter in what quantities consumed, is absolutely non-intoxicating. In European countries beer of this strength is sold generally without license and without excise duty. In voting "Yes" on questions two and three you can be assured that no one can become intoxicated by beer of this strength.

4. Are you in favor of the sale of spirituous and malt liquors through Government agencies and amendments to The Ontario Temperance Act to permit such sale?

Vote "Yes" on question number four, which provides for the sale of all liquors for home consumption from Government stores under such regulations as the Government may deem it wise to adopt. The public will be able to purchase from these stores without procuring a doctor's certificate.

The Citizens' Liberty League is not in favor of the sale of spirits over the bar as under the old License Law. It is, however, in favor of the general sale of non-intoxicating beer of 2.51% alcohol by weight and light wines, and the sale of liquor for home consumption through Government stores under such restrictions as the Government may deem wise to adopt.

Mallory Hats

These celebrated New York Hats now opened to show you in all their latest colors and shapes.

PRESIDENT: LIEUT.-COL. H. A. C. MACHIN, M.P.P.
HON. TREASURER: F. GORDON OSLER

REPORT THAT DRAYTON WILL RUN IN KINGSTON DECLARED INCORRECT

KINGSTON, Ont., Sept. 24.—There is nothing definite yet as to who will be the candidate in Kingston for the Dominion House, and any report that Sir Henry Drayton has been asked to run here is incorrect. Nothing will be done until a meeting of unionists to be called in a few days, probably for Monday next, when two cabinet ministers from Ottawa will be invited to be present. There is a strong feeling that Kingston should, if possible, secure a local man. In any event, Ald. Patterson, local labor candidate, will remain in the field.

GERMAN BOURGEOIS AND FRENCH SOLDIERS CLASH, CASUALTIES BOTH SIDES

BERLIN, Sept. 24.—(Havas).—In an encounter at Saarbrücken between bourgeois and French soldiers many persons on both sides were wounded, according to a dispatch to the Lok-Anzeiger. One hundred Frenchmen participated in the conflict. Numerous Germans have been arrested for having attacked the Frenchmen.

RIPLEY FALL FAIR IS MARKED SUCCESS

RIPLEY, Sept. 24.—The fall fair of Huron Township Agricultural Society was held here Tuesday and today. Despite threatening weather, immense crowds were present, and it was a big success.

The fancywork display was not as large as previously, owing to changes in the prize-list. The horse show was better than those of other years, but

the cattle were not up to previous records.

An Indian brass band from Cape Croker gave excellent music. Today was tag-day to raise funds for the proposed memorial park, and a large sum was realized. The fair ended with an excellent concert in the town hall this evening.

Voters will have a chance to decide one the question of hydro-electricity at the January elections. Much criticism has been heard of the present act—line gas lighting system, and it is probable that hydro will get a favorable vote.
