of the waters of the Red Sea. They had faith in God. Israel did not turn a finger at the waters, it was Him who divided the waters. They had to fight after they were over the Red Sea, but they always came out the victors. Why? Because they had faith in God. Brethren, we are the same as the Israelties were. We have faith in God and believe in His works, therefore we cannot go astray.

"Let your imagination work and picture for yourself, a green hill far away in the distance, a cross on the top, and the Lord our Saviour on that cross. The last words of that man on the cross were 'Satan tried his best, but I have conquered.' This is practically the same reason why we are here today. We have conquered everything that has tried to overthrow us and our religion still rules. We can readily say, 'Thanks be to God who giveth us the victory.' "Despite all that has happened we still have enemies to fight. They are the world, the flesh, the devil, and the Church of Rome. We have been threatened by the Church of Rome several times. One was in the time several times. One was in the time when James I. was ruling. That was cannot go astray.

CHURCH DESPITE HEAT

The attendance Sunday night at the First Methodist Church was large, notwithstanding the hot weather. Rev. J. F. Reycraft, B.A., preached on the topic, "Tiresome Religion," in a most practical way. His reference to absence from the church was not illustrated by the audience, which stayed in church for two hours.

I. The musical part of the program was provided by a string quintet which was heard by itself, with the organ and in accompaniment. Miss Luta Laymon sang "The Day Is Ended" and "The Lost Chord" with especially fine feeling. The series will be continued next Sunday, when Miss Hilda McMillan of Ingersoll will be the soloist.

Cheers and a "tiger" were given by the members of the association. Throughout the afternoon refrest ments were served to the members of the committee who were in charge of the outing. All others wishing refreshments paid for them. Some comments were made about this, but when it was found that the proceeds were in aid of the war memorial fund no one is travel to pay the necessary sum.

bers of the G. W. V. A. band and the P. P. C. L. I. band were the participants. The race was set for 100 yards. The drummer was given a handicap over the rest, and he came out the winner. But it was chiefly through his athletic ability that he won, because the others had te use the wind for playing the instruments they had and also for running.

Dancing on the green in the evening detained the majority of the picnickers. First prize was won by L. Hughes. Second prize went to Mr. and Mrs. J. Hungarford. Both prizes were for the best waltzers.

Soccer Game

After the conclusion of the races, a soccer game between the men of the P. P. C. L. I. and the G. W. V. A. P. P. C. L. I. and the d. W. W. R. eleven was played. More interest was probably taken in this than in any of the other sports because of soccer being the official game of the association. When the game ended the score was 2—2. It was a clean, fast and well played one. Again the babies ruled. Lean's twins who have taken
