THE DEADLOCK AND ITS REMEDY. The Globe is discussing the deadlock ereated between the city and the Toronto Railway, by reason of the various decisions of the courts, which have practically given Toronto no voice in the conduct of that road, and especially in regard to the extension of new lines, is being made to remove the deadlock. ways. As one result the Ontarlo Gov-The same paper regrets that no effort The World has a very clear idea as ernment saw fit to carry its bank acto what ought to be the under the count largely with the Bank of Montcircumstances. The glegist ture should real. The premier hit back on Monday give the city the light t expropriate forthwith instead of waiting until the multiple of the years hence. If this were done the city for any such nonsense. The changes

is rapidly approaching equality if not IN THE LAW COURTS superiority in these, and that Britain no longer had the advantage in the speed with which warships could be built. in regard to rail-way extension, improv. of putting the province in the position of being able to get all the money it ing the system; and admitting radials, and would mave the freest hand in wants at any time without being lecdealing with every question as it arose. tured on its policy of giving its own Ancher thing that could be done is citizens cheap power and light-espeto gi e me railway and municipal board clally when her fuel supply is about jurisdiction over the matter. It may be said that to do this would interfere with state in America and will hereafter command the highest credit. the existing contract, but we contend

that public policy will justify the legislature in passing a law interpreting the contract or giving jurisdiction over the service to our public service commis-

sion. We have interfered with railways and their charters in federal legislation by a railway commission which as no other body of men are, can testihas a free hand in every respect in re- fy that a rural constabulary would agement, and the kind of service they give, and if this can be done in federal affairs, it ought to be possible to do it in provincial affairs.

Toronto ought to be big enough today to ask for the appointment of a A citizen told me that liquor was sold public service commission empowered to take over the street railway and the position in an establishment there, had resigned and was now peddling liquor these services in the most progressive and up-to-date manner, for the purpose lieve it as far as the police was conof giving good service rather than of cerned. At the hotel at which I stopmaking profits for shareholders.

BRITISH NAVAL SUPERIORITY.

BRITISH NAVAL SUPERIORITY. Britain's "Little Englanders" were on Tuesday severely wounded in the house of their friends. It has been an him by Bill or Jim and he has about open secret for some time that the pre-sent position and needs of the imperial a man living miles away. Everybody havy had proved a veritable stumbling ing, and arranges accordingly. He usualblock in the path of Premier Asquith ly and his cabinet. One section, with is owes his job to many others. He simply a farce. Provincial police, which the premier is believed to be in moved frequently, with no total use up. entanglements, would waken things up. Among other things they ought to requiring the fleet to be more than equal port the condition of all hotels, halls.

in strength to the fleets of the next

the announcement was made that the latter view had been accepted, subject of thera whose oaths are heard so fre-quently at the "joints" we are comto a reserved power to lay down more pelled to pay \$2 per day to stop at. Commercial Traveler. battleships, should circumstances require it, the decision was hailed as a

triumph for the advanced Radical element. The elation was premature, and the speech of Mr. McKenna, first lord douche over the parliamentary and pies economists who saw no danger

threatening Britain's sea supremacy. Mr. McKenna made it plain that the United Kingdom is confronted with an

impossible for any other single nation to make a show at equaling it. Sufficiently confident also were the assurances that any threatened alteration in the relative proportions of the British and rival fleets could easily be dressed by use of what were accepted as Britain's unrivaled facilities for shipbuilding. Yet on Tuesday the house ~ commons was told that the main-
