MARINE STOCKS FIRM

relegraph and Telephone Shares Unusually Active at Higher Quotations.

NEW: YORK, Jan. 14.—The unsettlement created yesterday by acute confictions in Mexico was dispelled to a considerable degree today, in consequence of assurances from Washington and other official sources. For a time, however, shares of companies operating in that country were under washing-in that country were under the final hour. Mexican Petroleum medians an extreme gain of 4 7-8 at 116.03-3, and American Smelting 2 3-4 16.05.

res of the munitions companies proceed from low prices of the mig-real, Crucible Steel leading the re-wift an evernight gain of 9 1.2 to 150 Concurrent strength was how by Buthlehem Steel, which ad-more that interests in that company of acquired a large block of Cru-

the class more manipulation in some the cligh-priced specialties, whose flucts form the basis of war supported in the conference of the clight of the conference of the clight of the client of the clight of the cl

Later in the session speculation trickled into new channels, chiefly teletrickled into new channels, chiefly telephone and telegarph shares, which were unusually active at higher quotations. Parial explanation of this movement was diered by the report of the Western Linon Telegraph Co., whose statement for 1915 disclosed net income of 10,218,81, against \$5,371,395 in 1914. United States Steel followed the shappil trend of the market, rising 1-1940 86 5-8, but was overshadowed by the activity in special stocks. Ralis also showed firmness, but were relatively dull. Total sales of stocks anti-arted to 720,000 shares.

Ande from the strength of Marines, the bond market was irregular. Total sales par value, \$6,100,000.

Fracting in many stocks at the Standard Exchange yesterday made a string recovery in the afternoon following a morning session that was pretry quiet. The market leaders in the Tally were Holly, McIntyre and Dome Extension.

Altho trade was inactive in the easily part of the day, prices held fair-

he market lately it is said.

In the Porcupines Apex was stronger selling up to 8 and closing at 73-1.

Dome Extension was strong, selling up of m 351-2 at the opening to 27. and active work is in progress. Traders

bome Lake was strong, selling up to

steady between 22 and 221-2, closing at the lower figure.

Alclatyre was the outstanding feature of the day's trading, opening at the lower figure.

Chambers-Ferland sold at 30 and Chambers feel and sold at 30 and Chambers feel and sold at 30 and Eaver changed hands at 43. Gifford was strong, selling up to 8. There are used to be some good buying orders in soid to be some good buying orders in the market for this stock. La Rose was 64 bid.

This stock is another one that English bareasts are said to be regarding.

Peterson Lake acted somewhat in regularly onening at 351-4, selling regularly onening at 351-4, selling.

Buyers Sellers Counter

The reversal of form shown in Thursday's Toronto stock market was carried to a much greater length yesterday and the business had a degree of buoyancy not seen before the holiday season. Cement shares steried the present bull movement and this stock held the forefront of operations again. The opening was at an advance of a full point at 49 and with the usual fluctuations another point was made with the closing sale at 50. A good annual statement and a largavelume of business on hand is now accepted as sufficient to warrant the rise in the stock's price. Another notably strong issue was Maple Leaf common, which a few flays ago was quoted at 60. In yesterday's movement the price advanced from 64 to 70 with the top price at the close. The strength in Maple Leaf.

With the evident better enquiry for securities the steels were sought after, but offerings were advanced to quickly to permit of much business.

Steel of Canada rose two points from 36 to 38; Steel Corporation was bid up 1 1-4 points without inducing sales, while Nova Scotia Steel was bid up four points to 100 3-4 before fifty shares were secured. Among the other firm stocks were Hollinger, which sold at a record high price, and Shredded Wheat, which advanced to 103. The curb section was somewhat neglected and prices were steady in the issues dealt in. The rapid advance in yesterday's market for some stocks has demonstrated the scarcity of actual offerings in the market and the long-predicted rise in the dominant steel stocks is again repeated and with more assurance.

WARMER WEATHER PUTS

Fears of Damage by Cold Dissipated, Causing Sharp Losses.

RUMORS AID BEARS

Various Reports Circulated Had Effect of Accelerating Declines.

CHICAGO, Jan 14.-Rising temperture that tended to dissipate fears of cold weather damage to the winter grop had much to do today with bringwheat. The outcome was a nervous close at 3-4c to 1c net decline, with May \$1.27 1-2 and July \$1.20 3-4. Corn lost 3-4c to 1 1-8c. Oats 3-8c to 5-8c and previsions loc to 15c.

Bearish sentiment spread rapidly after the predicted ascension of the mercury had taken place to a noticeable extent. Declines were further accelerated by reports that a bill to remove the Canadian duty on wheat had been introduced at Ottawa. Besides, rumors were current that a fresh advance in freight rates to Europe was likely and that foreign buyers were holding off in the hope that the British Government might assume direct control of the charges by all vessel owners who are subject to London authority.

Assertions that the railroad embargoes east might not be ended for several months formed an additional mandicap for the wheat buils. On the extreme downturn, however, sellers appeared to have overreached themselves. Attempts to cover led to a substantial reaction, which was aided more or less by Winniper opinions that a free wheat bill in the Canadian Parliament had but littie chance of passage.

Better weather eased corn as well close at 3-4c to 1c net decline, with

Parliament had but little chance of passage.

Better weather eased corn as well as wheat. Reports that corn was being bought to come here from Kansas City tended further to put the bears at a disadvantage.

Oats gave way in sympathy with other cereals. Eastern demand was only moderate.

Free realizing by holders pulled down provisions. The chief incentive to selling was the lowering of prices on grain and hogs.
