More Room for Cars.

The committee approved of the recommendation that sufficient land be purchased from the Dominion Bank at the southwest corner of Queen and Bay streets to afford more room for cars to turn. The motion calls for the widening of Bay, on the west side, by 5 feet for a distance of 75 feet 5 inches from the present south limit of Queen street, and the widening of Queen street a distance of five feet from the present west limit of Bay street to a point 68 feet 5 1/2 inches further west, and the creation of a 24-foot strip at the corner. The whole improvement will cost about \$58,250.

Ald. Miskelly's motion for a full report on the need of a car service on Coxwell avenue, between Gerrard St. and Danforth avenue, was referred to the transportation committee, which will shortly be organized.

The proposal to extend and grade Swanwick avenue from Pickering avenue to Lawlor avenue, was passed by the committee.

ROBBERS RIFLE DRUG STORE

Hold-up men entered the drug store of Charles E. Crawley, 1773 West Bloor street, on Thursday night, and covering the clerk with a revolver, rifled the till, getting \$40. Harry Merson, the clerk, dropped down behind the counter when the guns were pointed at him and crawled on his hands and knees to the rear of the store for a gun. When he returned the three robbers had fled. They are believed by the police to be youths about 19 years of age.

VISITING NURSES DO SPLENDID WORK

Annual Gathering of St. Elizabeth Association Hears Year's Reports.

An overflow gathering of members and nurses of the St. Elizabeth Visiting Nurses Association marked the annual meeting of the organization held at St. Michael's Palace yesterday, Mrs. MacLean French, president, in the chair.

Rev. Father Trayling, rector, who was present, was thanked for the accommodation, which had been given for the regular monthly meetings in the use of the rooms in which the meeting was held. Votes of appreciation were also passed to the president, Mrs. French, for her valuable services, and to the nurses for their work during the year, their limited number and the large area they have to cover making their record exceptional.

Great Work Done. Mrs. Emma O'Sullivan told of the gratitude shown for services of the nurse. Mrs. W. A. Kavanagh made a strong plea for more conveniences, the number at present being fewer than the number nine years ago. That the work of the nurses deserved far more publicity than was given it was the statement of Rev. L. Minehan.

Miss Lucy Hynes, secretary, reported that during the year ten nurses had been employed at intervals, owing to additional needs. The number of patients answered the calls. The number of patients attended was 1425, visits made \$192, night calls 668, births 712. The financial statement read by the treasurer, Mrs. Dwyer, showed receipts for the year of \$2265.51, expenditure \$2350.97. Among the beneficiaries were the O'Keefe estate, \$2000, the support of an additional nurse by the president, Mrs. French, and the sum of \$977.75 from the Federation for Community Service.

NEEDLES.

"I wouldn't have my boy taught grammar at all, if I had my way." "That's a strange idea. Why not?" "I intend that he shall be a writer of popular songs."

ITALIAN CHURCH BAZAAR.

The annual bazaar of Our Lady of Mount Carmel Italian Church is being held this week in St. Patrick's auditorium, McCaul street. It has been a great success so far, and there has been a very large crowd each evening. The main attraction is the 40-piece band of the Colombo Italian Club. This band has only been organized about five months and the majority of musicians have only handled an instrument that length of time. It has achieved a wonderful success and the credit is due to their talented teacher and director, Professor Michael Angelo. The opening number, "Royal Italian March," was received amid great applause and was followed by very entertaining selections. The bazaar is under the auspices of the Redemptorist Fathers and will continue until Monday evening.

The commission consisting of Judge Snider of Hamilton, U. E. Gillies, representing the C.P.R., and Fred Bancroft, representing the men, which was appointed to consider the demands of the C.P.R. train porters for the betterment of their conditions and an increase of wages, sat again yesterday. The question under discussion during most of the sitting was wages question without justification according to the men's case, of seven of the porters. The men are demanding a strict investigation into the dismissals. In regard to the wages question the porters are demanding \$75 per month without tips, while the C.P.R. claim that the rate of wage was fixed by adjustment board No. 1, and that until that board changes them they should not be increased.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region, it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and lazy. When your kidneys get sluggish and clog, you must relieve them like you relieve your bowels, removing all the body's urinous waste, also you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges; the urine is cloudy, full of sediment, channels often get sore, water scales, and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once, or get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is a life-saver for regular meat-eaters. It is inexpensive, cannot hurt, and makes a delightful, effervescent lithia-water drink.
