Coal Shipment Small.

Philadelphia, March 17.—Anthracite

coal shipments for February were 8,571,

922 tons, being, with the exception of

the strike years—1902, 1908 and 1912—

the smallest in eighteen years, or since

December, 1901.

In the First Presbyterian church, West

St. John, last evening, Rev. Dr. J. A.

Morison continued his sermons on the

great churches of Christendom and

spoke of the Presbyterian church.

NEW DOMINION COMMISSIONER OF BOY SCOUTS

Dr. J. W. Robertson Succeeds Sir
Percy Sherwood—Enthusiasm
Over Visit by Sir R. Baden-
Powell

Ottawa, March 17.—The annual general meeting of the Canadian General Council of the Boy Scouts Association was held at the Chateau Laurier on Saturday under the chairmanship of His Excellency the Duke of Devonshire, chief scout for Canada. Everyone present was most enthusiastic over the future of the movement. The new Canadian handbook has been published and will be available immediately.

The report of the executive dealt with the proposed plan for the extension of the work and referred to the appointment of Prof. J. A. Stiles of Fredericton as assistant to the dominion commissioner. This report also showed that the movement had made steady progress during the last five years notwithstanding the drain upon its officers and scouts through enlistments for overseas service.

The elections of officers resulted in Dr. J. W. Robertson of Ottawa becoming dominion commissioner, succeeding Sir Percy Sherwood.

Much interest was aroused over the announcement of the intention of Lieutenant General Sir Robert Baden-Powell to visit Canada during May.

5TH C. M. R. WILL REACH ST. JOHN THIS EVENING

The 5th C. M. R., which arrived at Halifax this morning, will arrive in St. John, as nearly as could be learned, about eight o'clock this evening. They probably will remain for about an hour before pulling out for Sherbrooke, P. Q.

and citizens are planning a warm welcome for them. Among the officers of this unit is Captain A. W. Thorne of this city. The Princess Pats will go direct to Ottawa via the I. C. R.

St. David's church sing-song and social for soldiers and sailors held last night after the church service, was a very enjoyable event. R. Reid was the most efficient chairman, and the programme included songs by Miss Tweedie, Private Dent and Mr. Archibald, all being received with marked pleasure. Miss M. Crookshank presided at the piano, and the general sing-song prolonged the delightful evening after the refreshments had been served.

A grass fire was started by some careless boys yesterday afternoon about two o'clock, near Bay Shore. Under the direction of Policeman Quilly and Moses McNulty, and with the help of about sixty men gathered from around the vicinity, the fire was extinguished. The cottage owned by W. Hope Grant was slightly damaged and some cottages owned by Miss A. O'Neill were in great danger at one time.

Refuse Lumber For Buildings

Lots of people use refuse for houses. For partitions, under floors, and boarding in, it will make a good substitute for more expensive lumber.

\$29.00 planed 1 side or 28.00 rough.

Phone Main 1893.

First Principles in Tire-Buying

There has been too much obscuring of the issue on the tire question. Too much "price talk" and "local talent"—too many generalities.

There is only one proper basis on which to buy tires—and only one proper basis on which to manufacture and sell them. *The cheapest tire is the tire that gives the most miles for every dollar invested.*

That is the crux of the situation. Special Brands; Special Discounts; Cut Prices—merely "camouflage" over the weak spots of the tire industry. Now is the time to clear the air—to get back to first principles in tire-buying.

You can't judge a tire by the weight, or the size, or the color. You don't want to buy those things. You do want to buy miles

of service. And when you balance the *miles of service* against the price, you are buying tires economically.

Believing this, Goodyear has conducted endless experiments in tire-building, has fathered vital evolutions of the automobile tire.

Each change has meant lowered motoring cost through better tire service.

That simple principle is the reason behind the Goodyear Cord Tire. It is a tire that gives longer mileage and greater satisfaction, and its cost-per-mile is lower.

The same virtues are to be found in the Goodyear Heavy Tourist Tube—a better tube for any tire and a fit mate for the Goodyear Cord Tire.

If you are anxious to get down to brass tacks on the tire question, talk to a Goodyear Service Station Dealer. He has some interesting records of Goodyear achievement.

The Goodyear Tire & Rubber Co. of Canada, Limited
