

THE MICHIGAN FIRING A BROADSIDE

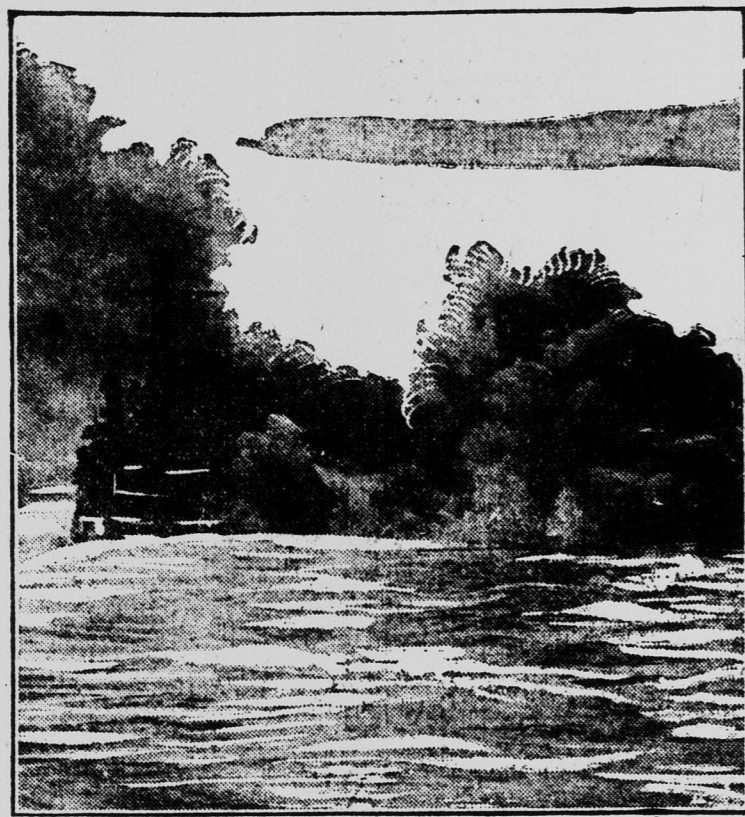

Photo by American Press Association.

When the American battleships began their broadside of the Mexican seaports it was feared that they would have to open fire upon some of the cities in case the Mexicans attempted to outrage the Americans who still remained in the country or burned down their property. This picture shows what a broadside of one of the big battleships looks like.

TRUE TO THE AGREEMENT OF 1909

Australia Shows to Canada the Patriotic Way From Which Borden Has Turned Aside

(Halifax Recorder)

The attempt on the part of the British Admiralty and its first lord to revert to the old and discarded policy of contribution has produced a rejoinder from Australia which is not likely to be forgotten for some time. The naval agreement of 1909, which provided for the organization and construction of colonial navies, was broken by Canada with the advent of the Borden government to power, the Canadian defection being the Tories and the Nationalists to destroy the Laurier government. Encouraged by this, the admiralty with Hon. Winston Churchill as its spokesman, has been doing its best to discourage colonial naval development and to revert to the policy of contributions. This attitude has at length put Australia out of patience, and her government has issued a most emphatic statement of her position in regard to naval matters. The statement was contained in a speech delivered by Senator Millen, minister of defence, in the Australian parliament of late May. The central fact of the pronouncement is contained in the following paragraph:

Australia is irrevocably pledged to and will determine and consistently pursue the policy on which she embarked by the imperial government's advice five years ago. She will not be deflected from her course by the first lord's pronouncement, since she regards the task she has undertaken as vital to the cause of imperial defence and imperial unity. This is the true British spirit. O, that we had a government in power in Canada with some of that same spirit obtaining in its counsels.

THE HOUSEHOLD APERIENT.

NOTICE TO THE PUBLIC RE BLASTING OPERATIONS

I take this opportunity of notifying all citizens in the city and county, who may have had property damaged by the blasting at Courtney Bay, to furnish me with a list of the damages caused, also a list of claims for illness due to the blasting. I will give proper consideration to the matter.

WHAT THIN FOLKS SHOULD DO TO GAIN WEIGHT

Physician's Advice For Thin, Underdeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skininess and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strengthening, fat-producing elements of acknowledged merit have been combined in this powerful preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying high concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

THAT AWFUL ACHE OF LUMBAGO RUBBED AWAY FOR ALL TIME

Hoorah! No More Suffering—Every Ache Goes Quick—RUB ON NERVINE

Lumbago is a peculiar sort of rheumatic trouble that affects the muscles about the loins and back. At times its agony is intense, Sore's spasms of pain shoot in all directions, and become more severe on stooping. In treating lumbago or stitch in the back, it is necessary to keep warmly covered to prevent a sudden chill. Attend to this, and then apply Nervine freely. Almost instantly you feel its warm soothing action. Right through the sorest muscles the healing power of Nervine penetrates.

Quick as a wink you feel the stiffening lessening. You realize the powerful pain-subduing remedy is curing the pain.

is easing your distress, is making you well again. Nervine quickly cures backache and lumbago because it has the strength, the power and penetrating force possessed by no other known remedy. Its amazing curative action is due to certain extracts and juices of rare herbs and roots, combined by a secret process, and forming a truly magical medicinal marvel. Any sort of aches in the muscles and joints Nervine will cure quickly. It eats the pain right up—relieves stiffness, restores the muscles to their wonted elasticity and vigor. It's the quickest thing imaginable for rheumatism, sciatica or neuralgia. As for sprains, toothache, sprains, or strains, nothing can excel good old Nervine. Get the large 80 cent family size bottle, or the smaller economical 25 cent bottle. All dealers or the Catartho-20 Co., Kingston, Canada.

U. S. MUST PAY FOR SHIP TAKEN IN WAR OF 1812

Washington, May 6.—The American and British claims arbitration tribunal which has been in session here for several months, adjourned here today with the understanding that it shall resume some time in July in Paris, when announcement will be made of decisions in some of the cases recently argued. Further arguments are to be heard on cases remaining on the docket when the commission reassembles in Washington, probably next January.

An award of \$827 was made to the Great Northwestern Telegraph Company which the Australian navy was organized in the Quebec harbor by the anchor of the U. S. steamer Essex.

For the illegal seizure of the British ship Lord Nelson captured by the United States navy June 5, 1812, nearly two weeks before the declaration of war between the United States and Great Britain, the tribunal assessed \$3,000 damages against the United States with interest.

Because its lighters in rough seas in Manila Bay damaged the British collier Estry in 1901, a judgment was rendered against the United States government for \$49 pounds sterling with interest at 5 per cent.

The case of the Canadian government's steamship Canadienne, which was in collision with the U. S. Yantic in the St. Lawrence river in 1897, the commission found that both vessels were to blame, but in a different proportion and assessed a damage of \$1,958 against the United States.

Senators of Ohio, City of Toledo, Lusk County, Nebraska.

Frank Lusk County, Nebraska, who is to assist in the City of Toledo, County and State of Nebraska, and that said firm will pay for each and every copy of said book, commonly referred to as the "Blue Laws." This was stated definitely today, the request for the interpretation being the outcome of the Sunday closing crusade at Savin Rock, a pleasure resort near this city, during the past few weeks.

Nineteen arrests were made during April of proprietors of various enterprises and in many cases appeals were taken after fines had been imposed. In at least three of these cases, it was stated today, the appeals will be carried to the highest court. Other arrests were made Sunday, but the town court of Ontario, which has jurisdiction over Savin Rock, dismissed the cases.

The supreme court, it is said, has never been asked before for an interpretation of the "Blue Laws" since their enactment in Colonial days. Legislators have wrestled with the problem many times but with little success.

THE MAYOR OF TOKIO The Columbus Musical Club of Halifax Gave Splendid Presentation of The Comedy

(Halifax Chronicle). "The Mayor of Tokio" by the Columbus Musical Club was received by a large first night audience at the Academy of Music last evening and bids fair to be one of the most successful productions of the club. The comedy cannot be given to Manager O'Connell, as stage director, and to the individual performers. Mention must be made of the scenic effects which were unusually good, and of the chorus dances which were well above the average.

As Tokio, Sen, daughter of the Mayor of Tokio, Mrs. S. T. Covey, whose charming soprano voice is always a delight to Halifax music lovers, was extremely successful. Her solos were very well rendered and very well received, well the duet with chorus, "A Toast to the Round Red Moon," sung by Mrs. Covey and Sidney Laughan, was perhaps the particular gem of the evening. Another duet by these two in the second act was also delightfully sung. As Betty Lincoln, and American waitress, Miss M. Cullen was clever and interesting. Her songs with chorus, "Where the Ocean Breezes Blow," "Peggy Brandy" and "Tokio" were all charmingly rendered.

Miss K. Henrion in the role of Birdie Talcum, a soubrette, gave a very pleasing performance. Miss Henrion's nice light, but she danced extremely well and filled her part most acceptably.

Mrs. J. P. Quinn, in a humorous role, is clever and bright. All four ladies were the recipients of handsome bouquets.

As the Mayor of Tokio, G. J. Lynch was very much at home. His style of acting is well adapted to parts of this style, and he made the most of a very humorous part. The punishment ordered by the Mikado of Japan to be inflicted on the mayor was that "he should have his nose tweaked."

Felix Quinn, as Marcus Orlando Kilder, was in his element. Mr. Quinn has always been a favorite with Halifax audiences and last night he was more so. His "Bay of Harmony" and his duet with Miss Cullen "I Like You" were greatly appreciated. Cyril Clarke was decidedly amusing. His duet with Miss Henrion was very much enjoyed. His "Bay of Harmony" and his duet with Miss Cullen "I Like You" were greatly appreciated. Cyril Clarke was decidedly amusing. His duet with Miss Henrion was very much enjoyed. His "Bay of Harmony" and his duet with Miss Cullen "I Like You" were greatly appreciated.

The liquor was consigned to Peoples' Bottling Co., Berlin, N. H., and A. Perle, Great Works, Me. In the first lot were 1,980 gallons of whiskey, rum, gin and brandy, mostly whiskey. In the second lot, there were 872½ gallons bottled beer, bottled ale, wine, rum, gin, brandy, cocktails and whiskey.

Wreckage Found.

Boston, May 6.—Two masts with rigging attached, indicating the possible wreck of a sailing vessel, were sighted 209 miles east of Boston Light by the steamer Cleopatra, which cleared today from Huelva, Spain. The wreckage was considered a menace to navigation, and the revenue cutter Androscooggin left Portland in search of it.

THE REASON WHY

You don't take sauce? Perhaps not, but if you look for the reason why, you will find it in the fact that the word "sauce" suggests to your mind a thin, dark, hot-tasting fluid, which, if taken at dinner, runs all over the plate, saturates the vegetables and eventually leaves a disagreeable burning sensation in the mouth. No wonder that under these circumstances you do not take sauce—but, change the circumstances, and the taste will probably change with it.

A new sauce has been introduced by the Midland Vinegar Company of England, which is known as H. P. Sauce, and is quite different to the old fashioned sauces referred to.

H. P. Sauce has proved an immediate success, and is now used regularly by those who previously never took sauce. It is prepared by blending together the choicest Oriental fruits and spices with pure malt vinegar. The manufacturers' secret process produces a thick, fruity sauce, which is delicious when eaten on choice Oriental fruits and spices with pure malt vinegar.

Of course its success has brought many enquiries, but you ask for H. P. and see that these letters appear on each label, you will preclude the possibility of disappointment.

A REVOLT AGAINST THE BLUE LAWS

New Haven, Conn., May 6.—The Supreme Court of Errors of Connecticut is to be asked for an interpretation of the much discussed Sunday observance laws of the state, commonly referred to as the "Blue Laws." This was stated definitely today, the request for the interpretation being the outcome of the Sunday closing crusade at Savin Rock, a pleasure resort near this city, during the past few weeks.

Nineteen arrests were made during April of proprietors of various enterprises and in many cases appeals were taken after fines had been imposed. In at least three of these cases, it was stated today, the appeals will be carried to the highest court. Other arrests were made Sunday, but the town court of Ontario, which has jurisdiction over Savin Rock, dismissed the cases.

The supreme court, it is said, has never been asked before for an interpretation of the "Blue Laws" since their enactment in Colonial days. Legislators have wrestled with the problem many times but with little success.

WOMEN'S SUFFRAGE DEFEATED.

London, May 6.—The women's suffrage bill was rejected tonight by the house of lords by a vote of 104 to 60.

CORNS ON YOUR TOES? CALLOUSES ON YOUR FEET?

CANNOT MEET FIXED CHARGES?

C. N. R. May Face \$2,000,000 Deficit—C. R. Block System—To Abolish Tipping—Superannuation For Civil Service

Ottawa, May 6.—A second instalment of information in regard to the C. N. R. finances was tabled in the commons by Premier Borden today. It throws some interesting light on what has been done with the money raised by the C. N. R. Company, either on its own securities, or on securities guaranteed by the public and on the prospects of the road for profitable operation.

It will be noted that net earnings are given as to estimated net figures for the current year. The omission is significant. The net earnings of the company for the year ending on June 30 of the present fiscal year, which ends on June 30 next, have been approximately \$3,900,000, and according to present indications the net earnings for the year will only be about \$6,250,000.

The net earnings last year totalled \$8,461,096, and the fixed charges and outstanding securities were \$6,900,000. It is apparent therefore that the net earnings this year will fall some \$2,000,000 short of paying the fixed charges. Under the present plan the net earnings for the year will fall some \$2,000,000 short of paying the fixed charges.

The net earnings last year totalled \$8,461,096, and the fixed charges and outstanding securities were \$6,900,000. It is apparent therefore that the net earnings this year will fall some \$2,000,000 short of paying the fixed charges.

Canadian Club Speakers.

At a meeting of the executive of the Canadian Club it was decided to unite with the Loyalist societies and other organizations in the observance of Loyalist Day, May 18. Among the speakers for the lecture course will be Charles W. Bishop, national secretary of the Y. M. C. A., who will be here next week and will speak in Canada's Resources of Manhood; Dickies Wilson will lecture to the club after his visit to England in June. Gilbert H. Grosvenor, of the National Geographical Society of Washington, has consented to address the club when he passes through the city in September on his way to Cape Breton.

"But, John, I have to take it when she gives it to me."—Baltimore American.

Are Your Nerves Alive and Full of Vitality?

Do you realize the wonderful control over the organs of the body that is exerted by the nerves? Through the voluntary nerves you walk, talk and work, but there are other nerves which control every movement of every muscle in the body. When these nerves become weak and exhausted there is failure of the organs of the body to perform their functions.

The action of the heart becomes weak, the lungs are weak in breathing and digestion fails because the nerves which control the flow of gastric juices give out.

Many a man and many a woman who is tired out, weak and discouraged does not realize that it is the nerves that have given out. They do not know what a wonderful change Dr. Chase's Nerve Food would bring about in their condition.

Headaches, sleeplessness, indigestion, irritability, nervousness and loss of energy, ambition and courage are among the warning symptoms. Do not let these danger signals go unheeded, for nervous prostration and paralysis are the natural results of neglect.

Almost every day you will find in this paper reports from people who have been cured of some form of nervous disease by using Dr. Chase's Nerve Food. No treatment has ever proven so successful as a restorative for the nervous system. Note your increase in weight while using it. 50 cents a box, 6 for \$2.50. All dealers, or Edmondson, Bates & Co., Limited, Toronto.

How to refresh your skin. Wash your face with care and take plenty of time to do it. Lather freely with Woodbury's Facial Soap and rub in gently till the skin is softened and the pores open. Then rinse several times in very cold water, or better still, rub with a lump of ice.

Woodbury's Facial Soap is the work of an authority on the skin and its needs. This treatment with Woodbury's cleanses the pores, then closes them and brings the blood to the surface. You feel the difference the first time you use it—a promise of that lovelier complexion which the steady use of Woodbury's always brings.

Woodbury's Facial Soap costs 25c a cake. No one hesitates at the price after their first cake. Do this today—now! Tear out the illustration of the cake below and put it in your purse as a reminder to get Woodbury's and try this treatment. Tear out the cake now. Take it with you wherever you go. Begin tonight to get the benefits of this facial soap. For sale by Canadian druggists from coast to coast, including Newfoundland.

Woodbury's Facial Soap

Made in Canada by The Andrew Jergens Company, Ltd., Toronto, Ontario.

MRS. LYON'S ACHE AND PAINS

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from some time troubles for some time and had had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, and in some cases that it has saved them from surgical operations.

Make Hairs Disappear Almost Like Magic

Advocates of the electric needle for removing stubbony growths now concede that a simple paste made with powdered delatone and water is fully as efficacious and is devoid of pain, while the cost is trifling. The delatone paste is left on the hairy surface about two minutes and when it is rubbed off all traces of hair vanish. Washing leaves the skin soft, smooth and spotless. Be careful to see that it is delatone you get or you may be disappointed with the result.

In the annual report relating to Irish agricultural laborers it is estimated that the savings in 1912 of Irish laborers who migrated to England for the season approximated £190,000.

Examine your skin closely

See if the pores have become large and clogged; if it has lost its smoothness; if it has grown colorless.

These conditions of the skin are natural results of the constant strain imposed upon it by the conditions we now live under. Every now and then the skin needs refreshing.

How to refresh your skin. Wash your face with care and take plenty of time to do it. Lather freely with Woodbury's Facial Soap and rub in gently till the skin is softened and the pores open. Then rinse several times in very cold water, or better still, rub with a lump of ice.

THE UNIVERSAL POPULARITY OF CREX

is not so much due to its low price, as to its natural artistic beauty and to the cheerful atmosphere it gives a room or porch.

No longer is CREX considered appropriate only for porches, sun-parlors and summer homes.

To-day, CREX coverings are found on most every floor of the home—the whole year round—and are giving the greatest satisfaction.

A FEW OF THE WHY REASONS

1st There's no raw material so durable and so cleanly—as the impalpable wire grass used in the manufacture of CREX.

2d The CREX exclusive method of spinning wire grass into twisted "threads" prevents wear, adds strength and resiliency.

3d The compact weave and use of strongest warp obtainable—makes CREX extra substantial.

4th They are sanitary, easy to keep clean and within the income of all housekeepers.
