CITY BOND ISSUE OVER SUBSCRIBED

Local Tender For \$250,000 and the Issue Was \$124,000

That there is plenty of money in St. John, and that the people have the fullest confidence in their own city and the management of its affairs is proved by the fact that the recent issue of bonds has been over-subscribed. The issue was for \$250,000 and tenders for more than \$260,000 have been received from St. John people. The city council will therefore have no difficulty in securing funds to carry out needed work.

A BUILDING MATTER

F. W. Kelly, reported for having a building in Leinster street, not authorized by law, pleaded not guilty. James Carleton, building inspector, said that Mr. Kelly had asked for a permit for repairs on a carriage building, but that instead of putting on repairs he had altered the building and was raising the walls from twelve to twenty-four feet. Mr. Kelly said that he went to the inspector in September and explained that he wanted to put another story on his building and asked if he needed a permit which he supposed to be for the work required but the permit produced in court was for repairs and not for alteration. Mr. Kelly said that the inspector had spoken to him about not having enough trusses and that he was willing to put in another. He said the inspector had not spoken to him about raising the building. The magistrate told Mr. Kelly he should have seen that he got the proper permit. The case was adjourned until Tuesday.

SURPRISE PARTY

A pleasant surprise was laid right tendered to Mr. and Mrs. Fred Traflet on their home, 82 Elm street, when young friends called upon them and presented to them as an emblem of esteem, a handsome willow chair. All had a fine time with games and music. Refreshments were served and the party dispersed about midnight.

CHEERFUL OVER Y.M.C.A. OUTLOOK FOR YEAR

Fine Spirit Shown at Gathering at Which Members of New Staff Are Introduced

That he had never before entertained so great a degree of optimism regarding the work of the Y. M. C. A. at the beginning of a year's work was the cheering statement made by President J. Hunter White at the reception last evening which introduced the new staff and formally opened the winter's work.

The association's fine building was ablaze with lights, and the cheerful wood fire which blazed hospitably in the large hall in the general reception room could be seen by the visitors before they entered from the street. In response to the invitations sent out, a large number of ladies and gentlemen, including several clergymen, as well as others active in religious work and work generally for the benefit of young men, assembled and were introduced to the new officers, T. Hutchison, general secretary; H. O. Bonke, physical director; and P. J. Legge, boys' secretary.

After an hour or more spent in pleasant conversation and moving about the rooms Mr. White called the assembly to order. He spoke in an optimistic way of the prospects for the winter's work, paid a tribute to the ability of the new staff, and stressed the importance of the work of the association in character building. He dwelt also upon the fact that the work of the association is to be carried on in full co-operation with the churches, and this thought was further emphasized by Secretary Hutchison, who said that they would like to have the city pastors feel that in the members of the Y. M. C. A. staff each of them had an assistant pastor in work relating to young men.

Brief addresses were given by Secretary Hutchison, Mr. Bonke and Mr. Legge, each of whom pledged himself to do his utmost to make the work of the association a success, and expressed the hope that at the end of the year the kind things now said about them by the president might be fully justified.

Mr. McAllister, territorial secretary for the maritime provinces, made a happy speech, setting forth the four-fold aim of the Y. M. C. A. in social, physical, educational and religious development of youth.

Rev. Gordon Dickie spoke briefly in behalf of the ministers present, expressing good wishes for the success of the programme was brightened by a piano solo by Miss Leonard, reading by Mr. Harding and vocal solos by Mr. Bonke.

At the close there was a most enjoyable exhibition of games in the gymnasium, participated in by many young men and young ladies, and refreshments were served by a large and efficient committee before the singing of patriotic songs brought the happy evening to a close.

BUSINESS NEWS OF INTEREST HERE FROM MARITIME MERCHANT

In an interview with the Maritime Merchant this week, H. L. Mathers of Halifax said: "We are receiving inquiries for pit props, but the ideas of buyers on the whole are so low that we do not feel it worth while to take the matter up. As a matter of fact, their ideas of value are about on a par with the price of kindling wood. Perhaps they are right, but they will have to pay a better price, and we may then be able to do some business with them; but for the time being it does not interest us very much."

The Merchant says that the Lumber Corporation of Nova Scotia, lately organized to take over property formerly owned by the Maritime Lumber Company, are endeavoring to collect 26,000 cords of pit props, to be sent forward in weekly shipments of about 2,000 cords, between the first of November and the end of January. The props are from three to six inches thick, and from six and a half to nine feet in length.

A striking feature of one page of this week's issue of the Maritime Merchant is a half page photograph of the thirteen travelers for Brock & Patterson, Ltd., of this city. They are described as "the lucky thirteen" and the picture is a striking illustration of the enterprise and wide-spread activities of this St. John business house.

In a very striking business announcement in the Maritime Merchant concerning the tea trade in war times, T. Estrobrooks says: "To give you some idea of the difficulties we have had and are still having contend with, only a few days ago the 'Kabings' with 1,000 chests of tea for us was captured by a German cruiser in the Bay of Bengal. 'The City of Corinth,' due to sail from Calcutta with 4,000 chests for us was requisitioned by the British government. Before that the 'Schneefels,' a German steamer with tea, was captured by the British. 'The City of Winchester' with 3,000,000 lbs. of tea, bound for London, and from which we had arranged to make a large purchase, was sunk by a German cruiser. Two other tea ships, 'Clan Matheson' and 'Diplomat,' both supposed to have large quantities of tea on board, and from which we had expected to make purchases, have also been sunk by a German cruiser."

Wear and Use More Cotton Goods

Every woman who buys and uses cotton goods at the time of year helping to revive Canadian industries. She is helping the South to move its cotton crop; she is giving impetus to the mills and spinners. Cotton has a multitude of uses—it is the world's great staple. Today, because of the war, it is lower in price than in many years. That means lower prices for manufactured cottons—better buying opportunities than in many a day. The stores are offering many attractive values in cotton goods as can be seen by the advertising in The Telegraph and Times.
