AN INCIDENT OF THE DUBAR

After the departure of the king at the end of the dubar, just as the procession left from the side, the crowd rushed forward from the other and running to the central coronation pavilion, before the police or the troops could stop them, the king and queen, and the emperor and empress had stood a few minutes before.

PROTEST AGAINST THE DISMISSAL OF THE HARBOR BOARD

Ottawa, Ont., Jan. 24.—A deputation from the Montreal Board of Trade, the Shipping Federation, the Corn Exchange and representatives of the Grand Trunk and C. P. R., and the Manufacturers Association met Mr. Borden today with a request that he should not yield to partisan demands and dismiss the present harbor board to make place for "Clementines." Mr. Borden said the matter would be taken into consideration.

FIRE IN CARLETON WAS SERIOUS, WILL BE MILITARY INQUIRY

A military board of inquiry, appointed by Col. J. R. McNeill, general superintendent of the Carleton Place, will hold an inquiry into the details of the fire in the Carleton Place, which broke out this morning at 10 o'clock. The fire, which was caused by a gas stove, which had been left burning, and which was extinguished by the fire department, was a serious one, and it is expected that a military inquiry will be held into the details of the fire.

MR. KYDD OF THE C. P. R. RESIGNS

CONGREGATION GIGGLED

There is a good story of a divinity professor who had an estate in Scotland, and had been invited to preside at the baptism of the first-born infant in the already crowded house of a minister. The guest gave out for congregational singing a psalm which was much favored on such occasions. "As sparks in close succession rise," he sang, "so shall the children of the kingdom arise." The congregation giggled.

NO QUARTER GRANTED

This story, which is told of a Scottish Highlander who served in the French war, illustrates either the blood-chivalry or the unique idea of honor of the Scotchman. This Highlander had overthrown a fleeing Frenchman and was about to strike him down when, falling on his knees, the Frenchman cried, "Quarter! Quarter!" "I'll not have time to quarter you," the Scot answered, "I'll just cut you in two."

PERPETUAL CLIMBING

Every true life should be a perpetual climbing upward. We should put our faults under our feet, and make them steps on which to lift ourselves daily a little higher. We never in this world get to a point where we may regard ourselves as having reached life's goal, as having attained the loftiest height within our reach; there are always other rounds of the ladder to climb.

TENANTS ON STRIKE

The tenants of a downtown office building have gone on strike. When they received their customary notices regarding the renewal of their leases they found the rents had been raised. As they considered that they were now paying more than they had been, they decided to send a letter to the owners to the effect that if the increase was imposed this letter might be taken as their notice that they would quit. A committee was appointed to look for other accommodation, and found that the Devon building could be remodeled in time for them to move in on May 1. It was also decided that the Charlotte street office building would afford suitable accommodation if remodeling were undertaken by the city.

THE GIRLS' CLUB

The Girls' Club, which was opened a few weeks ago in 410 Fellers Hall, is now playing each evening games and reading are provided and a gas stove, which has been left burning, and which was extinguished by the fire department, was a serious one, and it is expected that a military inquiry will be held into the details of the fire.
