The board of police commissioners held an informal consultation on Saturday and as a result Mayor Redfern instructed Chief Sheoperd to ask Sergeant John Walker and Constables Abel and Carter to hand in their resignations as members of the police staff. Acting un on these instructions, Chief Sheppard applied to the men for their resignations, but they have so far declined to accode to the request, and are still on Messrs. Carter and Abel to resign that they are no longer plastically equal to the discharge of the duties attached to their positions. It is rumored that Constable Abel will resist the attempt to remove him, and that he has gone so far as to engage counsel. A meeting of the commissioners will in all likelihood be held this week.
