

CAMPBELL'S TONIC ELIXIR.

In this Elixir are combined the tonic effects of Iron, Serpentina, Orange Peel Bitter, Gentian and Cinchona (Calisaya), with the alterative properties of Rhubarb.

This agreeable yet potent preparation is especially adapted for the relief and cure of that class of disorders attendant upon a low or reduced state of the system, and usually accompanied by Pallor, Weakness and Palpitation of the Heart. Prompt results will follow its use in cases of Sudden Exhaustion, arising from Loss of Blood, Acute or Chronic Diseases, and in the weakness that invariably accompanies the recovery from Wasting Fevers. No remedy will give more speedy relief in Dyspepsia or Indigestion, its action on the stomach being that of a gentle and harmless tonic, exciting the organs of digestion to action and thus affording immediate and permanent relief. The carminative properties of the different aromatics which the elixir contains renders it useful in Flatulent Dyspepsia. It is a valuable remedy for Atonic Dyspepsia, which is apt to occur in persons of a gouty character. For Impoverished Blood, Loss of Appetite, Despondency, and in all cases where an effective and certain stimulant is required, the Elixir will be found invaluable. In Fevers of a Malarial Type, and the various evil results following exposure to cold or wet weather, it will prove a valuable restorative, as the combination of Cinchona (Calisaya), and Serpentina are universally recognized as specifics for the above-named disorders. The Elixir is compounded from carefully selected and pure drugs, especial attention being given to the collection at the proper season of the valuable tonics and aromatics that are represented.

A STUTTERING coxcomb asked a barber's boy, "Did you ever shave a m-m-m-monkey?" "No, sir," replied the apprentice; "but if you will please to sit down I'll t-t-t-try."

A PHYSICIAN and the father of a family of five children occupy apartments in the same house. Both complain of the high rents. To the man of family the proprietor says: "The rent is high, but remember that you have a doctor in the house." To the physician he says: "The rent is high, to be sure, but then you have a family of five children in the house."
