NO CLUE TO BOSTON'S HORRIBLE MURDER.
Woman's Dismembered Body Found in a Suit Case.
She Had Undoubtedly Been the Victim of an Unsuccessful Surgical Operation—Police Are Mystified.

BOSTON, Sept. 22.—The police of Winthrop, Boston and the state are giving their combined efforts in an attempt to unravel the mystery which surrounds the crime discovered yesterday by the finding of the dismembered trunk of a woman in a dress suit case floating in the water off the Winthrop Yacht Club's pier.
Officers were at work on the case for several hours during the night but learned practically nothing that might lead to a clue. Medical Examiner Harris will perform an autopsy on the trunk today and will immediately report on his finding to the district attorney. His preliminary examination strengthened the theory that the woman had been the victim of an unsuccessful surgical operation, and that the dismembering of the body had been the work of skilled hands.
The Boston police are searching the city in the hope of locating the missing woman, as they are of the opinion that the crime was committed here.
The police of Winthrop state that the victim probably was not a resident of that town as they know of no one missing.
It is learned that early in the morning four officers went to the office of a physician on Howard street, in the West End, where nearly half an hour was spent in a search of the premises. The person whom the police desired to interview was, it is understood, absent from the house.

PRESIDENT WOULD PAY BACK \$48,000.
New York Life Campaign Scandal Is Felt Keenly by Mr. Roosevelt Who Takes Action.

OSTYER BAY, I. I., Wednesday.—Four of the men closest to President Roosevelt's administration were confronted in Sagamore Hill tonight on the subject of the attitude the administration should take toward the contributions of corporations in political campaigns. The men President Roosevelt called in consultation are Secretary of State Elihu Root, Joseph H. Choate, Senator Lodge, of Massachusetts, and George B. Cortelyou, Postmaster General.
Despite the official declarations of his secretary to the contrary, President Roosevelt has taken the disclosures of the New York Life investigation very much to heart. The practical politicians have advised him that a nominee should have nothing to do with the campaign contributions, and is in no way responsible for their character. But the president, who, in his last message to congress pleaded for a federal law to compel the publication of all federal election contributions, feels keenly the humiliation of illegally giving insurance money as a factor in his election. He believes that the only way to put an end to the use of illegal money in elections is not only not to take it, but to pay it back when the facts are disclosed as in the present instance.
If the president has his way the \$48,000 contributed by the New York Life and any other life insurance contributions to the last campaign will be returned. The president wants this incident to be a milestone of progress in his administration instead of a scandal that would forever beset his personal triumph of 1904.

SCHOONER HURT IN COLLISION
CHATHAM, Mass., Sept. 22.—The two-masted schooner Herbert, bound from Rockport, Mass., for Newport, R. I., with a cargo of granite, was in collision early today about 20 miles off Chatham with an unknown schooner bound east. The bowsprit and head-gear of the Herbert were carried away, and as a result of the accident she is partly disabled and leaking. The plight of the ship was observed during the morning by the life-saving crew at the Nanuet station. The main sail of the unknown schooner was torn. According to Captain Perkins, of the Herbert, the vessel resumed her voyage after the collision without offering assistance.

SHIPPING NOTES.
The Battle liner Trebla sailed from Sharpness at noon today for Maryport and Halifax. She loads rails at Maryport. After discharging it is expected she will load at Savannah for the continent.
The tug Little, with Capt. Hardy, of the schooner Rebecca W. Huddle, as pilot, leaves port this afternoon for Boston, where she will take in tow three barges that are being brought here for Stetson, Cutler Co. The barges will be used in conveying pulp wood from Musquash to Miscoe.
Donald, the infant son of Mr. and Mrs. W. H. Golding was interred in the family lot, Fernhill this afternoon. The services at the house, Victoria street, and at the grave were conducted by Rev. D. Hutchinson and Rev. J. C. B. Appel.

CANON DEVEBER'S LONG AND USEFUL LIFE ENDED.
He Died This Morning—Was Fifty-One Years a Clergyman and Thirty-Four Years Rector of St. Paul's.

Canon W. H. DeVeber passed away this morning at half-past seven o'clock at his residence 33 Carleton street. Canon DeVeber was the oldest clergyman in the diocese of Fredericton and had entered upon his 51st year. Ever since the death of Miss DeVeber, in January last, he has been in failing health until the end came this morning.
Since his retirement in 1893 the reverend gentleman has not taken any prominent part in clerical circles. He has, however, on different occasions officiated at special services in his old charge at St. Paul's and his loss will be keenly felt by that congregation. In no place, however, will his kindly presence be so much missed as in the little chapel at St. Bernard's, on the Sandy Point Road, which of late years he has made his special care. This little chapel is a mission of St. Paul's church. The funeral will held from St. Paul's church.

FALL CARNIVAL POSTPONED; NEW DATES, OCT. 26 TO 31

Premier Tweedie had a conference this morning with the executive committee of the autumn carnival, in reference to a carnival week, of which the principal feature is to be a visit from Prince Louis of Battenburg and his fleet of warships. As the matter now stands the carnival must be postponed if the prince is to be a feature, as according to the following telegram, he cannot be here on the dates now arranged:
"Fredericton, Sept. 21.—To His Serene Highness Prince Louis of Battenburg, Halifax.
"Carnival week at St. John commencing 18th and ending 21st October. Could you arrange to be there? Sorry to trouble you, but an endeavoring to meet public wishes."
"J. B. SNOWBALL, "Lieutenant-Governor."

To this his honor received the following reply:—
"Halifax, Sept. 21.—To Lieutenant-Governor Snowball, Fredericton:—
"Greatly regret that every week day between now and 21st October will be occupied with gunnery practice and my annual inspection. This does not allow for interruption by weather. Therefore my visit can only take place last four days of October."
"LOUIS BATTENBURG."

CITY TO BLAME FOR TYPHOID EPIDEMIC.
No Sewer Provided on Chesley St.—Board of Health Will Proceed Against Doctors.

A new case of typhoid fever has been reported to the Board of Health in the Campbell house in the West End. This was a case also of diphtheria reported yesterday in the house of Michael Gullivan at Brookville. It is said in some quarters that the prevalence of these diseases in certain sections of the city are due to the absence of running water in any of the houses on Chesley street and the fact that there is no connection with the sewer is held to be responsible for the unusual large number of fever patients within such a limited radius.
Mr. Burns of the Board of Health, speaking about this street said that it was quite true that these houses were in an unsanitary condition but that the Board could not do anything to remedy matters. This spring, a number of the householders were brought up in court and Col. Armstrong engaged to prosecute the cases. It was found, however, that no connections could be made as the city has not provided a sewer in this street and that in a few weeks, no matter how much the pipes were cleaned up, it would again be as bad as ever.
Speaking about the four typhoid cases on Chesley street, he said that they have not been reported to the Board and he said that it was his intention to report the attending doctors. They were liable, he said, to a fine of \$40.

EARTHQUAKES KILLED 589 AND INJURED 2020.
NEW YORK, Sept. 22.—Quake shocks yesterday continued in Calabria, says a Rome despatch to the Herald.
General Lambertini has made an official list of the damage by the recent earthquakes. He finds that 212 towns and villages suffered great losses, the dead numbering 589 and the injured 2,020.

VENEZUELA IS PREPARING FOR WAR
Large Purchases of Guns Have Been Made.
France Threatens Retaliation for the Treatment of Her Envoy Over the French Cable Matter.

PARIS, Sept. 22.—The offensive attitude of Venezuela toward M. Talgny, the French charge d'affaires at Caracas, has aroused indignation in official quarters here. Although the ministry has not yet taken definite action it is said in the highest quarters that Premier Rouvier undoubtedly will demand that Venezuela disavow the offensive action and adopt a course conformable with the usual courtesy of diplomatic intercourse.
The Venezuelan authorities are now seeking to show that their action was directed against M. Talgny personally and not against the French government, but the officials here do not accept the distinction between M. Talgny's personal and his official capacity. He has great standing at the foreign office, where he recently served and also aided Ambassador Cambon at Washington during the most delicate phases of the Spanish war negotiations. Therefore there is no intention here to permit Venezuela to make a scapegoat of him. The official directly charged with handling Venezuelan questions explained the general status of the controversy as follows:
Venezuela supports the closing of the French Cable Company's stations on the ground that the decision of the Venezuela courts. The decision of the courts contained nothing to authorize the closing of the stations.
On the day before closing up the inland stations Venezuelans gave assurances that Gen. Velutini, the Venezuelan minister at Paris, would take steps to satisfactorily adjust the question. Therefore M. Talgny protested on the ground that the court's decision did not justify the closing of the stations. In making this protest M. Talgny followed the usual instructions from the foreign office. Therefore it is impossible to raise a personal issue. A personal issue was made against the expulsion of Manager Brun, of the French Cable Company, on the ground that the right to expel foreigners did not apply to M. Brun, who was permanently domiciled in Caracas. It is to be expected that a demand will be made that Venezuela disavow the action taken. The subsequent course of France will depend upon Venezuela's reply.

Inquiry makes it practically certain that Venezuela has placed orders at Caracas for eight field batteries and four mountain batteries, the latter consisting of four guns each.
JAPAN RELEASING RUSSIAN PRISONERS.
Admiral Nebogotoff Has Been Set Free—Rojstrensky Still in Hospital, But Rapidly Recovering.
TOKIO, Sept. 22.—Captain W. Bolsman, a prisoner of war, and former commander of the Russian battleship Peresviet, has died at Matsuyama.
Rear Admiral Nebogotoff and a number of other Russian naval officers have been permitted to give their patrol and return home. Rear Admiral Rojstrensky has almost recovered from his wounds, but he is still under strict medical care in Fushimi.
The minister of war has instructed the removal of certain restrictions placed upon the Russian officers who are held as prisoners of war.
SOME JAPS CELEBRATE.
TOKIO, Sept. 22.—A solitary instance of public rejoicing at the conclusion of peace with Russia will take place at a meeting to be held today at Kotaka, a town in the remote northeast corner of the main island of Nippon. Several industrial associations will be represented in the occasion. Messages of congratulation will be forwarded by those present at the meeting to the Emperor of Japan, to Field Marshal Oyama, Vice-Admiral Togo, and to President Roosevelt.

A PROMINENT BOSTON BANKER'S SUDDEN DEATH.
BEVERLY, Mass., Sept. 22.—Francis P. Peabody, member of the Boston banking firm of Kidder, Peabody and Co., died suddenly at his home at Beverly Cove early today. Heart disease was the cause of death. Mr. Peabody was 74 years of age.
Mr. Peabody was stricken during the night, and the illness proved to be so serious that the family physician, who was hurriedly summoned, could do nothing to relieve him.
Mr. Peabody was apparently enjoying excellent health yesterday. He went to Boston and spent several hours at the office of the firm. During the afternoon he boarded his yacht for a short sail, and retired early in the evening, though he said nothing of feeling ill. Shortly after midnight he was attacked with heart disease and died later, in the presence of his family. For nearly half a century Mr. Peabody has been prominent in the financial circles of the country.

FIVE ARE AFTER VACANT POSITION.
Sharp Competition for Inland Revenue Vacancy.
C. E. Macmichael and E. F. Jones Lead in the Race—The Others are F. W. Tapley, L. R. Morton, G. K. Burton.

There are five applicants for the position made vacant by the death of W. T. F. Harrison in the customs service. It was generally supposed that there would be more applicants for this position, which is worth \$1,200 a year, but careful enquiry shows that only five are after the job and that several whose names are mentioned have not even asked to be considered.
The men in the race of the job are L. R. Morton, C. E. Macmichael, G. K. Burton, F. W. Tapley and E. F. Jones. As far as can be ascertained the choice is between Mr. Macmichael and Mr. Jones. The friends of both parties are working hard for them. The North End supporters of the government are a unit for Mr. Tapley and are leaving no stones unturned to secure his appointment. The position is considered an excellent one and the rivalry is quite keen, so that Hon. H. A. McKeown and Richard O'Brien who control the government patronage are kept quite busy.

BOMB THROWN AT BANK.
WARSAW, Russian Poland, Sept. 22.—An attempt was made at the National bank to destroy the Sheetshewsky bank. A bomb was thrown at the window of the bank but missed and exploded in the street. The perpetrator of the deed, it appears that the outrage was due to the fact that bank officials had refused to contribute to the funds of the revolutionists.

HOLLAND'S FINANCIAL DIFFICULTY.
THE HAGUE, Sept. 22.—Financial Minister Van Heekelingen presented to the chamber of commerce the budget for 1906, showing an estimated deficit of upwards of \$4,000,000. The minister said he had not completed the details of his plan to restore the financial equilibrium, but in order temporarily to relieve the budget he proposed to place an additional ten cents tax both on capital and income.

STILL LOOKING FOR MISSING WIFE.
Matthew McLaughlin, who complained to the police last week that his wife had eloped with the cook of the McLaughlin boarding house, Ben Lomond, and had taken articles he owned, was in the city this morning. He says he heard his wife was still in the city, and all he wants is the money she took from him.

The ferry employees are one by one getting into their new uniforms. Some are wearing uniform hats, others coats and hats, and it is expected that when the tourist travel reaches the city next summer that every member of the service will be equipped with the blue suit and brass buttons.

If everything is favorable the boys brigade will have a march out this evening. It is expected that now the summer holidays are over the brigade will parade in strength.

DEATHS.
DEVEBER.—Entered into rest on Friday morning, 22nd September, William Hubbard DeVeber, M. A., LL. D., rector of St. Paul's (Valley) Church from 1889 to 1893 and Canon of Christ Church Cathedral, Fredericton, in the 51st year of his age.
Funeral from St. Paul's Church, on Monday afternoon. Service at 2.30.
