The property of the prop

she averaged, to the southward of Berimida, miles a day, held an excellent wind, and would round like a top in stays. If the fore-top-mast chad not given way, and caused the loss of the majorst, there is little reason to doubt that this very could have made the quickest passage ever know. We understand she has given great satisfaction her owners, and her performances under every comstance of stiling, reflect the greatest credit the scientific abilities of Mr. Melville, as a Na Architect.

A Wrietz Hoc.—A 3 year old hog, weight 1064 lbs., when dressed, has been exhibited in teip during the week. It was raised by Mr. Jr. Nimmow, of Hammond River, and was intended be exhibited alive, in this city; for which purpit was placed in a waggon, but anfortunately dwhen a few miles on the journey, owing probato the heavy state of the roads.
