The First Pair of glasses should be very carefully fitted. Be on the safe side, if you suspect that your eyes are failing, let us advise what is best for the eyes.

Optician D. BOYANER, 38 Dundas Street.

ENQUIRY INTO CONDUCT OF INSPECTOR BELYEA

The investigation into the charges against J. Fred Belyea, local fishery inspector, was continued yesterday.

Harry Nee, chairman of the committee, said that the charges against Belyea were not made until after the fishery inspector had been in operation for some time.

Mr. Culligan followed and was greeted with an enthusiastic reception while he laid before the committee the business records of the present and old governments.

Mr. LaBillico's old government, and the one which Mr. LaBillico had attempted to be made were but a legacy which Mr. LaBillico had shouldered on the people.

A. E. G. McKenzie followed, and as usual was chiefly employed in answering questions or being called to answer for misstatements.

George Wilson, fisherman, of Chesley street, said he had some fish confiscated in May of last year, by the fishery inspector. The fish were sold for \$10.

One Sunday he saw some fish in the Rapid weir but could not tell how many. Last fall he had also had some sardines confiscated.

Witness told of a conversation he had with the inspector about Messrs. Molson and Loran, and how he (witness) said that Belyea should not permit fishing on Sunday.

The commissioner produced certified copies of the diary and account book kept by Inspector Belyea during the months of April, May, June and July of 1911, but was unable to find any record of the confiscation of A. O. H. Wilson's fish or of the remittance of the fine which he paid during the months in question.

Mr. Belyea was under examination a short time yesterday afternoon, and asked that five witnesses be summoned to give evidence today, saying that their evidence would show that the charges were unfounded. A. O. H. Wilson will probably be recalled today.

Miss Gertrude Robinson. The death of Gertrude C. Robinson, eldest daughter of Mrs. Alex. Robinson, occurred on Saturday, June 8, at the home of her mother, 31 Winter street. The deceased, who was in her 24th year, had been in failing health for a number of years.

She is survived by her mother, two brothers and two sisters. Services were conducted at the home of her mother on Sunday evening by Rev. Dr. McTigue, pastor of St. Andrew's Presbyterian church. The remains were taken to Chatham, where interment was made on Monday afternoon.

BRITISH MANUFACTURERS WELCOMED TO THE CITY

Wet Weather Makes Them Feel at Home-- Given Trip About the Harbor and Allowed to Rest in the Afternoon--Names of Members of Party.

The party of British manufacturers who are making a tour of Canada under the direction of Leonard Palmer of the London Financial News, arrived in the city on their special train at 3:40 yesterday morning and proceeded to the Royal Hotel, where they were met by Mayor Frink, President Schofield of the Board of Trade, and others.

After the formal reception the visitors were taken on a trip down the harbor and over to Courtenay Bay on the ferryboat Governor Carter. The fog, mist and rain interfered with the pleasure of the trip, but the visitors said they had lots of the same kind of weather at home, and it was not necessary to offer apologies.

Lunch was served on the boat and the party returned to the city about 1 o'clock. It was the intention to take the visitors for an automobile trip around the city in the afternoon, and entertain them at the Golf Club, but owing to the weather this part of the programme was abandoned.

Informal Dinner. In the evening there was an informal dinner at the Royal Hotel, at which Mayor Frink and Lieut. Governor Woods were the guests of the party.

Leonard Palmer presided, and after the men had been disposed of there were brief speeches by the Mayor, the Lieut. Governor, and Major Leather, a member of the British party.

His Worship expressed his pleasure at welcoming so large a party of representative men of the mother country to the city, and went on to describe the development of the city, and point out the difficulties it had to contend with.

He observed that St. John was at one time the center of a great shipbuilding industry, and that it once ranked as the fourth port of the world in the matter of ownership of vessel tonnage.

He referred to the great fire of 1877, and the decline resulting from the suspending of the wooden sailing vessel by the iron steamship.

He spoke of the re-awakening of the city's ambition, the provision of docking facilities for steamships on the west side, the growth of the export trade from \$4,000,000 to over \$30,000,000 in the course of twelve years, and pointed out that when the works at Courtenay Bay were complete St. John would be one of the best equipped ports in America.

He spoke enthusiastically of the prospects of the future, and declared that it would grow rapidly and become a great city. Already he saw evidence of the effects of the reaction of the great developments in the west.

Lt. Gov. Wood spoke briefly. He said that the progress of New Brunswick was not as rapid as the west, men who had lived here all their lives, had seen important developments, and were confident that the future would see a tremendous advance in eastern Canada.

He expressed the hope that the visitors would find the weather in other parts of Canada more hospitable than they had in St. John.

Pleased With Reception. Major F. T. Leather, speaking for the party, said that they were much pleased with the hospitality which had been shown them since they entered Canada, and added that if the west was more hospitable than the east, which was hardly possible, they would want to stop here for good.

The party will become the guests of the lieutenant-governor this evening, and will make a trip up the river on the May Queen. After a short stop at Fredericton, they will take a special train, which leaves for Montreal on Saturday at 10 o'clock Saturday morning.

On the arrival of the party here, Mr. Palmer received a message from Col. Lowther, stating that the governor-general who is in Montreal, would be glad to take the party to Ottawa on Saturday at Lord Strathcona's residence.

While in Montreal the party will be entertained by the mayor, the presidents of the boards of trade, and will be given a luncheon on the top of Mount Royal. On Sunday the party will leave by a Grand Trunk special for Ottawa, where they will put up at the Chateau Laurier, and will be entertained by the mayor, the members of the Board of Trade, and other Ontario cities, and on to North Bay, where they will take a special train for the coast and back. The tour of Canada will occupy about 42 days. The party is due to arrive at Montreal on the return trip on July 15th and to sail by an Allan liner on July 20th.

The visitors, although they did not see St. John under the most favorable auspices, were much impressed with the character and spirit of the town, and pointed out that when the city, of which more was likely to be heard in the future than in the past.

The late members did not realize very much time to show what they had accomplished for the county during their term of office and then proceeded to refute the ridiculous charges that have formed the ground work of the present campaign of the opposition.

They had the laboring oar and it was an easy matter for the government speakers to refute all statements made by the opposition. The standard bearers of the government had things very much their own way and carried the audience with them, particularly when they pictured the reforms introduced by the present administration and the manner in which their pledges had been fulfilled. If nomination proceedings can be relied on, today's results augured an easy victory for the government ticket.

Special to The Standard. Bathurst, June 13.—Nomination proceedings here passed off quietly. J. B. Hickey, A. J. Stewart, A. J. Witzell and M. Robichaud, were placed in nomination as the government candidates. They were opposed by the following: T. M. Burns, R. G. Duncan, J. J. Hickey, W. J. Kent, A. Gallant, W. White and others. In the afternoon the candidates addressed a good-sized gathering in the rink, each speaker being limited to half an hour.

Special to The Standard. Andover, June 13.—Round about town of uplanders greeted Titus J. Carter and J. Leigh when they addressed the electors at the nomination proceedings here today. J. F. Tweeddale and James Burgess, the opposition candidates, were accorded a distinct frost in their reception, and to make the position of Carr's proteges worse, the representatives present were from every part of the county.

Special train arguments ran from Grand Falls and Plaster Rock. The Grand Falls delegation were awake to the fact that the St. John Valley Railway will come to Grand Falls through the instigation of the Flemming government. The delegation from Plaster Rock and Tobique points voiced their appreciation of the plan to extend the Tobique Valley Railway from Plaster Rock to Riley Brook.

Burgess was compelled to refer to the blue book in order to obtain any ground upon which to work. He could find no local conditions whereupon he might criticize the government. Tweeddale's speech was much lauder than his already weakening opponent's. His arguments were subsequently nullified by Mr. Carter whose arguments evoked much applause.

Mr. Carter received the most hearty welcome of any of the candidates. He scored point after point against the arguments produced by the opposition candidates and his telling logic in regard to the construction of the St. John Valley Railway to Grand Falls was received with hearty cheers. C. H. Elliott of Perth, was elected chairman.

Mr. Tweeddale was the first speaker and Messrs. Carter and Burgess followed. Mr. White then came. Mr. Tweeddale was allowed a 15 minute rebuttal speech, but when he arose to speak he was met by a storm of protest. He lifted his hand to command attention and begged the voters to bear his remarks, but the voters would not stop. They had heard the forceful arguments of the government candidates and cared nothing for the misrepresentations that had been advanced by the majority of the opposition speakers. Altogether, today's proceedings were the worst set-back the opposition party has received in years. It looks like 200 majority here for each of the candidates.

Special to The Standard. Gloucester, June 13.—Nomination proceedings here passed off quietly. J. B. Hickey, A. J. Stewart, A. J. Witzell and M. Robichaud, were placed in nomination as the government candidates. They were opposed by the following: T. M. Burns, R. G. Duncan, J. J. Hickey, W. J. Kent, A. Gallant, W. White and others. SUMMER SKIN TROUBLES

Sunburn, blistering, and irritation are the commonest form of summer skin troubles, and Zam-Buk ends these very quickly. It works in two ways. As soon as applied, its antiseptic powers get to work and kill all the poison in a wound, a sting or a sore. This generally ends the smarting and the pain. Then Zam-Buk begins the healing process, and fresh healthy tissue is built up. For sore, blistered feet, sore hands, heat rashes, baby's heat spots, sore places due to perspiration, etc., you can't equal Zam-Buk. It also cures cuts, ulcers, abscesses, piles, and all inflamed and diseased conditions of skin and sub-dermal tissue. Druggists and stores everywhere sell Zam-Buk, 50c. box. Use Zam-Buk Soap also, 25c. per box. All stores, or Zam-Buk Co., Toronto.

When there is no show of a chance that the government will be overthrown." This question they have asked and the evidence of their answer will be found in the election of Charles I. Cyr of St. Leonard's and Max D. Cormier of Edmundston as supporters of a government which will be returned to power with a larger majority than ever before.

Summing up, the county is expected to go government by from 150 to 200, and if this prediction turns out correct as it is believed it will, it will be a distinct triumph for the government candidates and the cause they represent, as the fight here has been waged against great odds, not the least of which is that Mr. Costigan and Pius Michaud have made this a personal fight. Mr. Costigan is in Edmundston working a personal canvass in the interests of Messrs. Dugal and Pelelier, and has met with many rebuffs as words of endorsement. In spite of the blandishments of Hon. Mr. Costigan and Mr. Michaud the question for the people of Madawaska to ask themselves is "What will it benefit us to vote against government?"
