BANGOR SHUT OUT BY ST. CROIX

Bangor, Me., May 28.—The St. Croix team shut out the Bangor Maroons in the second game played in this city this afternoon by a score of 1 to 0. With a strong wind blowing across the grounds, and dark storm clouds overhead, a small gathering of the local fans assembled at the ball park and witnessed one of the fastest and most exciting games played by the league teams this season. Blackbird was in the box for Bangor, being given his first trial with the local team. Connelly officiated for the visitors, taking the place of Lee. Both teams began working out early and displayed snappy work and a pitcher's battle ensued. At the end of the first inning neither side had scored. In the second Bangor failed to score, while Wildes brought in one for St. Croix. Wildes went to first on an error by Hammand in centre field and then went to second on a hit by McPherson. Bross fled to Dolan who did not hold the ball and scored Wildes. Neither side scored after the second. Both pitchers held their men down and with fine support finished the game very strong.

The following is the box score and summary:

GOVERNMENT TO PROSECUTE THE PRINCIPAL

Calgary, Alta., May 28.—Another change in the government of Alberta's prosecution for the principal in Saturday's fatal prize fight was made in a hearing late last night, when Tommy Burns and Arthur Peck were committed to stand trial for manslaughter in connection with the death of Luther McCarty, and William McCarty and Ed. Smith were released on \$200 bail each, and ordered to appear as witnesses when the case is tried.

The ball of \$10,000 each for the release of Peck and Smith was continued. It was openly charged by the authorities that the coroner's jury was made up almost completely of personal friends of Burns, and that most of the jurors were enthusiastic fight followers. It was further contended that Coroner Costello was incompetent to sit at the inquest having himself attended the fight.

Smith and McCarty departed on an early morning train today for Piquette, Ohio, taking with them the remains of McCarty.

The crown prosecutor last night questioned Burns, McCarty and Smith closely regarding their connection with the fatal contest, but failed to draw from them any information that death was caused by the blow to the jaw, which, according to those who conducted the autopsy, resulted in the dislocation of the neck and subsequently death.

Dr. C. J. Stuart, who appeared in a medical capacity for the defendants, has issued a statement in which he declared his belief that McCarty had suffered his injury in a previous fight, and that the slightest blow would have caused death.

A suit for criminal libel has been filed by Burns against Rev. J. C. Smeore of the First Baptist church, who, it is said, stated in the pulpit on Sunday that Saturday's affair was murder, pure and simple, and that those promoting the contest should be deported. Burns declares he will file suit against other ministers who made similar remarks regarding the fight.

Chicago, May 28.—Luther McCarty left an estate worth \$20,000, according to the estimate of Attorney V. R. Lovell, of Fargo, N. D., who is here in the interests of the fighter's widow. The lawyer believes that McCarty made \$100,000 from his fighting on the Pacific coast and in the east and in his stage appearances in the last eighteen months. He understands that McCarty was under contract to Billy Burns, his manager, who received in the neighborhood of one-third of the fighter's earnings.

PLAYERS FOR FREDERICTON.

"Red" Murphy, the catcher who was promised to Manager Ganley of Fredericton by the Lowell Club, arrived Tuesday evening from Boston. Only two catchers are to be carried, and it is up to Murphy to battle with Mike Spring and "Desperate" Desmond for the job.

Jack Fryer is expected to join Fredericton at Bangor on Friday.

PRACTICE GAMES BEING PLAYED BEFORE INTERNATIONAL MATCH

DRIVING TOWARD THE SOUTH GOAL

The top picture shows the American polo team in action on the Meadow Brook field practicing for the international match in June. This photograph was taken the day the English team, which is shown below, arrived. The American players were badly beaten during this scrimmage by a scrum team. The view was photographed just as the ball, which is seen in the left lower corner of the picture, is being driven down to the south goal by the "minor polo lights," who beat the "first team" by a bad score.

WORLD'S AMATEUR GOLF CHAMPS

St. Andrews, Scotland, May 28.—W. Heinrich Schmidt, the Worcester player, is the sole survivor among the American entrants in the contest for the amateur golf championship of the world. He won in both the fourth and fifth rounds today, and will meet in the sixth round tomorrow V. H. Hilton, of the Liverpool Golf Club, who has held the world's championship title three times and has been player, a last favorite for the championship.

The American was out in thirty-eight and stood six up at the turn. Coming in, he held out in four, three and four, never giving his opponent a chance, and won eight up and six to play.

Harold Weber, of Toledo, Ohio, was eliminated from the contest by World in the final round of the match, who was won by one up. Weber's defeat leaves Schmidt to represent America among the eight who remain to compete for the championship. But the form he showed against Greig was in such striking contrast to that displayed by Hilton, who only just scraped through in his match with Greig, winning at the nineteenth hole after a tie, that the Massachusetts youngster has been made an even money choice against the renowned English player for tomorrow's match, and six to one is laid against Schmidt as the ultimate winner of the championship.

Schmidt is excellent, a long straight ball down the middle of the course. His approaching is deadly in accuracy and his pitching and putting have improved greatly since play began. He worked his way through college and is paying the expenses of the trip by special work. His victory would be more popular among the Scotch artisan rollers, who say they are tired of seeing the amateur championship won by rich men who devote their whole time to golf.

SPORTOGRAPHY

Hoosier Capital's 500-Mile Automobile Race Tomorrow.

To make a Hoosier holiday, the annual Deacon Day 500-mile automobile sweepstake race will be held tomorrow at Indianapolis, with the fastest machines and the most daring drivers of America and Europe entered in the race against time—and death. Racing cars that, to the spectator, will seem but streaks of flame and dust and vapor, will be flung around the course by iron-nerved men, in an effort to cover the distance, the long distance, at a faster rate of speed than ever before. An instant's delay a momentary loss of nerve on the part of any of the frail humans who guide the throbbing masses of steel in their swift flight, and the holiday will be developed into a tragedy. Every driver entered in such a race knows that he is flirting with death—that some day he will "get his." But he only shrugs his shoulders. He is a fatalist, else he would not be an automobile racer. Death is a part of the game he plays. Tomorrow's race at Indianapolis will be the third of its kind to be staged in the Indiana metropolis. The 1911 500-mile contest was won by

THEY WANT NEW ENGLAND CUP DEFENDER

Boston, May 28.—A New England yacht for America Cup defense, paid for by New England popular subscription, designed by a New Englander, built by a New Englander, sparred by a New Englander from New England trees, and everything about her to be New England, even her name, is the idea of George W. Eldridge, veteran pilot, yachtsman and chart maker. As Mr. Eldridge has called on cup defenders of other days and was instrumental in the building of the Independence, the Lawson aspirant for the cup defense, his idea is not to be scoffed at.

Mr. Eldridge believes he has struck upon the best way to represent New England in the races. Briefly, his plan is:

Subscriptions of either \$2 or \$5 each, in the former case to total 50,000 and in the latter 20,000, all to come from New Englanders. He figures that about \$75,000 would be needed for the building of the boat and about \$25,000 for her expenses during the season.

Mr. Eldridge himself is to have full charge of the money and full charge of the management of the boat. He doesn't believe in syndicates to manage cup defense boats.

He wants full power to select a design from a naval architect and he would give every yacht designer in New England a chance to send in designs. The building of the boat he would have the full charge of. He would get bids from every designer who wanted to compete. In the selection of a man to sail the defender, Mr. Eldridge also wants to be supreme, and he says he knows the man. As to the crew, they will be New Englanders to a man. For his participation in the management of the boat and all the work it entails, Mr. Eldridge says he does not want a cent.

As to the ownership of the boat, Mr. Eldridge doesn't care who gets her ultimately. It would be his idea, if there were no legal difficulties, to have the boat drawn by lot or some other method of that sort. In case there were objection to that scheme, he believes that it would be feasible to sell the boat after the races are over and to return the money to the subscribers pro rata, minus the expenses of the season.

HAL CHASE MARRIES.

New York, May 28.—Hal Chase of the Highlanders took a quiet trip to Jersey City tonight, accompanied by Miss Annie Cherub, and they were married by a justice of the peace. This is Chase's second matrimonial venture.

HOPPE DEFEATED JAPANESE

New York, May 28.—Willie Hoppe successfully defended his world's billiard championship at 18-inch balling, two shots in, against the challenger, Koji Yamada of Japan, here tonight. The score here was 500 to 23.

Since the rules of the game were so changed that the "anchor" was barred no other such one-sided championship game has been seen. Hoppe in the second inning made a run of 115, playing the most masterly billiards of which he is capable. He nursed, rolled, drew and made mass shots without hesitation. He finished the game with a run of 91. The score: Hoppe—0, 115, 67, 39, 8, 0, 50, 35, 29, 66, 91. Total, 500. Average, 41.812. High runs, 115, 91, 67. Yamada—15, 2, 10, 6, 4, 0, 0, 1, 0, 1. Total, 53. Average, 3. High runs, 15, 10, 4.

Albert Outler of Boston was the referee.

TWO WOMEN TESTIFY

What Lydia E. Pinkham's Vegetable Compound Did For Their Health—Their own Statements Follow.

Halliburton, P. E.I.—"I had a doctor examine me and he said I had falling of the womb, so I have been taking Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. All the bearing-down pains have vanished. I have gained ten pounds in weight, the discharge is all gone, and I feel better than I have for a long time. I think any woman is foolish to suffer as I did for the sake of a few dollars.

"You can use my letter as a testimonial. It may encourage other poor women who suffer as I did to use your Vegetable Compound."—Mrs. GEO. COLLICUTT, Halliburton, Lot 7, P. E.I.

Read What This Woman Says: New Moorefield, Ohio.—"I take great pleasure in thanking you for what your Vegetable Compound has done for me. I had bearing down pains, was dizzy and weak, had pains in lower back and could not be upon my feet long enough to get a meal. As long as I laid on my back I would feel better, but when I would get up those bearing down pains would come back, and the doctor said I had female trouble. Lydia E. Pinkham's Vegetable Compound was the only medicine that helped me and I have been growing stronger ever since I commenced to take it. I hope it will help other suffering women as it has me. You can use this letter."—Mrs. CAROL LLOYD, New Moorefield, Clark Co., Ohio

AINSMITH A NATIONAL BACK-STOP

EDDIE AINSMITH

John Hendry's knee will prevent him catching the majority of games for the Nationals this year. In Eddie Ainsmith he has an able assistant; in fact, he is rated higher than Hendry in his showing so far this year.

Ainsmith has been the battery partner of the great Walter Johnson since Gabby Street went to the minors. Many fans expected Johnson to lose some of his effectiveness without his old receiver, but Eddie seems to handle his shots in great style. Clark Griffith recently made an assertion that he thought Ainsmith the greatest catcher in the game today, not excepting Archer of the Cubs.

GAME WAS CALLED.

Owing to the rain storm yesterday afternoon the scheduled game between Fredericton and the Marathons on the North End grounds was called off.

OLD CY IN HARNESS.

Chicago, May 28.—Cy Young, veteran American league pitcher, came to Chicago today at the head of the Federal league team of Cleveland and lost to the Chicago club, 1 to 0.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ontario, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

"At last Dr. Morse's Indian Root Pills were brought to my notice, and they are the best I ever knew. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

WEDDING AT BATHURST.

Special to The Standard.
Bathurst, N. B., May 28.—A very pretty wedding took place at the home of the bride today, when Miss Margaret Duncan, youngest daughter of Dr. G. M. Duncan, was united in marriage to S. Howard Cox of the staff of the Bathurst Lumber Co. Rev. W. McE. Matthews, of the Presbyterian Church, performed the ceremony, and the relatives and near friends being present. The bride looked very pretty in a pale grey Bedford cord travelling suit with pale blue trimmings and hat, and carrying a bouquet of white carnations. A pretty feature of the wedding was brought out by the bride wearing a beautiful white rose gown from a slip taken by a friend from her sister's wedding bouquet nine years ago. After supper the bride and groom left on the Ocean Limited for Ottawa and other Upper Canadian cities.

MONCTON NEWS.

Moncton, May 28.—Thomas McKinnon, one of the men seriously injured by a premature blast, Monday, near Belleville, Ont., formerly belonged to Moncton. He is a son of James McKinnon, formerly a well-known C. E. employee, who was also working with him when the explosion occurred.

W. T. Denham, of Woodstock, is an applicant for a position on the High School staff, caused by the resignation of W. A. Cowper.

Mrs. B. Gordon, wife of a well-known I. C. R. conductor, has received a telegram announcing the death of her brother, W. A. Grave, in Montana.

MARITIME

GRAND FALLS FOLK SPENT A GOOD TIME ON VICTORIA DAY

Threatening Weather Turned Fine and Programme of Field Sports was Much Enjoyed—Boy Scouts Active.

Grand Falls, May 24.—The morning of the 24th dawned gloomy and grey portentous of a steady downpour of rain, and many anxious eyes were skyward turned, as the boys, old and young, had promised the town, took a treat in field sports, and the people en masse turned out to enjoy the sights. So there was joy when the clouds rolled away and a fine day was assured.

The feature of the day's celebration was the introduction of the Grand Falls troupe of the Baden Powell boy scouts, organized and trained by W. R. Wright, late of the army, at present an employe of J. L. White, M. P., and associated with Mr. Wright is the Rev. Mr. Crabtree. This little company is composed largely of just small lads not in their teens, but clad in brand new khaki uniforms, Baden Powell hats and dressed with guide sticks, their faces serious, bodies strong and alert, movements alert and precise that little band of warriors presented a very interesting appearance.

Great praise is due Mr. Wright for his splendid work in "breaking in" and in so short a time the physical drilling of the Grand Falls troop Baden Powell Boy Scouts. Mr. Crabtree was standard bearer, and the scouts saluted the flag with great dignity.

Another interesting time was the formal opening of the Grand Falls Brass Band. It, too, is made up principally of young lads, quite new in their knowledge of musical brass instruments. Under the efficient teaching and management of Mr. Bonnell the band prepared a delightful programme; one of the numbers being an accompaniment to the scouts' physical drill, and it was especially interesting.

A top-of-far between the men and Grand Falls troop Baden Powell Boy Scouts was fought out, the latter carried the day.

A game of baseball between St. Mary's College students of Van Buren, Maine, and Grand Falls boys ended with latter going down to defeat.

The Daughters of All Saints' Club of Grand Falls presented most acceptably their little musical comedy called "Aldin, or the Slave of the Lam" to an appreciative audience at Edmunston. The house was packed to the doors. The club has been rehearsing the comedy for some time, and Mrs. Hand, wife of the rector of All Saints church here and has been most ably assisted by Mrs. Jay Kirkpatrick, Ronald Keeton was stage manager and property man. The proceeds go towards a rectory at Grand Falls.
