Thought Nothing But Death Would End Her Misery.

WAS TROUBLED WITH Heart Disease.

Mrs. J. D. Talbut, Owen Sound, Ont., writes:—"I have been a great sufferer from heart disease, and leaking valves. I have had resource to every kind of treatment I could think might help me, including the skill of several doctors. I suffered so for years that at times I have felt that nothing but death could end my misery. I was advised by a friend, who had suffered untold pain and misery, just as I had, and had been cured by Milburn's Heart and Nerve Pills, to give them a trial, so I decided to do so. I am delighted with the result, as I am now completely cured, and can eat and sleep as I have not done for years.

You are at liberty to use my name at any time as I am convinced they are the best pills on the market for any form of heart disease."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

He also said that Messrs. Dimock and Harriett of Windsor had offered prizes for an oratorical contest to be competed for next winter.

President Powell further stated that at the board of governors meeting the night before, it was decided to undertake the establishment of a residence for college girls. A committee had been appointed to select a site and it was hoped that in a year from next autumn the home would be formally opened for girl students.

Rev. B. W. R. Taylor, D. D., gave the alumni oration. Imperial Federation was the keynote of his address. It was replete with loyalty to the traditions of Great Britain, optimistic and prophetic.

Solidarity of the Anglo-Saxon race was the golden thread of hope running all through his forceful and interesting speech. J. H. Plummer and Bishop Worrell gave brief addresses. It was also announced that J. H. Plummer had endowed a chair in the college, the amount of the contribution being six hundred dollars a year. After the exercises were over, President and Mrs. Powell were at home to visitors at the president's lodge. The students' ball tonight closes the week's performances.

TEST NEW EXPLOSIVE THAT MAY BE USED BY ARMY IN MEXICO

HANDING LIGHTED TROTOL TO CORPORAL ELKAN (MOUNTED) WHO GALLOPS OUT AND PLANTS MINE.

EXPLODING WATER MINE.

With electrical apparatus and one hundred sticks of what is said to be the most powerful military explosive known, the demolition squad of the Twenty-second Engineers, N. G. N. Y., at the Grassy Sprain reservoir, near Tuckahoe, N. Y., blew up rocks, tore down trees and sent a giant water spout three hundred feet into the air from the centre of the lake. It was the first outdoor demonstration of the new explosive trotol-gelatin, and the bombardment of the heavy charges shattered the peace and quiet of the placid valley. If further tests prove successful some of the new explosive may be sent to Mexico for use by our forces there.

AMENDMENT TO THE ANTI-TIPPING BILL

Senator Boyer Wants Notices Put Up So that Strangers Will be Made Aware of Law

Ottawa, May 14.—In the Senate today Senator Boyer, Montreal, offered an amendment to the anti-tipping bill. It provides that in conveyances, hotels, restaurants, theatres, boot polishing establishments and similar public places notices be posted that tipping is illegal and forbidden. In support of his amendment he stated that a stranger entering the country and not knowing the law might give a tip and render himself liable to a fine of $100 or imprisonment for a year. This would be severe punishment for ignorance.

Senator Davis, the author of the bill, in reply stated that a stranger who entered a prohibition municipality and bought a glass of liquor was in the same case.

Senator Casgrain, Montreal, said he was against the bill. In many cases servants had to pay for their places and the only remuneration they received was in the form of tips. The person who took the hats in the Freeman Hotel in Montreal, he said, paid $100 for the privilege.

Senator Davis said this was one of the things the bill aimed to prevent. Employers should pay their servants.

The bill was allowed to stand over until Tuesday next pending re-drafting of the amendment.

MAYOR OF MONTREAL GETS AFTER CAFES IN SPITE OF COURT RULING

Orders the Police to Summon Restaurant Owners to Court for Selling Liquor Without a License.

Montreal, May 14.—Mayor Martin decided to cut the gordian knot of legal proceedings that has enabled five restaurants, including four cabaret shows, to continue open despite the fact that the license commissioners have refused them a license. The tangle was caused when the refusal of the license commission to grant licenses was thrown out by Judge Charbonneau because a copy of the findings was given to the newspapers before it was delivered.

The Attorney General's department appealed against Judge Charbonneau's judgment and the licenses were again refused. Pending the result of the appeal, however, the restaurants continued in operation. Mayor Martin has now ordered the chief of police to summon the owners of the restaurants to appear in the Recorder's Court for selling liquor without a license.
