## HEROES FROM LOYAL KINGS GAVE LIVES

John Landry of Havelock, Roy Young of Millstream and Wendall Vanwart of Norton Killed in Action.

Sussex, September 19.—Private John Landry, son of Mr. and Mrs. John Landry, Lower Ridge, Parish of Hanlock, K. C., was killed in action on August 24th. This young hero enlisted in the 115th Battalion and went to England with that unit. He was drafted into the "Fighting 36th" and later transferred to the 78th Battalion. He was twice wounded, but was built of the stuff from which heroes are made, and on recovery reported at once for duty again in the trenches. Just prior to his making the supreme sacrifice he had returned to France after getting his discharge from an English hospital. Pte. Landry was 32 years of age. He leaves to mourn beside his parents, several brothers and one sister, Mrs. Fred Forsythe, of Havelock. Word has been received that Pte. Roy Young, son of Mr. and Mrs. Geo. Young of Lower Millstream, had died of wounds. He went overseas with the 104th, and was afterwards transferred to the 78th Battalion in France. Pte. Young was a splendid young man and made a fine soldier. His death will be mourned by all with deep regret.

Wendall Van Wart. Another Norton boy, Private Wendall Van Wart has given his life in the great cause of liberty. He was killed in action on August 28. He is a son of Rev. I. E. and Mrs. Van Wart, Norton. He was 21 years of age and is survived by his parents, one brother, Vernon B., and three sisters, Ella G., who is teaching in Edmonton, and Minerva and Mabel, at home. Private Van Wart enlisted with his brother, Sergeant Vernon Van Wart, with the 104th Battalion. Wendall transferred to a New Brunswick unit and saw much active service. The family will have every sympathy in the loss of a son, whose high sense of duty and splendid character stamped him as one whose future held much in store had he not given his life for his country.

## Cramps and Pains In The Stomach

QUICKLY CURED BY DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

Mrs. J. Fawcett, Hopewell Hill, N. B. writes: "I am writing you of my experience with Dr. Fowler's Extract of Wild Strawberry." "Last summer I was taken so very sick with cramps and pains across my stomach that I sent for the doctor. He said I had summer complaint and gave me some medicine, but it did me very little good. As I was reading your B. B. Almanac, I saw Dr. Fowler's Extract of Wild Strawberry advertised, so I asked my sister to go to the store and get me a bottle, and before I had taken all of it I was a well woman, and have not had the slightest return of the trouble since. I cannot say enough for your valuable medicine, and always keep a bottle in the house." "You run absolutely no risk when you buy Dr. Fowler's Extract of Wild Strawberry, as it has been a standard remedy on the market for the past 72 years. Ask for 'Dr. Fowler's' and insist on getting it, as the cheap imitations are dangerous to your health. Price 35c. Put up by The T. Milburn Co., Limited, Toronto, Ont."

## LABOR MEN DEMAND CONTROL BY GOVERNMENT OF PRICES OF ALL ESSENTIAL FOODSTUFFS

Resolution Introduced By P. M. Draper Adopted At Yesterday's Meeting of Dominion Trades and Labor Congress—Nationalization of Practice of Medicine To Be Urged on Government.

Quebec, Que., Sept. 19.—The effective control of the prices of essential foodstuffs, cereals, meats, etc., by the Dominion Government, is demanded in a resolution adopted at this afternoon's session of the Trades and Labor Congress. Attempts were made by the radical faction attending the Congress to secure endorsement for an amendment which urged that all wages should be increased when the price of commodities went up, but the attempt was unsuccessful. A motion, which was dropped for that ultimately carried, asked for the appointment by the Dominion Government of a commission to fix the prices of necessities of life.

The Congress also adopted a resolution calling for the nationalization of the practice of medicine and all hospitals.

At the opening of the session this afternoon it was announced that President Wattars had been endorsed as a delegate to the Congress by the Ottawa local, thus rendering him eligible for re-election as an officer of the organization.

Addressing the delegates, William Mahone, International President of the Street Railwaymen's Union, Detroit, asked T. G. Hancock, M.P., the representative of the British Trades and Labor Congress, to take back with him the instruction that Ireland must have Home Rule. "As an Irish-American," said Mr. Mahone, "and as the father of three soldiers, I say our boys will fight the battle for democracy and against Prussian militarism, but Britain must do justice to Ireland and all her provinces."

The statement of Mr. Mahone was very loudly applauded.

The Food Debate.

He debated the price of food was inflated this morning when a motion sent up to the Congress from the Hamilton Trades and Labor Council, asked for a commission.

R. J. Johns, Winnipeg, amended the motion so that it demanded that when food prices soared the members of the unions affiliated with the Congress should get a corresponding increase in wages.

J. C. Cassidy, Montreal, supporting the amendment, said that wages should be looked at in the terms of the necessary commodities they would buy, such as pork chops, clothes and chewing tobacco. That was the philosophy and economics of the question.

M. Draper, Ottawa, then introduced the following amendment: "The fundamental source of the discontent and unrest that agitate the public mind and are constantly productive of dilapidation of trade and industries, as well as being a menace to the peace and prosperity of the people of Canada, is the disproportion that exists between the incomes, revenues, salaries or wages and the cost of the necessities of life."

He said that it was expedient that the Government of Canada should immediately assume full and effective control of all prices of essential foodstuffs, cereals, meats, etc. That such fixed prices be not more than those now existing in each case, thereby preventing further increase in the cost of these essential articles to the consumer, assuming that present prevailing prices are ample to stimulate production. That such control be exercised effectively, uncompromisingly, and with penalties attached to the violation of such regulations as, from time to time, are established by the government."

Under Fire.

"He says he is where bullets are the thickest every day!"

"Yes—he works in a munition factory."

It is not what you eat—

but what you assimilate that does you good.

BOVRIL has the wonderful power of making other foods more nourishing.

This was proved by Professor Thompson, of Dublin, in independent experiments carried out at the request of a Government Department.

## DEATH IN YARMOUTH OF C. C. RICHARDS

One of Most Progressive Business Men in Nova Scotia Town Died Suddenly Wednesday Evening.

Special to The Standard.

Yarmouth, N.S., Sept. 19.—C. C. Richards, one of the most prominent business men in Eastern Canada, died very suddenly last evening between eight and nine o'clock, heart failure being the cause of death. This is the fourth of a series of sudden deaths in Mr. Richards' family, which have startled the town in the past few years.

First, Mr. Richards' sister, the wife of Capt. Augustus Cann, was found dead in her bed, then Capt. Cann, himself, died suddenly on his way home during a snowstorm last March. Mrs. C. C. Richards was found lying dead on a sofa only three weeks ago, and now Mr. Richards.

The late Mr. Richards was born in Arcadia, this county, a little over sixty years ago. He started his business career as a clerk in the drug store of H. A. Pary, which he later purchased. As the senior partner of C. C. Richards & Co., he carried on a successful drug business, during which he acquired the manufacturing rights of Minard's Liniment. He remained in the drug business some years ago, and devoted all his time as president and managing director of the newly organized Minard Liniment Co., and under his wise guidance that company is now the largest of its kind in Canada.

Mr. Richards was president of the N. W. Burrell Johnson Iron Co., Ltd., managing director of the Yarmouth Times, Limited; director of the Yarmouth Hospital, and secretary-treasurer of the Old Ladies' Home. In religion he was a Methodist, and was secretary of the quarterly board of Providence Church.

Mr. Richards was a great lover of out of door life, and took an active part in sporting events of all kinds.

TERRIBLE RAVAGES OF WHITE PLAGUE IN BELGIUM

The most menacing of the many evils brought upon Belgium by the war is the rapid increase in the number of tuberculosis cases. A large portion of the population is already in the grip of the White Plague, a still larger proportion is reduced through malnutrition and exposure to a physical condition in virtue of which it becomes an easy prey to the disease. This is particularly the case among the children of the cities and crowded industrial centres, many of whom are in the incipient stages of consumption. A type of organization existing before the war has been amplified and transformed, and is now effectively combatting this menace to Belgium's next generation. With the support of the Belgian Relief Commission it was possible to remodel what has been known as the "Foyer des Orphelins," a society having for its purpose the advancement of the physical and moral welfare of orphans, abandoned and orphaned children, the Orphanage and Anti-Tuberculosis League. The organization is now directing its energies to protecting the young from the disease, and to re-

starting, where possible, those already affected so.

The many institutions under the direction of this organization are largely dependent upon the Belgian Relief Commission for the money wherewith to continue their great work. Many have reached the limit of their accommodations and their resources, and it is hard to accept such limitations when there are so many more children in dire need of attention. To carry on and increase this work of salvation outside aid is absolutely indispensable, and the only channel through which such aid may be secured is the Belgian Relief Fund. Contributions should be sent to the local committee or to the Central Committee, 59 St. Peter Street, Montreal, Que.

"He was asleep twenty years and yet nobody caught him napping."

All the Same.

Officer—"Hang it! you've brought the wrong pair of boots. Can't you see one is black and the other is brown?"

Raw One—"Sure, sir, but the other pair are just the same."

Sole Distributors for New Brunswick.

You Look As YOU FEEL

You know well enough when your liver is loafing.

Constipation is the first warning; then you begin to "feel mean all over."

Your skin soon gets the bad news; it grows dull, yellow, muddy and unsightly.

Violent purgatives are not what you need—just the gentle help of this old-time standard remedy.

CARTER'S LIVER PILLS

Genuine bears Signature

Colorless faces often show the absence of iron in the blood.

Carter's Iron Pills will help this condition.

Careless Shampooing Spoils The Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoo or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary multifid coconut oil (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multifid coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.
