

Undergraduates are arranged according to their standing, as Students of the First, Second, Third, and Fourth Years; and are required to attend all the Courses of Lectures appointed for their several years under the regulations as to attendance and conduct stated in § VII. The only exceptions are those in favour of Honour and Professional Students stated below.

HONOUR COURSES.

At the examination for the Degree, of B. A., Honours are given in the following subjects, for which special Honour Courses are provided:—
[For details see under § X.]

1. *Classics.*
2. *Mathematics.*
3. *Logic and Mental and Moral Philosophy.*
4. *English Language, Literature and History.*
5. *Natural Science.*

Students taking B. A. Honours in any of the above Courses may omit two of the ordinary subjects in the Degree Examination, under the conditions stated in § IV. 4.

In Mathematics and Physics, Honours are also given in the First, Second, and Third Years, and in Classics in the Third Year.

§ IV. EXAMINATIONS.

COLLEGE EXAMINATIONS.

There are two Examinations in each year; one at Christmas, and the other at the end of the Session. In both of these, Students will be arranged according to their answering, as 1st Class, 2nd Class, and 3rd Class.

Students who fail in any subject in the Christmas Examinations, are required to pass a Supplemental Examination in that subject before admission to the Sessional Examinations.

Students who fail in one subject in the Sessional Examinations, are required to pass a Supplemental Examination in that subject. Should they fail in this, they will be required in the following Session to take the Lectures and pass the Examination in the subject in which they have failed, in addition to those of the Ordinary Course, or to pass the Examination alone without attending Lectures, at the discretion of the Faculty.

Failure in two or more subjects at the Sessional Examinations involves the loss of the Session. The Faculty may permit the Student to recover his standing by passing a Supplemental Examination at the beginning of the ensuing Session. For the purposes of this regulation, Classics and Mathematics are each regarded as two subjects.
