

RUSSIAN OFFENSIVE AGAINST GEN. HINDENBURG

In the Region of Dvinsk Part of the German First Line Trenches Were Captured.

A despatch from London says:— Surprising even in importance the allies' great effort on the western front, the news from the eastern battlefield shows that the Russians have extended their offensive on an extensive scale. On the whole front from Riga to Baranovichi, a distance of about 800 miles, the Russians are being hurled against the German lines. Further to the south General Kaledines is driving steadily forward toward Kovol and has captured two villages and a railroad station on the Sarny-Kovel road. Military critics of the allies assert that unless the Germans can halt the Russian advance in the immediate future they will have to withdraw their lines along the entire eastern front and probably abandon Lemberg.

In the tremendous offensive against Field Marshal von Hindenburg's forces General Evert is leading the Czar's troops in furious attacks extending along a hundred-mile front from the Vilna line in the north to Baranovichi in the south.

Preceding their infantry assaults by a bombardment of such intensity during its 24 hours' duration, that the Germans were blinded and stunned into helplessness, the Russians hurled themselves at the enemy's lines in such overpowering numbers that the first-line trenches held by the Germans were penetrated with astonishing ease. The few German soldiers who recovered from the shock of the assault and forty-five machine guns also were quickly overwhelmed.

So overwhelming was the Russian attack in the region south-west of Lake Narocz, where Petrograd claims the greatest successes in the new drive, that an enormous number of prisoners and a vast amount of booty

were taken by the attacking forces. Furious fighting is continuing along this whole line. The Germans, speedily rallying from the first Russian onslaughts, are launching counter-attacks in rapid succession in an attempt to win back the lost positions. Unless the Russians can be checked immediately at the vital points where their first thrusts have succeeded, it is believed that their whole line in the northern sector will be greatly endangered.

Russians Strike Two Blows.

London, July 9.—Two heavy blows were delivered against the Teutonic battlefront in the east yesterday by the Russians.

The first was the capture of two important villages in the drive on Kovol. The second was the capture of Delatyn, an important railway junction through which the Austrians had supplied their armies at Stanislaw and Tarnopol, protecting Lemberg. Several days ago Russian troops cut the Delatyn Railway, west of Kolomea, but not until yesterday did they occupy the junction city.

Heavy fighting continues between the Stokhod and the Styk Rivers. Petrograd officially announces today that the Teutons are retreating in great disorder on the Lower Stokhod, where the Czar's troops took 12,000 unwounded prisoners, including 300 officers, guns of heavy and small calibre and forty-five machine guns also were captured.

By the capture of the villages of Golevitchi and Kacheva the Russians have further imperilled the Germans' hold on Kovol. In the event Kovol falls, military experts declare, the entire front northeast to Baranovichi in order to straighten out their lines.

\$25,000,000 PLANT WILL BE ERECTED

United States Steel Corporation Plans for Works at Ojibway.

A despatch from Ottawa says:— That erection would start immediately of the big steel plant which the United States Steel Corporation plans to erect at Ojibway, near Windsor, Ont., was the statement made by Mr. Wallace Nesbitt, K.C., on Friday. Mr. Nesbitt was in the city arranging certain departmental matters in connection with the going ahead of the work. The company over two years ago secured a large tract of land at Ojibway, but little has been done up to the present. It is understood that the plant to be erected will cost about \$25,000,000.

RISING AGAINST THE AUSTRIANS

A despatch from London says:— The London Times understands that a rising against the Austrians has broken out in Montenegro. Its leaders is a former War Minister, upon whose head the Austrians set a high price. The Montenegrins who have risen have taken to the woods parts of the country. The rising is prompted by the destitution in which the inhabitants have been left by Austria.

TEUTONS LOSE 500,000 MEN IN THE RUSSIAN CAMPAIGN

German and Austrian Soldiers Captured, 230,000—Officers, 4,500—Wounded 200,000 to 220,000.

A despatch from Petrograd says:— Nearly half a million Austrians and Germans have been put out of commission since General Brusiloff began his great advance a month ago. The grand total of prisoners to date is in round numbers 225,000, of which 4,500 are officers.

The War Office announced the further capture of more than 10,000 Teutons, of whom 5,000 were taken on the Danube front.

Without the actual figures regarding the dead and wounded, careful estimates by military experts, based on the best information, place the

latter at 200,000 to 220,000. The Austrians predominate overwhelmingly among the prisoners, but among the dead and wounded it is said that a fairly large percentage are Germans. The losses in stopping the Russian advance on Kovol and in counter-attacks made in solid ranks were enormous. The booty captured reaches incalculable figures. It is judged that 250 guns of various sizes and upwards of 700 machine guns would be a conservative estimate. In addition, large quantities of munitions, supplies and telephones have fallen into the hands of the Russians.

The Earl of Derby, director of recruiting, has been appointed Under Secretary for War.

PRESIDENT OF FRANCE REVIEWS THE RUSSIANS. One of the outstanding figures in the present great war, is President Poincare. "Calm, dignified—the elected head of a great republic, cruelly tried in the great strife, M. Poincare presents a picture for admiration. The Russian Ambassador to France, and a French general are with Poincare in the picture.—(London Daily Mirror photo.)
