## DEUTSCHLAND LEAVES PORT

Sub Freighter Left Baltimore Last Night Between Five and Six.

Baltimore, Md., Aug. 2.—The Deutschland, German submarine freighter, and the first merchant undersea boat to cross the Atlantic Ocean, bade farewell to Baltimore yesterday afternoon.

It was just 5:38 o'clock when the lines were thrown off the boat and the craft was towed from its berth at the foot of Andre Street, Locust Point, amid the cheers of a small crowd and the blast of whistles from the small water craft surrounding. The U-boat was painted a sea green. This was done during the last few days. In irregular lines across the white, the foot channel of a dirty white, and when the boat reaches the spot where the waters are deep and green it will be impossible to distinguish her once she submerges.

Captain Koenig, clad in white, stood alone in the conning tower. Finally two of his officers joined him in the tower, and after the craft was started on its way in Baltimore's city, the foot channel of the lines of the ships conveying it were cast aside and under her own steam the Deutschland started down the gauntlet of allied warships on Hampden Roads. The crew aboard the vessel was the same to a man as when she came to this port. Gustav Prusse, who came from Germany with the Deutschland as supercargo, did not return, however. The belief is that he is here to await the arrival of the Bremen and to care for her engines if it is found that any care is necessary. Everything which was taken aboard the submarine was tested, even to the crude oil. This latter was run through a sieve and tested by German chemists before it was taken aboard.

In the morning the river leading out into the channel for a mile from the moorings of the Deutschland was drafter.

Paul Koenig, just before departing, said:

"We shall have to pass unseen within that radius in order to escape. We shall have to make a passage under conditions not entirely advantageous to us. Were the water at that point 150 feet deep it would be easier. We could submerge deeply enough to pass underneath the warships. The water there is not 150 feet deep. We shall, therefore, have to pass between the warships."

### BILLION DOLLAR CROP EXPECTED

After a thorough canvass of various points throughout Western Canada, Dr. McGill of the Dominion Grain Commission, is quoted in Calgary as saying that Alberta would have a crop as good as last year, that the Dominion would have a billion dollar grain crop and that the grain crop of the three Prairie provinces would be little, if any, behind that of last year.

"The country as a whole never looked better than it does at present," said Dr. McGill. "The weather was made to order, as you might say, and I am of the opinion that this year's harvest will be another wonderful one."

Those who contemplate going West will do well to remember that the most fertile districts in Western Canada are served by the Union dollar C.N.R. and that this season they can travel from their home districts to destination Canadian Northern all the way.

### SAYS DEUTSCHLAND DID NOT CROSS OCEAN

Paris, Aug. 2.—London Daily Telegraph dispatch.—According to Havre news, the men on board the Deutschland is even a greater bluff than appears.

It is believed the submarine never navigated the Atlantic, but was shipped in parts aboard neutral vessels which called at unfrequented American ports.

There the parts were put together and when the submarine floated she was laden with aniline dyes and triumphantly sailed for Baltimore within the three mile limit.

### LABOR TROUBLES.

By Special Wire to the Courier.  
San Antonio, Tex., Aug. 1.—A general strike of all affiliated labor unions in Mexico City occurred Sunday morning according to messages received to-day by Mexican Consul-General. The men are demanding pay on a gold basis inasmuch as all business houses are operating on a gold basis. The Tramways, electric light and power and mining district employees are out and operations are suspended. The message said.

### WATER WORKS NOTICE

The Water Commissioners feel that owing to the enormous consumption of water at the present time and the excessive heat that while every precaution has been taken, it would be safer in the interest of public health that the City water should be boiled before being used.  
FRED W. FRANK, Secretary.  
Board of Water Commissioners.

"Would you like a little more off, Sir?"—London Opinion.

### WOMEN'S INSTITUTE

On the beautiful lawn of Tranquility school, St. George road, under the auspices of Moyle-Tranquility Women's Institute, a very successful military lawn social was held last night, and was of a very high standard. The evening was thoroughly enjoyed by the large number present. Supper was served from 6 to 8 by Mrs. R. Crichton and her assistants. The candy and flower wheel was conducted by Mrs. F. Crawford, the fortune telling booth by Mrs. M. Clump, the fish pond by Miss Kate Barrie, and a good business was done in ice cream and melons.

Through the kind permission of Lieut.-Col. Cocksbutt, music was furnished by the band of the 215th Battalion, and the speakers included W. G. Raymond and Capt. S. E. Keagney. A song was rendered by Mrs. Savage and Sgt. Oldham. Miss Marion Pottruff gave some splendid readings in her usual pleasing manner. The proceeds amounted to about \$170, and will aid in the purchase of a field kitchen for the 215th overseas battalion.

### LONDON, AUG. 2, 1 P.M.

The night we continued the work consolidating the ground which had gained and in opening up communication trenches" says the official statement, issued to-day. "Our guns were ordered and enemy's artillery retailed during the evening along our front from Maltz Farm to Longueval on the Woods of Mammetz, court and Beccourt and the vicinity of Pozieres."  
This fire slackened off at dawn. The enemy exploded a small gas shell. It caused no casualties and did little damage.  
Gains Near Verdun.  
Bulletin, Paris, Aug. 3.—1 p.m.—North of the river Somme several German attempts have been made against the French position on the eastern bank of the river. These attacks were repulsed, it was officially announced by the French report this afternoon.  
French troops organized their positions between Moncu Farm and Chem Wood.  
South of the Somme a German counter attack south of Estrees was repulsed.  
Several violent German counterattacks on the trenches taken by the French yesterday on the right of the river Meuse, the state adds, were everywhere repulsed the screen of infantry fire. In the region, which is north of the town of Verdun, the French made substantial progress to the south. Fleury. Since the first of August the French have captured 1,100 Germans on this bank of the river.
