The Universal Medal Winner.

It is adapted to any and all kinds of Grain.

It is the most Easily Operated—is the Simplest—is the Lightest Running—is the Cleanest Cutting—is the Most Durable.

Self-Binder in the World.

Can be Adjusted to any Height of Grain in an Instant—is practically Single-Geared—will make any sized Sheaf desired—the Knotter can be adjusted to use either Hard or Soft Twine.

Though we will have made 5,000 of these famous Torontos for the Harvest now at hand, they are nearly all sold, and **Notice is hereby Given** that only those who place their orders at once can depend on getting one.

**The Massey Manufacturing Co.,
Toronto, Canada.**
