## UQTR squeaks by Yeomen

by Josh Rubin

It sure didn't help the Meech Lake Accord. Last Saturday, the hockey Yeomen played their last home game of the season against the Patriotes of the Universite de Quebec a Trois Rivieres (UQTR). It was a closely matched and chippy affair between two of the top teams in the OUAA's strong Eastern division, with the Patriotes coming out on top in overtime 4-3.

UQTR opened the scoring early, at 1:23 of the first period, when some good work in the corners allowed team captain Serge Breton to put it past startled Yeoman Willie Popp.

Popp kept the UQTR lead at one, with some sensational saves, including one on a breakaway by speedy UQTR forward Jean Bergeron.

The unlucky Bergeron was foiled several more times in the second period, at one point missing a wide open net.

The Yeomen, having tied the game late in the first period, came out hitting in the second. Referee Ralph Sparks didn't like some of what he saw, handing out several roughing penalties. One particularly rambunctious Yeoman, team captain Mike Futa, was handed three minors in the first two periods alone.

After the Patriotes went up 2-1 on a strange looking shot that dropped in over Popp's shoulder, York came back with two goals in 2:40 midway through the second period, which ended 3-2 for York.

In the third, the Yeomen continued their strong hitting and it looked as though they would hold on for the win. Late in the period, though, a slapshot from Breton eluded Popp. The game went into overtime and, for most of two minutes, neither team had any good chances.

But one good chance was all UQTR needed to put the game away. The Yeomen, who had been doing a good job of clearing the front of the net all game, let one get away from in close on a beautiful passing play by the Patriotes, who were happy to take the two points.

York coach Graham Wise seemed satisfied with his team's effort, however, "[they] just got caught on the wrong end of a

great game." Wise's counterpart with UQTR, Clement Jodoin, agreed with Wise, and also felt his team was prepared for a tough game.

"York is one of the best teams in this league, and the boys were looking forward to playing them," said Jodoin. "Our intensity level, which has really picked up, helped a lot."

Along with their win over Ryerson the day afterwards, the Patriotes have caught up with the Yeomen in OUAA East division standings. This Wednesday the Yeomen visit the league-leading Laurier Golden Hawks and, on Friday, they play arch-rivals UofT Varsity Blues. Friday's game is at 7:30pm at Varsity Arena.

York defender Ian Ferguson dumps the puck into the UQTR zone during the Yeomen's 4-3 loss.

### COME IN FOR A HALF HOUR VACATION

Close your eyes, relax and imagine yourself on a remote tropical island paradise — Get up to a beautiful all-over tan.

#### GUARANTEED:

The beauty of a healthy tan all year round with our safe, gentle "UVA Tanning System." In just minutes a week you can acquire and maintain a beautiful all-over tan in total privacy and comfort.

#### SAFE:

UVA Tanning Systems eliminate the dangerous rays of sunshine; allow less than 1/2 of 1% of the burning rays — just enough to activate the tanning process but not enough to burn; and magnify the tanning rays (UVA) that are not only safe but greatly beneficial.

Note: All Summer Sun Tanning Beds are equipped with built-in higher intensity facial units.

(South side of Finch between Keele and Dufferin)

### STEPS FROM YORK UNIVERSITY

#### NATURAL:

A Summer Sun Safe Tan is a totally natural process; there is nothing foreign or chemical added to your body — the only thing that determines how dark a tan you will have is the number of colour cells under your skin. We all have these colour cells in varying amounts, but they do not do much until they are stimulated by ultraviolet light. They then produce melanin, the pigment that darkens with U.V.A. light to produce a natural soft-skin tan.

#### HEALTHY:

Exposure to ultraviolet causes physiological benefits that are essential to our well being.

1. Improves blood circulation.
2. Increases red blood cell production.
3. Increases amount of oxygen carried to all parts of the body including the heart, lungs, brain and body extremities.
4. Body wastes are disposed of more efficiently.
5. Uric acid in the blood stream is dissolved.
6. Temporarily decreases high blood-pressure.
7. Increases resistance to disease and infection.
8. Temporarily relieves pain and discomfort of arthritis.
9. Ultraviolet is a well known treatment for symptoms of psoriasis, acne, oily skin, etc.
10. A great source of vitamin D<sub>3</sub> essential for stronger bones.
11. **WE LOOK BETTER — WE FEEL BETTER.**
