

The location of the Hill - capital expenditure
to be in line of annual grant.

Reasons in introduction present - same as

Observation on the Hill to be used and built

What this would have meant in view of existing
improvement
Dorron's need now of you is really of city -
present vs future cost - how or when
views of Commission
cooperation of city.

Wider extent improvement possible

Cooperation of city -

Nature - extent of

Proposed treatment of Park area.

Plan etc -

~~Part fields of ground should be reserved for future
development for purpose of building for future use~~

Officers in office

- (1) Officers employed by members at last session
- (2) Officers " Commission - Provincial Conference
- (3) Question of form of Council
- (4) As a condition must recommend Federal Plan
Commission 1963-65

Capital vs Municipality

Responsibility of making adequate provision for future
Ottawa 1967 - thought of capital or capital
2 provisions 6-9. - major future

Dorron impact of port. - narrow street

Insistence of foreign at branch station - in port
business along
river

Natural advantage of Ottawa as Capital

Reasons - Ottawa, reduce, future cost

What should be done - widening street

Federal District Commission - collecting river bank
National Post
Federal District Commission - a ref. to
what has been done elsewhere.
