

RESPONSIBILITY.

WHY teach responsibility
For *bad* alone? Each man should be
Responsible for *good* that he
Can do to make the world more free
From evil, and reveal his light
To make some shadowed spot more bright.

Work not because the night is near,
But work to make new light more clear.
Each victory that man has won,
Revealed new duty to be done,
And help him upward towards the height
To wider view, and clearer light.
