**TO PROPRIETORS AND LESSEES OF
SAW MILLS.**
THE Subscribers respectfully inform the
gentlemen connected with Saw-Mills,
that in the fall of the last year they received
a very large assortment of
MILL SAWS,
4, 5, 6, 7, and 7 feet,
MANUFACTURED BY
THE BEST REFINED CAST STEEL.

Having been at considerable pains to obtain
a good article, they are gratified in being able
to state that success has followed their endeavours
to support which assertion, reference can be had
to several establishments in Lower Canada, or to
the fact, that of SOME HUNDREDS of their SAWS,
that were in use during the last summer, NOT ONE
HAS BEEN RETURNED, although the parties were at
liberty to do so if they had proved bad.
Orders punctually executed, and forwarded
to any part of British North America.
JOHN SHAW & CO.

J. S. & Co. would remark that all their
Saws are marked thus—*J. Shaw & Co., Quebec*—
warranted cast steel, and if any of them should
be found bad, on their being returned, others will
be given in lieu thereof.

MORISON'S UNIVERSAL MEDICINE.
NOTICE.
THE Subscribers, general agents for Morison's
Pills, have appointed William Whitteker, Sub-Agent
for the Upper Town, No. 27, St. John Street.

LEGGE & CO.
That the public may be able to form some
idea of Morison's Pills by their great consumption,
the following calculation was made by Mr. Wing,
Clerk to the Stamp Office, Somerset House, in a
period of six years, part only of the time that
Morison's Pills have been before the public, the
number of stamps delivered for that medicine
amounted to three million, nine hundred and
one thousand.
The object in placing the foregoing powerful
argument in favour of Mr. Morison's system, and
to which the public attention is directed, namely,
that it was only by trying an innocuous purgative
medicine to such an extent that the truth of the
Hygeian system could possibly have been established.
It is clear that all the medical men in England,
or the world, put together, have not tried a system
of vegetable purgation to the extent and in a
manner prescribed by the Hygeists. Now, therefore,
can they (much less individually) know anything
about the extent of its properties.

THE real and substantial advantages afforded to
the Assured by well regulated Establishments for
the Assurance of Lives, and the sound basis on
which these institutions are founded, are proved,
incontestably, by their complete and continued suc-
cess, and by the remarkable fact, that, in no one
instance, have they ever failed in their engagements,
in consequence of an exhaustion of the Funds pro-
vided to meet the claims. So decided and so man-
ifest are the benefits resulting from the system of
Life Assurance in general, both in regard to the
Provision it affords to Families in the event of pre-
mature death, and the Security it gives to Creditors
for debts otherwise irrecoverable, that with every
increase of information and intelligence, there ap-
pears to be excited, on the part of the Public, an
increased desire to participate in its protective ad-
vantages. No sound and unerring also are the prin-
ciples on which Life Assurance Companies are based,
that neither commercial difficulties and dis-
trust on the one hand, nor pestilential maladies on
the other, have ever yet affected their stability or
impeded their successful progress.

ASSURANCES MAY EITHER BE EFFECTED BY PAR-
TIES OF THEIR OWN TEND, OR BY PARTIES INTER-
ESTED THEREIN ON THE LIVES OF OTHERS.
The effect of an Assurance on a person's own
life is to create at ONCE a Property in Reversion,
which can be BY NO OTHER MEANS so realized.
Take, for instance, the case of a person at the
age of Thirty, who by the payment of 43 2s. 4d.
can become at once possessed of a bequeathable
property amounting to £1000, subject only to the
condition of his continuing the same payment
quarterly during the remainder of his life, a
condition which may be fulfilled by the mere sav-
ing of EIGHT SHILLINGS weekly in his expendi-
ture. Thus, by the exertion of a very slight de-
gree of economy—such, indeed, as can scarcely
be felt as an inconvenience, he may at once real-
ize a capital of £1000, which he can bequeath or
dispose of in any way he may think proper.
Assurances may be advantageously effected on
the lives of others, either for the purpose of secur-
ing loans or debts, or in any case where the party
has an interest in the life of another, so as to be
in any way prejudiced in the event of his decease. To
creditors a Policy of Assurance affords a certain,
and in many cases the only means of security—
The debtor is too frequently unable to pay the pre-
mium for an Assurance on his life; and the credi-
tor, to whom security is the main object to be re-
garded, may make the payment of such Premium
the condition of his forbearance in not insisting
upon the immediate payment of his demand. In
the same manner the circumstances and prospects
of a borrower, and the nature of the security he has
to offer, are frequently such as to render it abso-
lutely necessary for an Assurance to be effected on
his life, in order to enable the lender safely to advance
the amount required.
In addition to the published rates, an extensive
set of Tables has been computed for Assurances;
also for Reversionary Annuities, Endowments for
Widows and Children, and for every possible con-
tingency affecting human life, against which it may
be prudent or expedient to provide.

AMONG OTHERS, THE FOLLOWING IMPROVEMENTS
ON THE SYSTEM USUALLY ADOPTED, ARE RE-
COMMENDED TO THE ATTENTION OF THE PUBLIC:
—
A Table of increasing rates of Premium on a son
and remarkable plan, peculiarly advantageous in
cases where Assurances are effected by way of se-
curing loans or debts, & less immediate payment
being required on a policy for the whole term
of life than in any other office; and the holder hav-
ing the option of paying a periodically increasing
rate, or of having the sum assured diminished ac-
cording to an equitable scale of reduction.
Officers in the Army or Navy, engaged in ac-
tive service, or residing abroad, and persons afflicted
with Chronic Disorders not attended with im-
mediate danger, assured at the least possible addi-
tion to the ordinary rates, regulated in each case
by the increased nature of the risk.
Ladies and others to whom it may be inconve-
nient to appear at the office, will be visited at their
own houses, by one of the Medical Officers.

All claims payable within ONE MONTH after
proof of Death.
No proof of Birth is required at the time a claim
is made; the Age of the Assured, being in every
case admitted in the Policy, cannot, under any
circumstances, be afterwards called in question.
Policies effected by parties on their own lives
are not rendered void in case of death by duelling,
or the hands of Justice. In the event of suicide, if
the policy be assigned to a bona fide Creditor, the
sum assured will be paid without deduction; if the
policy be not so assigned, the full amount of Pre-
miums received thereon will be returned to the
family of the Assured.
Policies having become forfeited in consequence
of the non-payment of the renewal Premiums, may
be revived without the exaction of a fine, at any
time within twelve calendar months, on the pro-
duction of satisfactory evidence relative to the state
of the health of the Assured, and the payment of in-
terest on the Premiums due.
By these and similar Regulations, many of which
are peculiar to this Establishment, it is presumed
that the important object has been attained of re-
ndering a Policy of Assurance as complete an Instru-
ment of Security as can possibly be desired.

THE Subscriber having been appointed Agent
to the above Company in this City, is prepa-
red to receive proposals—and to give the requisite
information as to the mode of effecting Assurances.

CALEDONIA SPRINGS
TESTIMONIALS.
HEREBY certify, that I have been acquainted
with the medicinal virtues of the Caledonia
Springs, for the last ten or twelve years, during
which period I have known numerous instances of
the efficacy of those waters in various kinds of
disease. In particular, the most obstinate cases of
dyspepsia have been radically cured by the use of
those waters; of which my own individual case is
a striking example; and I have not known a single
case of failure in this particular.
These Springs also possess powers of the highest
order, in renovating impaired constitutions, and
restoring the tone of the system where it has been
deranged by warm climates, improper diet, or any
other injurious cause.
DAVID PATTER,
Judge of the Surrogate Court,
District of Ottawa.
West Haverbury, U. C.
August 11th, 1836.

It is with the greatest pleasure that I can testify to
the inestimable qualities of the Caledonia Springs,
at which place I arrived on the 1st of August 1837,
completely crippled with the Rheumatism and suffer-
ing for several weeks previous to my leaving
Montreal the most acute pains and prostration of
strength. I have used the waters freely, both by
drinking and the sitting for fifteen days, and the
result has been satisfactory in the highest degree.
I therefore recommend them to suffering humanity,
as being in my humble opinion, (from what I
have seen and experienced) the most valuable me-
dical waters in America; and I have only to add
my regret, that they are not known to thousands of
invalids, who by visiting the waters, or partaking
of them, might be restored to health as I have
been.
