Enjoy the Entertainment Furnished by the

BERLINER GRAM-O-PHONE

FOR HOME ENJOYMENT YOU CANNOT POSSIBLY
CONCEIVE ITS WONDERFUL POWER.

No instrument or invention of modern times has ever attempted to rival the Berliner Gram-o-phone. It reproduces faithfully the most delicate strains of music, whether it be a solo or full band or orchestral accompaniment; in reproducing songs, one almost imagines the individual presence of the performer.

AS AN EDUCATOR The Berliner Gram-o-phone stands without a peer—it enables every family to listen to and cultivate a taste for the masterpieces of music, in every instance produced specially for the Berliner Gram-o-phone by the leading artists in the musical world.

SUPERIOR TO A PIANO. No one will deny that it is far more pleasure to listen to the perfect strains of a Berliner Gram-o-phone, almost nominal, and from an entertainment point of view, the superiority of the Berliner Gram-o-phone—universally conceded.

THE RAZOR STEEL, SECRET TEMPER, CROSS-CUT SAW.

We take pleasure in offering to the public a saw manufactured of the finest quality of steel, and a ten per which toughens and refines the steel, gives a keener cutting edge, and holds it longer than by any process known. A saw to cut fast "must hold a keen cutting edge." This secret process of temper is known and used only by ourselves. These saws are elliptic ground thin back, requiring less set than saws now made perfect taper from tooth to back. Now, we ask you, when you go to buy a Saw, to ask for the Maple Leaf, Razor Steel, Secret Temper Saw, and if you are told that some other Saw is as good, ask your merchant to let you take them both home, and try them, and keep the one you like best. Silver steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand. It does not pay to buy a saw for one dollar less, and lose 25 cents per day in labor. Your Saw must hold a keen edge to do a large day's work. Thousands of these Saws are shipped to the United States and sold at a higher price than the best American Saws. Manufactured only by
