A Farmer's Testimony

Colchester, January 14th, 1894.
McClary Manufacturing Co., London, Ont.:

Gentlemen,—I have a Cook Stove of your make; it is called the Improved Hercules; J. & O. McClary; Patented 1862; No. 8; it has been in use over 30 years steady, and it is as good as it ever was, with the exception of fire back and grate, and some of the lids are cracked. I would like to know if repairs can be got for those kind of stoves yet, and if you have the same kind of stoves yet, and what would be the price of repairs by piece, and price of stoves, if any, on hand. They cannot be excelled for baking and heating purposes.
Yours truly,
JOS. BORING, Colchester, Ont.

... VERY DELIBERATE. ...

The Lake Shore & Michigan Southern R. R. Co. took a "flying trip" to the World's Fair, but didn't have time to decide on the fence question. In fact, they took SEVEN YEARS to investigate the PAGE FENCE before deciding to adopt it for use on their entire line. Besides testing it for five years, the Chief Engineer and Div. Engineers made special trips, travelling hundreds of miles to inspect the first fences built (some serving on second set of posts), and questioning owners on every point. The first order was received April 20th, and probably 150 miles will be used during the season. Elasticity "is in it."
