THE WESTHER. — We have bud a few days unusually cold this week, much colder then any we have had during the winter. In the City, last Tuesday evening, the thermometer ranged from 17° to 29° below Zoro; and in rederiction, on the same day, it is stated to have been from 32 to 85° below Zero. After this inverse cold had hasted for three days, it moderated on Thursday morning, since which time it has been delightfully mild, slmost like summer. We must lay out, however, for a few more cold days yet before the winter is over .- 15.

Carpenters' wages are \$15 to 20 dollars per day, and a meeting has been called this evening to Taise the wages; I get \$12 per day for what I can do, and that is not much, but I can learn. Labourer's wages are \$12; Board and Lodging \$15 to \$20 per week; Clothing of all kinds is high, but a man wants very little clothes here and them all woollen, Lumber sold yesterday for \$400 per Thousand, and House Frames such as would cost \$200 at home, sell here readily for \$3000, and very bard to be got at that price. I myself live in a tent, and get my meals as I want them, I have to pay 75 cents for a single meal; Lodging for one night is \$1 50 cents, -in fact every thing is high. Washing \$5 per dozen, but i do my own washing and

mending. As for the Gold Diggins, there is no mistake there is plenty of it here, and will be for some time to come. As soon as I carn enough to buy me a Pick and Shovel, and Goldwasher, and some provisions, I intend to go to the mines, and I am not afraid of returning home a rich man.
