ANOTHER IMPORTANT ADVICE FROM McBEAN BROS.

The last letter we issued in this paper was dated September 28th. Since that date wheat has advanced to \$2.00 and oats to 65 cents. The last few weeks' prices have declined, but this is only a natural reaction. We are looking for our wheat to sell at above \$2.00 later on. Oats before another crop is harvested we feel will sell at around 85 cents. There is nothing in the situation to warrant lower prices before another crop is harvested, and even then you need not look for very low prices. We figure that our low grade wheat is entirely too low compared to the higher grades, but these prices will adjust themselves after the beginning of the New Year. We strongly advise farmers not to sell a bushel of their wheat and oats until the beginning of the year, or until wheat is around \$2.00 and oats around 75 cents to 80 cents.
Flax and Barley are fairly high now, but we think both these cereals will go higher. We are Commission Merchants and would like a share of your grain this year. Give us a trial, ship your grain to Fort William or Port Arthur; advise McBean Bros., Winnipeg, Man., so that we can look after the grading. We make big advances on each car of grain. Write us any time for market information.
